Motion:

Move to require an agreement between a local governmental unit and the operator of a proposed mine to provide that the agreement is subject to amendment at the request of either party if additional information relevant to the issues addressed in the agreement is obtained after the agreement takes effect but before the hearing held by the Department of Natural Resources (DNR) on whether to issue a permit for the mine. Further, apply this provision to an agreement between a local governmental unit and the operator of a proposed mine that takes effect before enactment of the budget and DNR has not issued or denied the permit for the proposed mine.
