Assumptions Used in Arriving at Fiscal Estimate:

The appropriation of \$120,700 per year is sufficient to cover any expenses the Department of Justice may incur due to the passage of this legislation. Depending on the date of passage of the bill, the appropriation may be lowered to reflect the actual starting date of the assistant attorney general position. We anticipate that the appropriation will cover the costs of the assistant attorney general's salary and fringe benefits, start-up and on-going administrative costs, consumer protection publications, and per diem and mileage for the consumer privacy committee.
