Paul, additional instructions and questions

I think Fred and Jon may have gotten with you on this, however GTA formula should be frozen in 2nd year of the biennium rather than the 1st.

Also, I'm wondering if you have any language on our local segregated accounts entry # 3. I will be talking with Gard's office on this, but let me know if any has gotten with you on this.

I'm also looking at the transportation bonding amounts (summary item #26) needed under the proposed conference committee compromise.

thanks , Al
