Assumptions Used in Arriving at Fiscal Estimate		
<p>Act 9 (the biennial budget bill) requires that all receipts from national forest land must be distributed to school districts in accordance with the number of acres located within the school district boundaries. This bill would (before the enactment of Act 9) restore law previous to Act 9 by requiring the distribution of receipts from national forest land to towns in accordance with the number of acres located within the town boundaries.</p> <p>Local Fiscal Effects: In FY00, approximately \$1.8 million in federal receipts would be redistributed from school districts that have national forest land within their boundaries to towns that have national forest land within their boundaries.</p>
