**PETITIONS AND COMMUNICATIONS**

**State of Wisconsin  
Department of Administration**

February 24, 2000

The Honorable, The Legislature:

This report is transmitted as required by sec. 20.002(11)(f) of the Wisconsin Statutes, (for distribution to the appropriate standing committees under sec. 13.172(3) Stats.), and confirms that the Department of Administration has found it necessary to exercise the “temporary reallocation of balances” authority provided by this section in order to meet payment responsibilities and cover resulting negative balances during the month of January 2000.

On January 1, 2000 the **Wisconsin Health Education Loan Repayment Fund** balance was -\$6 thousand. This shortfall increased to -\$27 thousand on January 7, 2000 and to -\$30 thousand on January 20, 2000. This shortfall decreased to -\$6 thousand on January 21, 2000 and continued into the month of February. As of the date of this letter, it is expected to be resolved soon. This shortfall is due to the timing of revenues.

On January 1, 2000 the **Wisconsin Health Insurance Risk Sharing Plan Fund** balance was -\$77 thousand. This shortfall increased to -\$128 thousand on January 7, 2000, to -\$138 thousand on January 31, 2000, and continued into the month of February. As of the date of this letter, it is expected to be resolved. This shortfall was to the timing of revenues

The Wisconsin Health Education Loan Repayment Fund and Wisconsin Health Insurance Risk Sharing Plan Fund shortfalls were not in excess of the statutory interfund borrowing limitation and did not exceed the balances of the Funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund’s share. Therefore, the monthly calculation by the State Controller’s Office will automatically reflect the use of these temporary reallocations of balance authority.

Sincerely,

GEORGE LIGHTBOURN  
Secretary

Referred to the joint committee on **Finance**.

**State of Wisconsin  
Legislative Audit Bureau**

March 3, 2000

The Honorable, The Legislature:

We have completed a review of the financial condition of the Green Bay Packers, Inc., at the request of several legislators including Senator Robert Cowles, who first requested it. The review was conducted in the context of analyzing the Packers’ \$295.0 million proposal to renovate Lambeau Field using a combination of public and private funds.

We choose two methods to analyze the Packers’ financial condition. First, we reviewed retained earnings reported in the Packers’ financial statements, which are a measure of past profitability. The Packers’ retained earnings increased from \$40.5 million at the end of fiscal year (FY) 1994-95, to an estimated \$83.9 million at the end of their current fiscal year, which is March 31, 2000. The Packers have benefitted from a number of years of record earnings, and our analysis confirms a healthy financial condition through the current fiscal year.

We also reviewed the Packers’ cash and investments, which represent resources available to pay current and future salaries and other operating costs. Except in one year, available cash and investments have increased at a considerably slower pace than retained earnings. In response to the increased use of player signing bonuses throughout the National Football League, the Packers have used their available cash largely for this purpose, rather to increase their cash and investment balances. As a result, the Packers estimate they will not have sufficient cash in the current year, and they will need to liquidate more than \$3.7 million in investments to pay expenses. To the extent the current year’s decline is the beginning of a trend, it will be necessary for the Packers to secure additional revenues or limit future cost increases.

Packers officials believe that their proposal to renovate Lambeau Field will improve the financial condition of the franchise and position it competitively within the National Football League. We cannot determine whether the amount of additional net income that is estimated to be generated by the Packers’ proposal – at least \$20.2 million in FY 2004-05 – will be more or less than what is needed to accomplish these goals. We note, however, that if the stadium is renovated, the Packers project that by FY 2004-05, they will rank near the top third of all League franchises in total revenues.

We appreciate the courtesy and cooperation extended to us by the Packers during the course of this review.

Sincerely,

JANICE MUELLER  
State Auditor

My spiritual sister, we intersected and we connected. She projected the power of positive thinking: Positivity, Creativity, Possibilities.

She knew, intuitively, distinctly, when I was Down and out—

That I was giving in to a pout—

She’d call--just out of the blue and say:

“I can feel you sister! Let me send some energy your way!”

They say she was in denial that it was time to go—

Did they really understand her flow?

Barb is the energy of faith and positive thinking and though she be not in human skin—

Her Spirit will flow forever to her beloved kin,

And though we miss her physical presence,

Remember!!!

Barb was always, first and foremost a Spirit in essence—

My Spiritual Sister--Let’s keep in touch.
