 2 to ethanol producers, granting rule-making authority and making an
 3 appropriation.

Analysis by the Legislative Reference Bureau

This bill requires the department of agriculture, trade and consumer protection (DATCP) to administer a program under which DATCP makes payments to certain ethanol producers. To be eligible for the payments, an ethanol producer must produce a specified amount of ethanol and must purchase the substances from which the ethanol is produced from a local source, as defined by DATCP. An ethanol producer is only eligible for payments during the first 60 months of ethanol production. The payments are 20 cents per gallon for not more than 15,000,000 gallons produced within 12 months. The bill ends the ethanol payment program on June 30, 2005.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
