---

Earmark for DOT budget  
Conference report.

**DEPARTMENT OF TRANSPORTATION – Chicago Northwestern Railroad Bridge Removal  
Highway 63 Box Culvert in the Village of Clear Lake**

Funding: \$134,800 SEG blennium

Cost breakdown:	R.C. box culvert	140 lf @ \$800	\$112,000
	15% Engineering and Contingencies		\$16,800
	Design costs for the box culvert		\$6,000

**Motion:**

Requires DOT to install a box culvert at the existing crossing on Highway 63, Village of Clear Lake, Polk County.

Install a 12'x12'x140' R.C. box culvert at the existing crossing. This box would be at the existing skew, on the existing rail grade line, and would have about 12' of cover. It would accommodate any future reconstruction of the roadway to 2020 standards.

Polk County Snowmobile Trail currently follows an abandoned railroad bed under Highway 63 just south of the Village of Clear Lake. The Department of Transportation, District 8, Superior is proposing to replace an old railroad bridge on Highway 63. The DOT plan includes filling in the present below-grade trail crossing and placing an at-grade crossing on Highway 63 for snowmobilers. Instead, this motion requires the DOT to install a box culvert as specified.

DOT Project number 1550-13-30.

Senator Chvala:

Please verify that this is the intended appropriation for this allocation (state trunk highway rehabilitation, state funds).

This amendment does not require construction, it just reserves the money needed to build the culvert. OK?

Please review this amendment closely to ensure that it meets your needs.
