individual income tax modifications for medical insurance premiums

Analysis by the Legislative Reference Bureau

This bill requires the department of health and family services (DHFS) to designate personal care shortage areas in the state and to reimburse providers of personal care services in those areas, from general program revenues, at 125% of the medical assistance reimbursement rate for the provision of personal care services in areas of the state that are not designated as personal care shortage areas. The bill requires DHFS to specify criteria, by rule, for the designation of areas as personal care shortage areas and authorizes DHFS to promulgate the rules as emergency rules without providing evidence of necessity for the preservation of the public peace, health, safety or welfare and without providing a finding of emergency.

Under current law, as affected by 1999 Wisconsin Act 9 (the biennial budget act), the hourly medical assistance reimbursement rate for workers providing

ASSEMBLY BILL 630

in-home personal care services is \$12.25. The bill increases the reimbursement rate by \$3.25, to \$15.50 per hour.

Under current law, county departments of social services, human services and community programs and local health departments provide certain services, including personal care services, to medical assistance recipients. DHFS distributes to these county departments and local health departments up to \$4,500,000 of federal medicaid moneys in each fiscal year, under a method developed by DHFS, to reduce losses incurred by the county departments and local health departments in providing the services. The bill requires that DHFS annually distribute general purpose revenues to supplement by 15% each of those distributions, in order to additionally reimburse county departments and local health departments for a portion of losses incurred in providing personal care services to medical assistance recipients after December 31, 1999.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2. This substitute amendment increases the medical assistance appropriation by \$9,600,000 in fiscal year 2000-01 for the increase in the reimbursement rate. This is different from AB-630 in that AB-630 also increases the appropriation in fiscal year 1999-00.
