Assumptions Used in Arriving at Fiscal Estimate:

This bill authorizes the state superintendent of public instruction to award grants to school districts in the 2000-01 school year for after-school care programs. To be eligible to receive a grant, a school district must enroll pupils who are eligible to receive money under the federal temporary assistance to needy families (TANF) program and who would otherwise be unsupervised by an adult in the afternoon after school. The state superintendent must evenly distribute the grants among rural, suburban and urban school districts.

The bill would have no fiscal impact on the Department or local government health and social service agencies.
