1999 SENATE BILL

1 **AN ACT to create** 49.147 (5m) of the statutes; **relating to:** technical college for
2 certain Wisconsin works participants.

Analysis by the Legislative Reference Bureau

Currently, under the Wisconsin works (W-2) program, a W-2 participant who is placed in a community service job or transitional placement may be required to work for a certain number of hours per week to qualify for a full monthly grant.

This bill permits a W-2 participant in a community service job or transitional placement to elect to participate in a self-initiated technical college education program as part of the community service job placement or transitional placement if it is determined that the program is likely to lead to employment. Under the bill, the W-2 participant must maintain full-time status in the technical college education program and must be employed or engaged in a work activity under a community service job or transitional placement for at least 15 hours per week. The bill prohibits a W-2 agency from requiring the W-2 participant to work more than 15 hours per week, however. The bill also limits participation in a technical college education program to the lesser of the duration of the program or two years.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
