Becky -

Daryl and I reviewed delayed effective dates. I suggest changing the following effective dates. If you have questions about any of these dates, you can reach me today until 4pm, or on or after September 13. If you want to discuss the topic between tomorrow and Sept. 12, please call Daryl. I hope these dates work and that I found all of the effective dates.

Subject: Delayed passage of budget

Kendra,

We are working on a technical amendment to the budget substitute amendment to deal with problems caused by the delayed passage of the budget. For the most part, the problems will be dates certain that will have passed or will be impractical because of the delay. These dates can be replaced with new dates certain (we realize that the

amendment may have to be redrafted depending on how long it takes to get the bill passed) or with dates related to the date of publication of the budget act (e.g., the first day of the 3rd month beginning after publication).

It seems that most of the dates that you and I need to look at are in the PECFA materials. There are some November 1 and December 1 deadlines that may not be practical, given that even an October 1 effective date for the budget act seems optimistic. I have identified the following as items that need to be looked at: page 1036, line 16; page 1476, lines 14 to 20; page 1503, line 21 to page 1504, line 5; page 1504, lines 9 to 17 and 18 to 21; page 1587, lines 10 to 14 and 15 to 17; and page 1607 line 23 to page 1608, line 2. There may be more PECFA provisions that should be considered for change, especially those that have dates that are later but still might need to be shifted.

Related to wastewater discharge fees, there are two February 1, 2000, dates, see page 1533, lines 7 to 20.

If you have a chance to think about whether any changes are needed in any of the dates in our subject areas or any other changes that are needed because of the budget delay, that would be great. You can let me know any changes that you want or we can discuss the issues.

Thanks,

Becky

Subject: delayed effective date change

Becky -

On September 2, I sent you an email with several suggestions for changes in effective dates related to delayed passage of the budget. One of those related to the wastewater fees provisions on page 1533, lines 8-14 and 18. I had suggested changing the dates for the DNR report to JFC and the Legislature and submittal of rules to the Legislative Council from February 1, 2000, to the first day of the sixth month after the effective date. Recent discussions prompt my request for you to change the date to May 1, 2000 for both deadlines. Some believe that statutory changes may be necessary to implement the new fee system, and a May 1 date will allow a brief window of legislative floor session to do so if needed.

Thanks for your help.

Becky -

Daryl and I reviewed LRB 1706/6 related to delayed effective dates and discussed it with Bob Lang. We decided to pare back the list of date changes to emergencies or items requested by Conference Committee members. Please remove sections 2-9, 12, and 15-20 from the draft. This would include the dates related to PECFA, DNR safety education programs, urban stormwater loan and wheelchair recycling. Of course, there is a possibility that someone might want to add some of this back in, so you might want to save these sections in case we need them later.

If a technical/minor policy draft ends up being different from the LRB 1706/6 delayed effective date, please move sections 13 and 14 related to NR 101 fees/rules in that draft. If a technical draft and delayed effective date draft end up being the same draft, please include sections 13 and 14 in that draft.

We can take care of the wheelchair recycling grant date in whatever draft we have for the recycling conference committee issues.

If you have questions, please call me.

I have redrafted this draft based on instructions from Kendra Bordenad dated September 30. The instructions included the removal of changes to two initial applicability provisions and one effective date of November 1, 1999. Because the budget may not take effect before November 1, 1999. My legal advice is to add "or ^{on} the day after publication, whichever is later" to those provisions in order to avoid problems of retroactive application which may result in lawsuits.

This is an **LRB technical amendment to ASA1 to AB-133**. This technical amendment modifies in-text applicability dates and delayed effective dates to reflect the delayed passage of the budget.

ATTENTION: The DRAFTER'S NOTE must always accompany REDRAFTS of this amendment.

ATTENTION: Attorneys — when redrafting, **DO NOT HOLD** on your desk as others will also need to add items to this amendment. Thank you.

I have redrafted this draft based on instructions from Kendra Bonderud dated September 30. The instructions included the removal of changes to two initial applicability provisions and one effective date of November 1, 1999. The budget may not take effect before November 1, 1999. My legal advice is to add "or on the day after publication, whichever is later" to those provisions in order to avoid problems of retroactive application which may result in lawsuits.

= This redraft makes a change to page 1601, line 23 of the substitute amendment.
