Enclosed is the motion that was introduced during the Joint Finance Committee's deliberations. This motion will be part of the Department of Transportation (DOT) and would place Highway 23 on the enumeration list allowing it to compete for funds already available. No cost will be incurred until the project is accepted by the DOT.

TRANSPORTATION -- STATE HIGHWAY PROGRAM

Enumeration of STH 23 Between Fond du Lac and Plymouth as a Major Highway Project

Motion:

Move to enumerate STH 23, between Fond du Lac and Plymouth in Fond du Lac and Sheboygan Counties, as a major highway development project.

Note:

DOT is prohibited from constructing a major highway development project unless the project is enumerated in the statutes. Major highway development projects are defined as projects that have an estimated cost exceeding \$5,000,000 and consist of at least one of the following: (a) construction of a new highway 2.5 miles or more in length; (b) relocation of 2.5 miles or more of existing roadway; (c) the addition of one or more lanes at least five miles in length; or (d) the improvement of 10 miles or more of an existing divided expressway to freeway standards.

This motion would enumerate a 26.5-mile segment of STH 23 between Fond du Lac and Plymouth. DOT has identified potential projects for enumeration in 2000 or 2002. STH 23 between Fond du Lac and Plymouth is not on this list.
