## Legislative Fiscal Bureau

One East Main, Suite 301 • Madison, WI 53703 • (608) 266-3847 • Fax: (608) 267-6873

October 4, 1999

TO: Members  
Committee of Conference  
1999 Assembly Bill 133

FROM: Bob Lang, Director

SUBJECT: Additional Conference Committee Items

Subsequent to the October 4 publication of the Legislative Fiscal Bureau's budget document ("Comparative Summary of Budget Provisions -- Assembly, Senate and Committee of Conference"), the Co-Chairs of the Committee of Conference have forwarded drafting instructions on the following provisions.

### Qualified Economic Offer

In lieu of the Senate proposed changes in this area, instead provide the following:

1. *Exclusion of Lanes From QEO.* First effective for contracts affecting represented school teacher employees that cover periods after June 30, 2001, specify that the costs associated with salary increases due to a promotion or the attainment of increased professional qualifications [lane movements] would no longer be included under the salary costs that must be funded under a qualified economic offer (QEO). In addition, provide that, first effective for contracts affecting nonrepresented professional school district employees that cover periods after June 30, 2001, a parallel provision deleting reference to salary increases due to a promotion or the attainment of increased professional qualifications made.

This provision eliminates the requirement that lane movement costs be included in the salary and fringe benefits costs used to determine the minimum funding amounts necessary for a QEO. [However, these costs would still be included in the 2000-01 base year used for determining the QEO costs for the 2001-03 period only.] The effect of the provision would be to lower the salary and fringe benefits base used by the school district employer for making a QEO. The amount of the reduction would be equivalent to the employer's specific lane movement related costs. However, since the employer would still be required to fund the costs of lane movements under the existing salary schedule, such amounts would represent

for the expenditure of principal and earnings of the fund (or to the Department of Administration where there is no such agency with primary responsibility).

Specify that Board operating expenditures supported from these new assessments would be defined to include "all costs and expenses of operating the agency and managing its assets," except the following types of fees, out-of-pocket costs and capital expenses specifically would not be funded from the assessments: (a) legal counsel and investment consultant expenses [under s. 25.18(1)(a)]; (2) costs of risk management insurance [under s. 25.18(1)(c)] (c) costs associated with the maintenance and repair of SWIB-owned investment properties [under s. 25.18(1)(f)]; (d) real estate advisory fees [under s. 25.18(1)(m)]; (e) costs of liability insurance [under s. 25.18(2)(d)]; (f) costs of outside management of assets fees [under s. 25.18(2)(e)]; and (g) the management fees and private placement charges associated with Fixed and Variable Funds [under s. 40.04(3)].

Specify that the amounts from all of the above assessments (as well as current law assessments for the costs of services charged to the Board of Commissioners of Public Lands and the UW Board of Regents) would be credited to the Board's general program operations appropriation and change that appropriation from a sum certain to a continuing appropriation.

Under this proposal, the Board would have maximum expenditure authority of \$14,498,600 in 1999-00, compared to \$13,161,800 PR authorized by Joint Finance (representing an increase of \$1,336,800 PR). Assuming that the 0.0275% assessment for 2000-01 would actually be based on the June 30, 1999, total market value of assets under management, the Board would have maximum expenditure authority of \$17,720,500 PR in 2000-01, compared to the \$15,328,600 PR authorized by Joint Finance (representing an increase of \$2,391,900 PR).

### **Publication of Legal Notices in Newspapers**

Include a provision to eliminate the current law requirement that a 4th class city, town or village can only designate as its official newspaper a newspaper that existed at least two of the five years immediately before the date of the notice publication in order to receive compensation. In addition, reduce the number of required subscribers that a newspaper must have to be an official newspaper from 300 copies to 150 copies for 4th class cities, villages and towns.

Under current law, a publisher of any newspaper may not be awarded or be entitled to any compensation or fee for the publishing of any legal notice unless, for at least two of the five years immediately before the date of the notice publication, the newspaper has been published regularly and continuously in the city, village or town where published, and has had a bona fide paid circulation: (a) that has constituted 50% or more of its circulation; and (b) that has had actual subscribers at each publication of not less than 1,000 copies in 1st and 2nd class cities, or 300 copies if in 3rd and 4th class cities, villages or towns.
