Solid Waste Management – Landfill Cleanup Study (LRB 1500/1)

Require the DNR to enter into a contract to identify all landfills in the state eligible for assistance under 292.60 Wis. Stats. (as created by this LRB), estimate the cost of remedial action and identify potential funding mechanisms for funding that remedial action. *DNR Scoping Document established funding for study at \$200,000 and requested that the money be set aside from the Environmental Repair Fund. Estimate based on similar project conducted by Minnesota Pollution Control Agency.*

1999 BILL

1 **AN ACT** *to amend* 20.370 (2) (dh) and 20.866 (1) (u); and *to create* 20.370 (2) (dr),
2 20.370 (7) (cq), 20.866 (2) (th), 289.645 and 292.60 of the statutes; **relating to:**
3 grants to political subdivisions for landfill cleanups, a municipal landfill
4 cleanup fee, granting bonding authority, granting rule-making authority and
5 making appropriations.

Analysis by the Legislative Reference Bureau

This bill establishes a program under which the department of natural resources (DNR) awards grants to reimburse political subdivisions (cities, villages, towns and counties) for a portion of the costs of investigating and remedying environmental pollution caused by landfills owned by political subdivisions. A grant may not exceed 50% of the eligible costs that a political subdivision incurs or \$2,000,000, whichever is less. A political subdivision that receives a grant must reimburse DNR for the costs DNR incurs in evaluating the political subdivision's application and making the grant to the political subdivision.

The bill provides \$10,000,000 in general obligation bonding authority for the grant program. This bill also imposes a 30-cent per ton municipal landfill cleanup fee on solid waste disposed of at municipal waste landfills. A municipal waste landfill is a landfill that does not accept hazardous waste and that is not designed exclusively for the disposal of specified types of industrial waste.

BILL

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 20.005 (3) (schedule) of the statutes: at the appropriate place, insert the following amounts for the purposes indicated:

	1999-00	2000-01
20.370 Natural resources, department of		
(2) AIR AND WASTE		
(dr) Solid waste management —		
landfill cleanup	SEG A	-0- 180,000

SECTION 2. 20.370 (2) (dh) of the statutes is amended to read:

20.370 (2) (dh) *Solid waste management — remediated property.* All moneys received under ss. 292.11 (7) (d) 2., 292.13 (3), 292.15 (5), 292.21 (1) (c) 1. d., 292.35 (13) ~~and~~, 292.55 (2) ~~and~~ 292.60 (4) for the department's activities related to the issuance of determinations under s. 292.13 (2), remedial action cost recovery under s. 292.35 ~~and~~, remediation of property under ss. 292.11 (7) (d), 292.15 (2) and (4) and 292.55 (1) ~~and~~ making grants for landfill cleanup under s. 292.60.

SECTION 3. 20.370 (2) (dr) of the statutes is created to read:

20.370 (2) (dr) *Solid waste management — landfill cleanup.* From the environmental fund, the amounts in the schedule for administration of the landfill cleanup program under s. 292.60.

SECTION 4. 20.370 (7) (cq) of the statutes is created to read:

BILL

1 20.370 (7) (cq) *Principal repayment and interest — grants for landfill cleanup.*
2 From the environmental fund, a sum sufficient to reimburse s. 20.866 (1) (u) for the
3 payment of principal and interest incurred in financing grants to political
4 subdivisions for landfill cleanup under s. 20.866 (2) (th) and to make the payments
5 determined by the building commission under s. 13.488 (1) (m) that are attributable
6 to the proceeds of obligations incurred in financing those grants.

7 **SECTION 5.** 20.866 (1) (u) of the statutes, as affected by 1997 Wisconsin Act 27,
8 is amended to read:

9 20.866 (1) (u) *Principal repayment and interest.* A sum sufficient from moneys
10 appropriated under sub. (2) (zp) and ss. 20.115 (2) (d) and (7) (f), 20.190 (1) (c), (d),
11 (i) and (j), 20.225 (1) (c), 20.245 (1) (e), (2) (e) and (j), (4) (e) and (5) (e), 20.250 (1) (e),
12 20.255 (1) (d), 20.275 (1) (er), (es), (h) and (hb), 20.285 (1) (d), (db), (fh), (ih) and (kd)
13 and (5) (i), 20.320 (1) (c) and (t) and (2) (c), 20.370 (7) (aa), (ac), (aq), (ar), (at), (au),
14 (av), (ba), (ca), (cb), (cc), (cd), (ce), (cq), (ea), (eq) and (er), 20.395 (6) (aq) and (ar),
15 20.410 (1) (e), (ec) and (ko) and (3) (e), 20.435 (2) (ee) and (6) (e), 20.465 (1) (d), 20.485
16 (1) (f) and (go), (3) (t) and (4) (qm), 20.505 (5) (c), (g) and (kc) and 20.867 (1) (a) and
17 (b) and (3) (a), (b), (g), (h), (i) and (q) for the payment of principal and interest on
18 public debt contracted under subchs. I and IV of ch. 18.

19 **SECTION 6.** 20.866 (2) (th) of the statutes is created to read:

20 20.866 (2) (th) *Natural resources; grants for landfill cleanup.* From the capital
21 improvement fund, a sum sufficient for the department of natural resources to fund
22 grants to political subdivisions for landfill cleanup under s. 292.60. The state may
23 contract public debt in an amount not to exceed \$10,000,000 for this purpose.

24 **SECTION 7.** 289.645 of the statutes is created to read:

BILL

1 **289.645 Municipal landfill cleanup fee.** (1) IMPOSITION OF MUNICIPAL
2 LANDFILL CLEANUP FEE ON GENERATORS. Except as provided under sub. (4), a generator
3 of solid waste shall pay a municipal landfill cleanup fee for each ton or equivalent
4 volume of solid waste that is disposed of at a licensed municipal waste landfill. If a
5 person arranges for collection or disposal services on behalf of one or more
6 generators, that person shall pay the municipal landfill cleanup fee to the licensed
7 municipal waste landfill or to any intermediate hauler used to transfer wastes from
8 collection points to a licensed municipal waste landfill. An intermediate hauler who
9 receives the municipal waste landfill fee under this subsection shall pay the fee to
10 the licensed municipal waste landfill. Tonnage or equivalent volume shall be
11 calculated in the same manner as the calculation made for tonnage fees under s.
12 289.62 (1).

13 (2) COLLECTION. The owner or operator of a licensed municipal waste landfill
14 shall collect the municipal landfill cleanup fee from the generator, a person who
15 arranges for disposal on behalf of one or more generators or an intermediate hauler
16 and shall pay to the department the amount of the fee required to be collected
17 according to the amount of solid waste received and disposed of at the municipal
18 waste landfill during the preceding reporting period.

19 (3) AMOUNT OF MUNICIPAL LANDFILL CLEANUP FEE. The fee imposed under this
20 section is 30 cents per ton of solid waste.

21 (4) EXEMPTION FROM MUNICIPAL LANDFILL CLEANUP FEE; CERTAIN MATERIALS USED
22 IN OPERATION OF THE LANDFILL. Solid waste materials approved by the department for
23 lining, daily cover or capping or for constructing berms, dikes or roads within a
24 municipal waste landfill are not subject to the municipal landfill cleanup fee imposed

BILL

1 under sub. (1), except that materials approved for use under s. 289.30 (5) or 289.31
2 (9) are subject to the fee.

3 (5) REPORTING PERIOD. The reporting period under this section is the same as
4 the reporting period for tonnage fees under s. 289.62 (1). The owner or operator of
5 any licensed municipal waste landfill shall pay the municipal landfill cleanup fee
6 required to be collected under sub. (2) at the same time as any tonnage fees under
7 s. 289.62 (1) are paid.

8 (6) USE OF MUNICIPAL LANDFILL CLEANUP FEES. The fees collected under sub. (2)
9 shall be deposited in the environmental fund.

10 (7) FAILURE TO PAY MUNICIPAL LANDFILL CLEANUP FEE. (a) If a person required
11 under sub. (1) to pay the municipal landfill cleanup fee to a licensed municipal waste
12 landfill fails to pay the fee, the owner or operator of the licensed municipal waste
13 landfill shall submit to the department with the payment required under sub. (2) an
14 affidavit stating facts sufficient to show the person's failure to comply with sub. (1).

15 (b) If the person named in the affidavit under par. (a) is a generator or a person
16 who arranges for collection or disposal services on behalf of one or more generators
17 and the person holds a license for the collection and transportation of solid waste or
18 hazardous waste, the department shall immediately notify the person that the
19 license will be suspended 30 days after the date on which the notice is mailed unless
20 the person submits to the department an affidavit stating facts sufficient to show
21 that it has paid the fee as required under sub. (1).

22 (c) If the person named in the affidavit under par. (a) is an intermediate hauler
23 that holds a license for the collection and transportation of solid waste or hazardous
24 waste, the department shall immediately notify the person that the license will be
25 suspended 30 days after the date on which the notice is mailed unless the person

BILL

submits to the department an affidavit stating facts sufficient to show that either of the following has occurred:

1. The person named in the affidavit under par. (a) received the required fee from a generator, from a person who arranges for collection or disposal services on behalf of one or more generators or from an earlier intermediate hauler, and paid the fee to the licensed municipal waste landfill or to a subsequent intermediate hauler.

2. A generator, a person who arranges for collection or disposal services on behalf of one or more generators or an earlier intermediate hauler failed to pay the required fee to the person named in the affidavit under par. (a).

(d) If the department does not receive an affidavit under par. (b) or (c) within 30 days after the date on which the notice is mailed, the department shall suspend the license issued to the person for the collection and transportation of solid waste or hazardous waste. Notwithstanding s. 227.42, the department is not required to provide the licensee with a hearing before the suspension.

(e) When a person whose license is suspended under par. (d) provides the department with proof that the person has paid the owner or operator of the licensed municipal waste landfill the amount of the unpaid fee, the department shall immediately reinstate the suspended license.

SECTION 8. 292.60 of the statutes is created to read:

292.60 Grants to political subdivisions for landfill cleanup. (1)

DEFINITIONS. In this section:

(a) Notwithstanding s. 292.01 (7), "landfill" means a solid waste facility for solid waste disposal that is an approved facility, as defined in s. 289.01 (3), or a nonapproved facility, as defined in s. 289.01 (24).

(b) "Political subdivision" means a city, village, town or county.

BILL

1 (2) **ELIGIBILITY.** The department may award a grant from the appropriation
2 under s. 20.866 (2) (th) to reimburse a political subdivision for a portion of the
3 reasonable and necessary costs of investigating and remedying environmental
4 pollution caused by a landfill if all of the following apply:

5 (a) The political subdivision owns the landfill.

6 (c) The political subdivision enters into a contract with the department that
7 establishes a schedule for completing the investigation and remedial action and
8 specifies the staff, the consultants and contractors and the financial resources that
9 the political subdivision will use in conducting the investigation and remedial action.

10 (d) The political subdivision complies with all legal requirements that apply to
11 investigating and remedying environmental pollution caused by the landfill.

12 (3) **GRANTS.** (a) A grant under this section may not exceed the lesser of the
13 following:

14 1. Fifty percent of the reasonable and necessary costs that are incurred by the
15 political subdivision to investigate conditions at the landfill and to conduct remedial
16 action to remedy environmental pollution caused by the landfill.

17 2. Two million dollars.

18 (b) The department shall promulgate rules containing criteria to determine
19 eligible costs for grants under this section and providing for the payment of grants
20 in instalments at specified points in the investigation and remedial action process.

21 (4) **REIMBURSEMENT FOR DEPARTMENT EXPENSES.** A political subdivision that
22 receives a grant under this section shall reimburse the department for the staff time
23 and other costs incurred by the department in evaluating the political subdivision's
24 application and making the grant to the political subdivision.

BILL

1 (5) ENFORCEMENT. If a political subdivision violates the terms of a contract
2 entered into under sub. (2) (c), the department may refer the matter to the
3 department of justice for enforcement under s. 299.95.

SECTION 9. Nonstatutory provisions.

4
5 (1) STUDY. The department of natural resources shall enter into a contract for
6 a study of the landfill cleanup issue in this state. The study shall identify all landfills
7 that would be eligible for assistance under section 292.60 of the statutes, as created
8 by this act, estimate the cost of remedial action at all of those landfills and identify
9 potential mechanisms for funding that remedial action. The department shall report
10 the results of the study to the legislature in the manner provided under section
11 13.172 (2) of the statutes no later than June 30, 2001.

12 (2) POSITION AUTHORIZATION. The authorized FTE positions for the department
13 of natural resources are increased by 3.0 SEG positions on July 1, 2000, to be funded
14 from the appropriation under section 20.370 (2) (dr) of the statutes, as created by this
15 act, for administration of the program for political subdivision landfill cleanups.

SECTION 10. Initial applicability.

16
17 (1) MUNICIPAL LANDFILL CLEANUP FEE. The treatment of section 289.645 of the
18 statutes first applies to solid waste disposed of on January 1, 2000.

19 **SECTION 11. Effective dates.** This act takes effect on January 1, 2000, or the
20 day after publication, except as follows:

21 (1) SECTION 9 (1) of this act takes effect on the day after publication.

22 (END)

CORRESPONDENCE/MEMORANDUM

State of Wisconsin

DATE: October 9, 1997

TO: Senator Alice Clausing *Alice*
Representative Sheila Harsdorf

FROM: Secretary George E. Meyer *George*

SUBJECT: Recommendation for a Municipal Landfill Cleanup Program in Wisconsin

Introduction

Since the passage of the federal Superfund law in 1980, the development of Wisconsin's clean-up laws and program in 1984 the original enactment of Wisconsin's Land Recycling Law in 1994, plus the re-occurring debate about specific landfills, it is apparent that the clean-up of landfills needs to be addressed in a manner that provides for long-term certainty and acceptance by all involved. This matter continues to be a focal point for many key people. In particular, you have both met with department staff earlier this year to discuss this very issue based upon your experiences with the clean-up of the Junker Landfill in your legislative districts.

You both are specifically interested in pursuing a program similar to Minnesota's Landfill Cleanup Program. Since your initial meeting with my staff, we have been researching what information is needed to develop a comprehensive program, similar to Minnesota's. Minnesota's program covers 106 landfills at an estimated cost of \$220 million over the next 10 years. An overview of Minnesota's Landfill Cleanup Program is attached for your information.

Instead of waiting several years to gather and assimilate the necessary information and prepare a proposal, it is the recommendation of the Department to proceed with a program, limited in scope, while concurrently gathering data to develop a broader, comprehensive program for the future. The pilot landfill assistance program established by Secretary Meyer (9/8/97 memo attached) provides a good starting point for an initial program.

The remainder of this memorandum discusses the criteria and needs of a comprehensive program and the additional study.

Recommendation for Starting Up the Program

1. Establish a "Municipal Landfill Cleanup Assistance Program" (MLCAP).

As discussed in the 9/8/97 memorandum on Landfill and Brownfield Pilots, approximately \$3 million dollars in bonding has been put aside to assist a small number of municipalities (4 to 5) with their landfill clean-ups. Utilizing the pilot as a building block, the following criteria should be established to define the scope of the MLCAP.

- a. The landfill must be owned by the municipality requesting the assistance funds.
- b. The municipality requesting the assistance funds must be participating in the Land Recycling Law's Negotiation/Cost Recovery process to define participation in funding the remedy. (*& some other process*) *x. Negl.*
- c. The assistance funds will only fund work necessary to adequately investigate and remediate the contamination caused by the landfill.
- d. The assistance funds will only cover the unfunded portion of the cleanup costs, as identified by the Negotiation/Cost Recovery proven up to 50%. For example, if the total response cost is \$3 Million and the unfunded portion, as identified in the Negotiation/Cost Recovery process is \$ 2.2 Million, the MLCAP will only provide \$1.5 Million. The purpose of this limitation is to provide municipalities with the incentive to fully utilize the Negotiation/Cost Recovery process and to recognize that the municipality does have a responsibility for the landfill.
- e. The municipality requesting the funds must comply with the requirements of NR700 (Comprehensive Environmental Response Rule) and all other applicable laws/rules related to the implementation of the response action to be eligible for assistance funds.
- f. Assistance funds will be provided on a reimbursement basis at predetermined milestones in the response action process and based on site specific considerations.
- g. The municipality requesting assistance must enter into a contractual agreement per the Environmental Repair Law that establishes a commitment to complete the cleanup and the schedule for the staff time and expenses committed with the landfill cleanup.
- h. The municipality requesting assistance agrees to reimburse the department for the staff time and expenses committed to assisting the municipality with the landfill cleanup.

2. Funding for the Program.

As discussed in the Introduction portion of this memo, the Department lacks sufficient data to accurately define the scope of the problem and the money needed to fund a comprehensive cleanup program. Based upon the pilot program we are proceeding with and the \$3 Million we have put aside in bonding, it is our best estimate that this initial program needs at least \$10 million to represent a responsible effort. It is likely that the need for this program would be far greater than \$10 million. This is meant only as a starting point to help address a small universe of problems and to gain experience in the area of landfill cleanups.

The revenue source of funds to be used should be bonding with an increase in the solid waste tipping fee as the funding mechanism for the debt service.

- a. \$10 Million in Bonding - Approximately \$815,000 per year in debt service over twenty years, assuming an interest rate of 6%.
- b. Since the initial program is only applicable to municipal landfills, the tipping fee for waste disposal would not increase at industrial, demolition, dredge, sediment or hazardous waste landfills it should, however, be applied to these material if disposed of in a municipal landfill.

3. Staffing for the Program.

To properly implement the initial program and to oversee the study to determine the full scope of the problem and related costs, the Department needs additional resources. The following summarizes the resources needed, recognizing that program revenue will fund additional resources in the future based upon program growth and participation by municipalities.

Resource/FTE

Duties

Financial Assistance Specialist (1)

Responsible for fund management, support to legal negotiations, and overseeing individual reimbursements.

Hydrogeologists (2)

Site investigation/remedy selection/remedy implementation, and assistance to the municipality.

Total- 3 FTE's, \$180,000 per year.

In addition, establish program revenue authorization for an engineer and attorney (2 FTE's) to continue to support the program, dependent on growth and need.

Comprehensive Study -- "What would a Minnesota Approach Cover and Cost"

Before the Minnesota Pollution Control Agency received statutory authority for their comprehensive cleanup program, they conducted a study to determine: the extent of the problem (ie. all eligible sites); the estimated cost to address the eligible sites; and the various funding mechanisms available. Minnesota took two years to complete the study they conducted to support the enactment of their legislation.

Given this background, the Department would like to set aside \$200,000 from the Environmental Fund to be used to hire a consultant to fully study the scope of the landfill cleanup issue in Wisconsin. It is also recommended that this study be conducted with the understanding that a comprehensive approach is worth considering while implementing the MLCAP (initial proposal).

The Department would also like to convene a technical advisory group to examine some of the policy issues that would go into implementing a program with the scope of the Minnesota approach.

Thank you for the opportunity to comment. I look forward to working with you both on this issue in the future. If you have further questions, please contact Elizabeth Kluesner or Mark Giesfeldt. Elizabeth's phone number is: (608)264-6266. Mark's phone number is: (608)267-7562.

FOR 1999-01 BUDGET -- NOT READY FOR INTRODUCTION
CAUCUS AMENDMENT
TO ASSEMBLY SUBSTITUTE AMENDMENT 1,
TO 1999 ASSEMBLY BILL 133

To: Becky
Fr: Doug

The amount for the study
should be \$200,000 instead
of \$300,000.

1 At the locations indicated, amend the substitute amendment as follows:

2 1. Page 153, line 14: increase the dollar amount for fiscal year 1999-00 by
3 ~~\$300,000~~^{200,000} to provide funding for the landfill cleanup study under SECTION 9136 (2e)
4 of this act.

5 2. Page 1532, line 7: after that line insert:

6 "(2e) STUDY OF LANDFILL REMEDIATION. The department of natural resources
7 shall enter into a contract for a study of the landfill cleanup issue in this state. The
8 study shall identify all closed landfills owned by cities, villages, towns and counties
9 and estimate the cost of remedial action at all of those landfills. The department of
10 natural resources shall also identify potential mechanisms for funding that remedial

1 action, including mechanisms used successfully in other states. The department
2 shall report the results of the study to the legislature in the manner provided under
3 section 13.172 (2) of the statutes no later than January 1, 2001."
