## Summary

Currently, with certain exceptions, public works contracts with a political subdivision, metropolitan sewerage district or local exposition district are generally required to be awarded to the lowest responsible bidder.

\*

This amendment requires the Department of Administration for state construction projects or the secretary of Transportation with respect to transportation-related projects, a school board, the governing body of a political subdivision of this state (a city, village, town or county), a metropolitan sewerage district, a local exposition district or a local professional baseball park district, to ensure that the specifications for bids and contracts for their public works projects do NOT: 1) require any bidder, contractor or subcontractor to enter into or adhere to an agreement with any labor organization concerning services to be performed in relation to the project or a related project; 2) discriminate against any bidder, contractor or subcontractor for refusing to enter into or continue to adhere to an agreement with any labor organization concerning services to be performed in relation to the project or a related project; 3) require any bidder, contractor or subcontractor to enter into, continue to adhere to or enforce any agreement that requires its employees, as a condition of employment to: a) become members of or become affiliated with a labor organization; b) make payments to a labor organization, without the authorization of the employees, exceeding the employees' proportionate share of the cost of collective bargaining, contract administration and grievance adjustment.
