60908

16. *STH 23 Enumeration.* Enumerate STH 23 between Fond du Lac and Plymouth in Fond du Lac and Sheboygan counties as a major highway development project.

17. *State Highway Rehabilitation - Eligible Projects.* Specify that the cost to maintain or replace pavement marking and the cost to operate, maintain or replace highway signs, traffic signals and highway lighting may not be paid through the state highway rehabilitation program unless such activities are done in conjunction with a resurfacing, reconditioning or reconstruction project on a state trunk highway. Under this item, the cost of these activities would have to be paid from the budget for the state highway maintenance and traffic operations program.

60910

18. *Stormwater Regulation Costs.* Require DOT to allocate \$750,000 in 1999-00 and \$850,000 in 2000-01 from the major highway development program and \$4,900,000 in 1999-00 and \$5,400,000 in 2000-01 from the state highway rehabilitation program for costs related to complying with stormwater regulations. Decrease funding by \$1,800,000 SEG in 1999-00 and increase funding by \$1,800,000 SEG in 2000-01 for the state highway rehabilitation program.

RA - 60310

61014

19. *Purchase of Real Estate, Easements or Development Rights.* Prohibit DOT from purchasing land, easements or the development rights to land, or reimbursing local governmental units or private entities for the purchase of land, easements or the development rights to land from the appropriations for the state highway program unless both of the following apply: (a) the purchase is done in conjunction with a current or proposed highway improvement project; and (b) the land is within one-quarter of one mile of the highway being improved. Specify that this provision would not apply if either of the following apply: (a) the purchase of land is done for the purposes of establishing or expanding a wetland to mitigate the destruction of wetlands by highway improvement projects; or (b) the purchase of land, easements or the development rights to land or the reimbursement of local units of government or private entities for the purchase of land, easements or the development rights to land is done in compliance with an agreement between DOT and other parties related to a highway improvement project, if the agreement was signed by the parties prior to the effective date of the bill.

6911

20. *Contracting of Projects by Local Governments.* Delete a current law provision that permits DOT to designate the governing body of a city, county, village or town as its agent on behalf of the state to perform the bidding and contracting responsibilities associated with a highway improvement project.

RCF? Budget Act

Liability for highway petroleum

21. *Liability Exemption for Public Works Contractors Using Recycled Materials in Public Works Projects.* Specify that any person (defined as an individual, owner operator, corporation, limited liability company, partnership, association, municipality, interstate agency, state agency or federal agency) is immune from any and all liability associated with the use of special waste (defined as any solid waste that is characterized for beneficial use in public work projects by the Department of Natural Resources) in public work projects (defined as any work done under contract with a state agency or local governmental unit) or from damages resulting from the person's actions or omissions relating to the special waste, provided that all of the following apply: (a) the acts or omissions by the person occurred while performing work under a contract for a public work
