Assumptions Used in Arriving at Fiscal Estimate

This bill allows the court to declare property, which is a health hazard and where the owner has not abated that hazard, to be a nuisance and allows the court to permit first class cities to create a receivership to take control of residential property that is declared a nuisance and abate that nuisance. The bill also allows first class cities or interested parties to ask a court to appoint a receiver to manage and control residential property that is declared a nuisance for other reasons, including because it is dilapidated, used as a place of gambling, for the delivery or manufacture of a drug or as a meeting place for a criminal gang.

It is assumed that no Department resources will be used in the receivership or abatement processes as stated in the bill. It is estimated that the bill would have no fiscal effect.
