Amendment # 3

**WORKFORCE DEVELOPMENT - EMPLOYMENT, TRAINING AND VOCATIONAL
REHABILITATION PROGRAMS****Division of Vocational Rehabilitation Reorganization****Motion:**

Move to require the Department of Workforce Development to complete a plan for reorganizing the Division of Vocational Rehabilitation (DVR) that would include a reduction in program assistant supervisory staff. Require that the reorganization plan be submitted to the Secretary of Workforce Development. The plan should reduce the number of program assistant supervisors by reclassifying them as program assistants to provide increased support to counselors. As program assistant and program assistant supervisor positions become vacant, DVR should consider converting these positions into rehabilitation counselor positions or other direct service positions in areas with high caseloads. The decision to convert positions will be based on local management and labor input. The intent is to ensure local flexibility in providing timely and responsive services to DVR consumers.

WORKFORCE DEVELOPMENT -- EMPLOYMENT,
TRAINING AND VOCATIONAL REHABILITATION PROGRAMS

Division of Vocational Rehabilitation Reorganization
[Paper #175]

Motion:

Move to require the Division of Vocational Rehabilitation to complete a plan for reorganizing the Division that would include a reduction in supervisory staff, conversion of excess vacant supervisor positions into rehabilitation counselor or support positions and additional support for counselors. Require that the reorganization plan be submitted to the Secretary of Workforce Development. Require any plan approved by the Secretary to include a provision that would reclassify program assistant supervisors as program assistants to provide increased support to counselors and that as program assistant positions become vacant because of the reorganization they be converted into rehabilitation counselor positions in regions with high caseloads.

Supervisor

Note:

The Division of Vocational Rehabilitation is currently developing a plan to reorganize the Division. DVR intends to complete the plan and submit the plan to the Secretary of Workforce Development for approval. This motion would require the plan to focus on reducing supervisory personnel and providing more support to rehabilitation counselors. The plan would have to be submitted to the Secretary of Workforce Development. The plan approved by the Secretary would be required to reclassify program assistant supervisor positions as program assistants to provide support to counselors.

Per the instructions, this amendment, like the nonstatutory provision that it replaces, does not require DVR to reorganize per the plan that it develops. Also, I do not know to what "local management and labor" refers. Local management of what? What labor force?
