We proofed the list and found the following:

The following LRB draft is IN and should be on your list:

b1132

The following LRB drafts are duplicates with another:

B0945 is a duplicate with 1403 (so b0945 should be removed)  
B1410 is a duplicate with 1404 (so b1410 should be removed)

This is the in-list we plan on using for the compile. Please proof it as soon as possible and let me know if there are any changes. It is based on the SDC in-list that was provided to us earlier this evening.
