SUBJECT: Recycling Program Proposal

Senate
budget
request

At your request, this memorandum summarizes a proposal to make changes to the recycling funding and expenditures provided in the 1999-01 biennial budget, as amended by the Joint Committee on Finance (ASA 1 to AB 133).

The segregated recycling fund will have an estimated July 1, 1999, unencumbered balance of \$43.3 million. Under ASA 1 to AB 133, appropriations would be \$25,910,600 in 1999-00 with 26.25 positions and \$19,910,600 in 2000-01 with 18.50 positions. The primary revenue to the fund in 1999-01 would be interest income of approximately \$3.5 million.

The proposal would make changes to ASA 1 to AB 133 as described in the following sections. Additional revenues to the recycling fund would be expected to total roughly \$65 million in the 1999-01 biennium from a state tipping fee on certain solid waste. Ongoing annual revenues would be expected to total roughly \$52 million. The proposal would provide additional expenditures totaling \$61.6 million in the biennium. Ongoing base level appropriations would be approximately \$53.4 million annually. The recycling fund balance on June 30, 2001, would be estimated at \$4.6 million, as shown in the attachment.

1. *Revenues From a State Tipping Fee.* Impose a state recycling tipping fee of: (a) \$10 per ton on all solid waste except high-volume industrial waste disposed of in landfills in Wisconsin; and (b) \$2 per ton on high-volume industrial waste. Impose an environmental fund state tipping fee to offset the loss in environmental fund revenues from anticipated decreases in the number of tons of solid waste landfilled as a result of the \$10 and \$2 state recycling tipping fee. The environmental fund tipping fee would increase by: (a) 19¢ per ton on all solid waste except high-volume industrial waste; and (b) 1¢ increase per ton on high-volume industrial waste. The recycling and environmental fund tipping fees would be effective the first day of the first month after the effective date of the bill. Further, exclude waste disposed of by nonprofit

to AB 133 in 2000-01 would be maintained. This would provide \$1,000,000 for demonstration grants in the biennium.

6. *Commerce Recycling Market Development Program.* Delete \$500,000 SEG annually in the recycling market development financial assistance appropriation to provide \$2,000,000 SEG annually instead of \$2,500,000 under ASA 1 to AB 133. Reestimate the program revenue loan repayments appropriation for financial assistance to be \$2,300,000 PR annually, an increase of \$800,000 annually over the bill (the proposal would provide a total of \$4,300,000 annually for financial assistance, instead of \$4,000,000 under ASA 1 to AB 133 and \$4,000,000 under current law).

Make the following changes related to Commerce staff: (a) delete \$166,100 SEG and 2.0 SEG positions annually; (b) provide that the remaining 2.0 SEG positions would be Commerce recycling market development staff instead of RMDB staff, and would include a loan portfolio manager to manage past and future financial assistance funded by the RMDB and a commodity specialist to develop and direct strategy for recycling market development (these positions would be instead of the executive director and financial specialist under AB 133); (c) eliminate the authorization for an unclassified executive director; (d) delete \$38,700 SEG annually to reflect reduced staff costs; and (e) provide the 2.0 positions as permanent instead of the current project positions expiring June 30, 2001.

In addition, generally restructure the operation of the RMDB similarly to the existing Commerce Development Finance Board, Minority Business Development Board and Rural Economic Development Board, including the following changes: (a) change the membership of the RMDB to delete the currently-designated members and instead include two representatives of responsible units of local governments, two representatives of businesses that market products made from recycled materials, recover recyclable materials or develop markets for products made from recycled materials and the Secretary of Commerce or the Secretary's designee, and specify that the non-Commerce members would be appointed by the Governor for three-year terms; (b) repeal s. 287.40 through 287.48 of the statutes related to the RMDB and instead create recycling market development program provisions under Chapter 560; (c) authorize Commerce to provide grants, loans or manufacturing rebates, after the approval of the RMDB, to a governmental entity or a business entity to assist waste generators in the marketing of recovered materials or to develop markets for recovered materials; (d) require that before the RMDB awards a grant, loan or rebate, the Board shall consider the extent to which the project: (1) maximizes the marketability of recovered materials on a statewide basis; (2) minimizes the amounts of recovered materials disposed of in landfills or burned without energy recovery in incinerators; (3) includes the materials that are banned from landfills that will support community recycling efforts; (4) maintains present markets or creates new or expanded markets for recovered materials; (e) authorize Commerce, after the approval of the RMDB, to request proposals for activities, if Commerce determines that financial assistance is necessary to assist responsible units in the marketing of recovered materials or to develop markets for recovered materials; (f) delete the authority of Commerce to use the SEG or PR financial assistance appropriations for contracts with persons to carry out the duties of the Board (currently the

factors to consider

RMDB uses the financial assistance appropriation and as of July 1, 2001, Commerce may use the PR appropriation for contracts); (g) direct Commerce to use the financial assistance appropriation to annually contract with a materials exchange program that received funding from the RMDB during 1997-99 to operate a statewide materials exchange program; and (h) specify that loan repayments from the former Department of Development recycling market development loan programs (which ended June 30, 1995) be deposited in the RMDB loan repayments appropriation instead of currently being deposited in the recycling fund (this would result in an increase in program revenues of an estimated \$379,200 and a corresponding decrease of segregated recycling fund revenues during the 1999-01 biennium).

7. *University of Wisconsin - Extension.* Provide an additional \$200,000 SEG annually with 3.0 SEG positions for the UW-Extension Solid and Hazardous Waste Education Center for educational and technical assistance related to recycling and recycling market development.

8. *Corrections.* Provide \$500,000 SEG annually with 4.0 SEG positions to the Department of Corrections to restore the Governor's recommendation for the computer recycling program.

9. *State Procurement of Toner Cartridges.* Incorporate the provisions of 1999 LRB-0618/1 to require the Department of Administration, every other state agency to which DQA delegates purchasing authority other than the University of Wisconsin Hospitals and Clinics Authority and the World Dairy Center Authority, and state legislative and judicial branch entities to ensure that the specifications that the use for purchasing prohibit the procurement of toner cartridges whose original manufacturer places restrictions on the remanufacturing of the toner cartridges by any person other than the manufacturer. Define "toner cartridge" as any cartridge containing a dry, powdered ink for application to paper by use of a photocopier, laser printer or similar device. Provide restrictions on remanufacturing that include reducing the price of the toner cartridge in exchange for an agreement not to remanufacture the toner cartridge, a licensing agreement on the toner cartridge that forbids remanufacturing and any contract that forbids the remanufacturing or recycling of a toner cartridge. Prohibit cities, villages, towns, counties and other local units of government from purchasing toner cartridges that have such restrictions on remanufacturing.

I hope this information is helpful. Please contact me if you have questions.

15 560.031 Recycling market development. (1) In this section:

16 (d) "Responsible unit" has the meaning given in s. 287.01 (9).

17 (2) (a) At the request of the board, the department shall provide the financial
18 assistance awarded to a governmental entity or business entity by the board under
19 sub. (3).

20 (b) The department shall provide the financial assistance from the
21 appropriations under s. 20.143 (1) (L) and (tm).

22 (3) The board may award a grant, loan or manufacturing rebate under this
23 subsection to a governmental unit or business entity for a project to assist waste

1 generators in the marketing of recovered materials or to develop markets for
2 recovered materials. Before awarding a grant, loan or manufacturing rebate, the
3 board shall consider the extent to which the project does the following:

4 (a) Maximizes the marketability of recovered materials on a statewide basis.

5 (b) Minimizes the amount of recovered materials disposed of in landfills or
6 burned without energy recovery in incinerators.

7 (c) Includes materials that are banned from landfills and that will support
8 community recycling efforts.

9 (d) Maintains present markets or creates new or expanded markets for
10 recovered materials.

11 (4) If the board determines that financial assistance is required to stimulate
12 an activity that it determines is needed to assist responsible units in the marketing
13 of recovered materials or to develop markets for recovered materials, the board shall

This amendment continues the recycling market development board beyond its repeal date in current law of June 30, 2001. The amendment also modifies the financial assistance authority of the board. Under the amendment, the board awards grants, loans and manufacturing rebates to governmental and business entities and the department of commerce provides the assistance awarded by the board.

This amendment requires the department of commerce to annually contract with a materials exchange program and does not have a sunset. Amendment LRBb1288/1 removes the sunset of December 31, 1999, from the requirement that the board contract with a materials exchange program. LRBb1288 should not be included in the caucus amendment because it is superseded by this amendment.

16 (d) "Responsible unit" has the meaning given in s. 287.01 (9).

17 (2) (a) At the request of the board, the department shall provide the financial
18 assistance awarded to a governmental entity or business entity by the board under
19 sub. (3).

20 (b) The department shall provide the financial assistance from the
21 appropriations under s. 20.143 (1) (L) and (tm).

22 (3) The board may award a grant, loan or manufacturing rebate under this
23 subsection to a governmental unit or business entity for a project to assist waste
24 generators in the marketing of recovered materials or to develop markets for

1 recovered materials. Before awarding a grant, loan or manufacturing rebate, the
2 board shall consider the extent to which the project does the following:

3 (a) Maximizes the marketability of recovered materials on a statewide basis.

4 (b) Minimizes the amount of recovered materials disposed of in landfills or
5 burned without energy recovery in incinerators.

6 (c) Includes materials that are banned from landfills and that will support
7 community recycling efforts.

8 (d) Maintains present markets or creates new or expanded markets for
9 recovered materials.

10 (4) If the board determines that financial assistance is required to stimulate
11 an activity that it determines is needed to assist responsible units in the marketing
12 of recovered materials or to develop markets for recovered materials, the board shall
13 request the department to issue a request for proposals for that activity, unless the
14 board determines that a request for proposals is not an effective means for
15 distributing the financial assistance for that activity. Upon a request from the board
16 under this subsection, the department shall issue a request for proposals for the
17 activity specified by the board.

18 (5) The department shall annually contract for the operation of a statewide
19 materials exchange program with a materials exchange program that received
20 funding from the board in the 1997-99 fiscal biennium. The department shall
21 provide funding for the materials exchange program from the appropriation under
22 s. 20.143 (1) (tm).

23 (6) The department shall consult with the board and seek advice from the
24 council on recycling before promulgating any rules under this section."
