

1 department under ch. 227, Stats. A request for a hearing does not automatically stay  
2 the summary suspension or revocation.

3 **NOTE:** Copies of the USDA pseudorabies eradication state-federal-industry  
4 program standards dated January 1, 1999 (APHIS publication 91-55-047)  
5 are on file with the department, the secretary of state and the revisor of  
6 the statutes. Copies may be obtained from:

7  
8 Wisconsin Department of Agriculture, Trade and Consumer Protection  
9 Division of Animal Health  
10 P.O. Box 8911  
11 Madison, WI 53708-8911  
12

13 **SECTION 62.** ATCP 10.35 to 10.38 are created to read:

14 **ATCP 10.35 Brucellosis testing.** (1) WHO MAY TEST. The person who  
15 collects a swine brucellosis test sample under this chapter, ch. ATCP 11 or ch. ATCP  
16 12 shall be one of the following:

17 (a) An accredited veterinarian. If the veterinarian collects the test sample in  
18 this state, the veterinarian shall also be a Wisconsin certified veterinarian.

19 (b) An authorized employee or agent of the department or the federal bureau.

20 (2) TEST PROCEDURES. A person who collects a brucellosis test sample shall  
21 comply with all procedural requirements of the USDA swine brucellosis  
22 control/eradication state-federal-industry uniform methods and rules dated April, 1998.  
23 The person shall submit the sample to a state or federal laboratory that the department  
24 or the federal bureau has approved to conduct swine brucellosis serology tests.

25 (3) VETERINARIAN TO FILE REPORT. A veterinarian who collects a brucellosis  
26 test sample from a swine in this state shall report the test result to the department  
27 within 10 days after the veterinarian obtains the test result, unless the department's  
28 laboratory analyzes the test sample. A veterinarian shall immediately report a positive

1 reaction by telephone or other rapid means, and shall confirm the report in writing  
2 within 10 days. The veterinarian shall provide a copy of every test report to the animal  
3 owner.

4 **NOTE:** See also ss. ATCP 10.02 and 10.03.

5 (4) **REPORT FORM.** A veterinarian shall report a brucellosis test result under  
6 sub. (3) in writing, on a form approved by the department. The report shall include  
7 the official individual identification of the animal tested, and any other information  
8 required by the USDA swine brucellosis control/eradication state-federal-industry  
9 uniform methods and rules dated April, 1998. The veterinarian shall sign the report  
10 form. A report form may only be used for the purpose intended.

11 (5) **IDENTIFYING TESTED ANIMALS.** If a veterinarian collects a brucellosis test  
12 sample from a swine that does not yet have an official individual identification, the  
13 veterinarian shall identify the animal with an official individual identification.

14 **ATCP 10.36 Brucellosis reactors. (1) CLASSIFICATION.** The department  
15 shall classify, as a brucellosis reactor, any swine that qualifies as a reactor under the  
16 USDA swine brucellosis control/eradication state-federal-industry uniform methods and  
17 rules dated April, 1998.

18 (2) **ACTION REQUIRED.** Within 15 days after the department classifies a swine  
19 as a brucellosis reactor, the herd owner shall do all the following:

20 (a) Have the swine identified as a reactor and shipped to slaughter in  
21 compliance with the USDA swine brucellosis control/eradication state-federal-industry  
22 uniform methods and rules dated April, 1998.

23 (b) Clean and disinfect the premises where the swine was kept.

1 (3) DEADLINE EXTENSION. The department may, for good cause, extend a  
2 deadline under sub. (2). The department may not extend a deadline under sub. (2)(a)  
3 for more than 15 days.

4 **NOTE:** Copies of the USDA swine brucellosis control/eradication state-federal-  
5 industry uniform methods and rules dated April, 1998 (APHIS  
6 publication 91-55-042) are on file with the department, the secretary of  
7 state and the revisor of the statutes. Copies may be obtained from:

8  
9 Wisconsin Department of Agriculture, Trade and Consumer Protection  
10 Division of Animal Health  
11 P.O. Box 8911  
12 Madison, WI 53708-8911  
13

14 **ATCP 10.37 Brucellosis indemnity.** A swine owner may request an indemnity  
15 under s. 95.26(7), Stats., for a brucellosis reactor slaughtered under s. ATCP 10.36.

16 The animal owner shall file the request with the department, on a form provided by the  
17 department. The owner shall include, with the request, a slaughter confirmation signed  
18 by an authorized employee of the department or the federal bureau. A swine owner  
19 does not qualify for an indemnity if the owner fails to comply with s. ATCP 10.36.

20 **ATCP 10.38 Brucellosis-free herd; certification.** (1) INITIAL CERTIFICATION.

21 The department may certify a herd of swine as a validated brucellosis-free herd if the  
22 herd qualifies under the USDA swine brucellosis control/eradication state-federal-  
23 industry uniform methods and rules dated April, 1998.

24 (2) MAINTAINING CERTIFICATION. To maintain a validated brucellosis-free herd  
25 certification, the herd owner shall comply with applicable requirements under the  
26 USDA swine brucellosis control/eradication state-federal-industry uniform methods and  
27 rules dated April, 1998.

1 (3) SUSPENDING OR REVOKING CERTIFICATION. (a) The department may  
2 summarily suspend or revoke the brucellosis-free herd certification if any of the  
3 following occurs:

4 1. An animal in the herd tests positive for brucellosis.

5 2. The herd owner fails to comply with sub. (2).

6 (b) The state veterinarian may issue a summary suspension or revocation notice  
7 under par. (a). The notice shall state the reason for the suspension or revocation. A  
8 herd owner affected by a suspension or revocation may request a hearing before the  
9 department under ch. 227, Stats. A request for a hearing does not automatically stay  
10 the summary suspension or revocation.

11 **NOTE:** Copies of the USDA swine brucellosis control/eradication state-federal-  
12 industry uniform methods and rules dated April, 1998 (APHIS  
13 publication 91-55-042) are on file with the department, the secretary of  
14 state and the revisor of the statutes. Copies may be obtained from:

15  
16 Wisconsin Department of Agriculture, Trade and Consumer Protection  
17 Division of Animal Health  
18 P.O. Box 8911  
19 Madison, WI 53708-8911  
20

21 **SECTION 63.** ATCP 10.40(1) is repealed and recreated to read:

22 **ATCP 10.40(1) WHO MAY TEST.** A person performing an equine infectious  
23 anemia test under this chapter, ch. ATCP 11 or ch. ATCP 12 shall be one of the  
24 following:

25 (a) An accredited veterinarian. If the veterinarian performs the test in this  
26 state, the veterinarian shall also be a Wisconsin certified veterinarian.

27 (b) A veterinarian employed by the department or the federal bureau.

28 **SECTION 64.** ATCP 10.41(1) and (2) are repealed and recreated to read:

1 ATCP 10.41(1) TEST POSITIVE ANIMAL (a) *Quarantine*. The department shall  
2 summarily quarantine every animal that tests positive on an infectious anemia test. The  
3 quarantine notice shall comply with s. **ATCO** 10;.70 and shall also include all of the  
4 following: *see line 7* →

- 5 1. Notice of the positive equine infectious anemia test.
- 6 2. Notice that the owner or custodian may request a retest under sub. (4).
- 7 3. Notice that the state veterinarian may order the animal to be branded under  
8 sub. (7).

9 (b) *Notification; participation or show event coordinators*. If the department  
10 determines that an infected animal participated in performance or show events, the  
11 department shall notify the event sponsor that an infected animal was present at the  
12 event. The event sponsor shall notify other participants that their animals may have  
13 been exposed.

14 (2) EXPOSED ANIMALS; QUARANTINE. If an equine animal tests positive for  
15 equine infectious anemia, the department shall summarily quarantine all of the equine  
16 animals kept at the premises where that animal is normally housed. The quarantine  
17 shall comply with s. ATCP 10.70.

18 SECTION 65. ATCP 10.50(2)(b) and (c) are amended to read:

19 ATCP 10.50(2)(b) Whenever the department's agent draws a blood sample  
20 from a turkey under this section, the agent shall identify the turkey with an official  
21 individual identification. Every blood sample shall be identified with the official  
22 individual identification of the turkey from which the sample was collected.

1 (c) A laboratory approved by the department shall test blood samples drawn  
2 from turkeys under this section. The department's agent may field test blood samples  
3 drawn from poultry other than turkeys, using a method approved by the department.

4 **SECTION 66.** ATCP 10.50(4)(c) is repealed.

5 **SECTION 67.** ATCP 10.60 is repealed.

6 **SECTION 68.** ATCP 10.61(4) and (5) are repealed.

7 **SECTION 69.** ATCP 10.62 is repealed and recreated to read:

8 **ATCP 10.62 Tuberculosis-free herd; goats.** (1) **INITIAL CERTIFICATION.**

9 The department may certify a herd of goats as an accredited tuberculosis-free herd if  
10 the herd qualifies under the USDA bovine tuberculosis eradication uniform methods  
11 and rules dated January 22, 1999.

12 (2) **MAINTAINING CERTIFICATION.** To maintain an accredited tuberculosis-free  
13 herd certification, a herd owner shall comply with applicable requirements under the  
14 USDA bovine tuberculosis eradication uniform methods and rules dated January 22,  
15 1999.

16 (3) **SUSPENDING OR REVOKING CERTIFICATION.** (a) The department may  
17 summarily suspend or revoke an accredited tuberculosis-free herd certification if any of  
18 the following occurs:

19 1. A goat in the herd tests positive for tuberculosis.

20 2. The herd owner fails to comply with sub. (2).

21 (b) The state veterinarian may issue a summary suspension or revocation notice  
22 under par. (a). The notice shall state the reason for the suspension or revocation. A  
23 herd owner affected by a suspension or revocation may request a hearing before the

1 department under ch. 227, Stats. A request for a hearing does not automatically stay  
2 the summary suspension or revocation.

3 **NOTE:** Copies of the USDA bovine tuberculosis eradication uniform methods  
4 and rules dated January 22, 1999 (APHIS publication 91-45-011) are on  
5 file with the department, the secretary of state and the revisor of the  
6 statutes. Copies may be obtained from:

7  
8 Wisconsin Department of Agriculture, Trade and Consumer Protection  
9 Division of Animal Health  
10 P.O. Box 8911  
11 Madison, WI 53708-8911  
12

13 **SECTION 70.** ATCP 10.63(1)(br) is created to read:

14 ATCP 10.63(1)(br) "Certified veterinarian" means a Wisconsin certified  
15 veterinarian except that, for actions taken under this section outside this state,  
16 "certified veterinarian" means an accredited veterinarian.

17 **SECTION 71.** ATCP 10.63(6)(intro.) is amended to read:

18 ATCP 10.63(6) COLLECTING TEST SAMPLES. Annual herd test samples shall be  
19 collected by ~~an accredited~~ a certified veterinarian, or by an employee of the department  
20 or the federal bureau. The person who collects an annual herd test sample shall do all  
21 the following:

22 **SECTION 72.** ATCP 10.63(11)(a) is amended to read:

23 ATCP 10.63(11)(a) No person may move a paratuberculosis reactor under sub.  
24 (9) unless ~~an accredited~~ a certified veterinarian first identifies that reactor with a  
25 permanent paratuberculosis reactor identification approved by the department.

26 **SECTION 73.** ATCP 10.63(11)(b)1. is amended to read:

1 ATCP 10.63(11)(b)1. ~~An accredited~~ A certified veterinarian first identifies that  
2 reactor with a permanent paratuberculosis reactor identification approved by the  
3 department.

4 **SECTION 74.** ATCP 10.63(11)(c) is amended to read:

5 ATCP 10.63(11)(c) Within 30 days after an animal tests positive for  
6 paratuberculosis, ~~an accredited~~ a certified veterinarian shall identify the reactor with a  
7 paratuberculosis reactor identification approved by the department.

8 **SECTION 75.** ATCP 10.65(title) is amended to read:

9 **ATCP 10.65 Cervidae Cervids; herd identification.**

10 **SECTION 76.** 10.65(1)(intro.) is amended to read:

11 ATCP 10.65(1) Except as provided under sub. (2), no person may keep a herd  
12 of ~~cervidae~~ captive cervids in this state unless that person first reports the following  
13 information to the department in writing:

14 **SECTION 77.** ATCP 10.651 is amended to read:

15 **ATCP 10.651(title) Cervidae Cervids; disease testing. (1) ANIMALS**

16 **AVAILABLE FOR TESTING.** The owner or custodian of a herd of ~~cervidae~~ captive cervids  
17 shall make the herd available to the department for disease testing upon request.

18 **(2) ANIMALS RESTRAINED FOR TESTING.** The owner or custodian of a herd of  
19 ~~cervidae~~ captive cervids shall restrain the ~~cervidae~~ cervids for disease testing in a  
20 manner which insures the safety of the cervid and of the person performing the test.

21 The owner or custodian shall restrain the ~~cervidae~~ cervids by one of the following  
22 methods:

23 (a) By providing animal handling facilities that comply with sub: (3).

1 (b) By tranquilizing the cervidae cervids so they can be safely tested. No  
2 department staff may tranquilize the cervidae cervids. If the department determines  
3 that a cervid is not adequately tranquilized, so that the safety of the cervid and the  
4 persons performing the test cannot be reasonably ensured, the department may require  
5 the owner or custodian to provide additional tranquilization before the department  
6 proceeds with testing. The department assumes no liability for any injury or death of a  
7 cervid which may be caused by tranquilization.

8 (c) By moving the cervidae cervids, pursuant to a permit issued under s. ATCP  
9 11.60(4), to an isolation and testing facility approved under s. ATCP 11.56(4), where  
10 the cervidae cervids can be safely tested.

11 (3) ANIMAL HANDLING FACILITIES. (a) Animal handling facilities under sub.  
12 (2)(a) shall include all of the following:

13 1. A holding pen in which cervidae cervids can be safely directed into an  
14 alleyway and then to a chute or individual restraining pen for testing.

15 2. An alleyway through which cervidae cervids can be safely guided into a  
16 chute or restraining pen for testing.

17 3. A chute or restraining pen which can safely hold cervidae cervids for  
18 testing.

19 4. Adequate fencing. Fences used to confine cervidae cervids in animal  
20 handling facilities shall be at least 7 feet 10 inches high, except that fences used to  
21 confine cervidae cervids of the genus rangifer shall be at least 5 feet high.

22 (b) If the department determines that animal handling facilities do not comply  
23 with par. (a), the department may order the owner or custodian to modify the facilities,

1 to provide acceptable alternative facilities, or to provided an acceptable alternative  
2 method of restraining ~~cervidae~~ cervids under sub. (2). The owner or custodian shall  
3 comply with the department's order within 30 days, unless for good cause the  
4 department specifies a different time period.

5 **SECTION 78.** ATCP 10.652(3)(a) and (b) are amended to read:

6 ATCP 10.652(3)(a) . Obtain a separate registration certificate for each location.

7 No person may move farm-raised deer between separately registered locations without  
8 ~~an interstate health certificate or a certificate of veterinary inspection, unless the deer~~  
9 ~~are exempt under s. ATCP 11.56(2). If disease is detected at one registered location,~~  
10 ~~animals at a separately registered location will not be considered part of the same herd,~~  
11 ~~and will not be treated as exposed animals unless an investigation shows that suspect or~~  
12 ~~reactor animals have actually moved between the locations.~~

13 (b) Register multiple locations under a single registration certificate. If a  
14 registration certificate covers multiple locations, the holder of that certificate may  
15 freely move farm-raised deer between those locations without ~~an interstate health~~  
16 ~~certificate or a certificate of veterinary inspection. If disease is detected at one~~  
17 ~~location, all of the farm-raised deer at all of the locations are considered to be part of a~~  
18 ~~single exposed herd.~~

19 **SECTION 79.** ATCP 10.652(5)(a)(note) is amended to read:

20 **NOTE:** Under s. 93.21(5)(b), Stats., a person who files an application for the  
21 renewal or reissuance of a registration certificate after the registration  
22 certificate has expired must pay, in addition to the fee prescribed under  
23 sub. (5), ~~and~~ an additional fee equal to 20 percent of that registration  
24 fee.  
25

26 **SECTION 80.** ATCP 10.652(5)(c) is created to read:

1           ATCP 10.652(5)(c) An applicant for a registration certificate under sub. (4)  
2 shall pay a registration fee surcharge of \$100 if the department determines that, within  
3 365 days prior to submitting the registration application, the applicant kept farm-raised  
4 deer without a farm-raised deer registration. In addition to the surcharge, the applicant  
5 shall pay the fee due for the year in which the applicant did not obtain registration.

6           **SECTION 81.** ATCP 10.652(7) is repealed and recreated to read:

7           **ATCP 10.652(7) DENYING, SUSPENDING OR REVOKING A REGISTRATION**  
8 **CERTIFICATE.** The department may deny, suspend or revoke a farm-raised deer  
9 registration for cause, including any of the following:

10           (a) Filing an incomplete or fraudulent application, or misrepresenting any  
11 information on an application.

12           (b) Violating applicable provisions of ch. 95, Stats., this chapter or ch. ATCP  
13 11.

14           (c) Violating the terms of the registration certificate.

15           (d) Preventing a department employee from performing his or her official  
16 duties, or interfering with the lawful performance of his or her duties.

17           (e) Physically assaulting a department employee while the employee is  
18 performing his or her official duties.

19           (f) Refusing or failing, without just cause, to produce records under sub. (11)  
20 or to respond to a department subpoena.

21           (g) Paying a registration fee with a worthless check.

22           **SECTION 82.** ATCP 10.652(8)(b) is repealed and recreated to read:

1 ATCP 10.652(8)(b) A person required to keep records under par. (a) shall  
2 retain those records for at least 5 years, and shall make them available to the  
3 department for inspection and copying upon request.

4 **SECTION 83.** ATCP 10.66 and 10.67 are repealed and recreated to read:

5 **ATCP 10.66 Tuberculosis in cervids.** (1) **WHO MAY TEST.** A person who  
6 performs a tuberculosis test on a cervid shall be one of the following:

7 (a) An accredited veterinarian. If the veterinarian performs the test in this  
8 state, the veterinarian shall also be a Wisconsin certified veterinarian whom the  
9 department has trained to perform tuberculosis tests on cervids. A veterinarian may  
10 not perform a tuberculosis test on a cervid from a quarantined herd or known infected  
11 herd, except with the department's approval.

12 (b) A veterinarian employed by the federal bureau or the department.

13 (2) **TEST PROCEDURES.** (a) A veterinarian who performs a tuberculosis test on  
14 a cervid in Wisconsin shall comply with applicable procedures in the USDA bovine  
15 tuberculosis eradication uniform methods and rules dated January 22, 1999.

16 (b) A blood tuberculosis test (BTB test) may not be used as an official  
17 tuberculosis test for any purpose in this state.

18 (3) **VETERINARIAN TO REPORT.** A veterinarian who performs a tuberculosis test  
19 on a cervid in Wisconsin shall report the test result to the department within 10 days  
20 after the veterinarian observes the result. A veterinarian shall immediately report a  
21 positive reaction by telephone or other rapid means, and shall confirm the report in  
22 writing within 10 days. A veterinarian shall provide a copy of every test report to the  
23 animal owner.

1           **NOTE:** See ss. ATCP 10.02 and 10.03

2           (4) **REPORT FORM.** A veterinarian shall report a tuberculosis test result under  
3 sub. (3) in writing, on a form approved by the department. The report shall include  
4 the official individual identification of the animal tested, and any other information  
5 required by the USDA bovine tuberculosis eradication uniform methods and rules dated  
6 January 22, 1999. The veterinarian shall sign the report. A report form may be used  
7 only for its intended purpose.

8           (5) **IDENTIFYING TESTED ANIMALS.** If a veterinarian performs a tuberculosis  
9 test on a cervid that does not yet have an official individual identification, the  
10 veterinarian shall identify the cervid with an official individual identification.

11           **NOTE:** See s. ATCP 11.545 regarding identification of cervids.

12           (6) **TEST POSITIVE CERVIDS.** Whenever the department receives a positive  
13 tuberculosis test report under sub. (3), the department shall classify the tested cervid as  
14 a tuberculosis suspect and shall conduct additional testing to determine whether the  
15 cervid is a tuberculosis reactor.

16           (7) **TUBERCULOSIS REACTORS.** (a) The department shall classify a cervid as a  
17 tuberculosis reactor if the cervid qualifies as a reactor under the USDA bovine  
18 tuberculosis eradication uniform methods and rules dated January 22, 1999.

19           (b) Within 15 days after the department classifies a cervid as a tuberculosis  
20 reactor, the animal owner shall do all the following:

21           1. Have the cervid identified as a reactor and shipped to slaughter in  
22 compliance with the USDA bovine tuberculosis eradication uniform methods and rules  
23 dated January 22, 1999.

1 2. Clean and disinfect the premises where the cervid was kept.

2 (c) The department may, for good cause, extend a deadline under par. (b). The  
3 department may not extend a deadline under par. (b)1. for more than 15 days.

4 (8) SLAUGHTERED ANIMALS. (a) A tuberculosis reactor shall be slaughtered  
5 and inspected according to the USDA bovine tuberculosis eradication uniform methods  
6 and rules dated January 22, 1999.

7 (b) If a tuberculosis suspect is slaughtered, it shall be slaughtered and inspected  
8 according to the USDA bovine tuberculosis eradication uniform methods and rules dated  
9 January 22, 1999.

10 (9) TUBERCULOSIS INDEMNITY. An animal owner may request an indemnity  
11 under s. 95.25(5), Stats., for a slaughtered tuberculosis reactor. The animal owner  
12 shall file the request with the department, on a form provided by the department. The  
13 owner shall include, with the request, a slaughter confirmation signed by an authorized  
14 employee of the department or the federal bureau. An animal owner does not qualify  
15 for an indemnity if the owner fails to comply with sub. (7).

16 **NOTE:** Copies of the USDA bovine tuberculosis eradication uniform methods  
17 and rules dated January 22, 1999 (APHIS publication 91-45-005) are on  
18 file with the department, the secretary of state and the revisor of the  
19 statutes. Copies may be obtained from:

20  
21 Wisconsin Department of Agriculture, Trade and Consumer Protection  
22 Division of Animal Health  
23 P.O. Box 8911  
24 Madison, WI 53708-8911  
25

26 **ATCP 10.67 Cervids; tuberculosis herd certification.** (1) INITIAL  
27 CERTIFICATION. The department may certify a herd of cervids as one of the following

1 if the herd qualifies under the USDA bovine tuberculosis eradication uniform methods  
2 and rules dated January 22, 1999:

3 (a) An accredited tuberculosis-free herd.

4 (b) A tuberculosis monitored herd.

5 (c) A tuberculosis qualified herd.

6 (2) **MAINTAINING CERTIFICATION.** To maintain a herd certification under sub.  
7 (1), a herd owner shall comply with applicable requirements in the USDA bovine  
8 tuberculosis eradication uniform methods and rules dated January 22, 1999.

9 (3) **SUSPENDING OR REVOKING CERTIFICATION.** (a) The department may  
10 summarily suspend or revoke a herd certification under sub. (1) if any of the following  
11 occurs:

12 1. Any cervid in the herd tests positive for tuberculosis.

13 2. The herd owner fails to comply with sub. (2).

14 (b) The state veterinarian may issue a summary suspension or revocation notice  
15 under par. (a). The notice shall state the reason for the suspension or revocation. The  
16 herd owner may request a hearing before the department under ch. 227, Stats. A  
17 request for a hearing does not automatically stay the summary suspension or  
18 revocation.

19 **NOTE:** Copies of the USDA bovine tuberculosis eradication uniform methods  
20 and rules dated January 22, 1999 (APHIS publication 91-45-005) are on  
21 file at the department, the USDA, the secretary of state and the revisor  
22 of the statutes. Copies may be obtained from:

23  
24 Wisconsin Department of Agriculture, Trade and Consumer Protection  
25 Division of Animal Health  
26 P.O. Box 8911  
27 Madison, WI 53708-8911

1  
2       **SECTION 84.** ATCP 10.673 and 10.675 are created to read:

3       **ATCP 10.673 Brucellosis in cervids.** . (1) **WHO MAY TEST.** A person who  
4 collects a brucellosis test sample from a cervid shall be one of the following:

5       (a) An accredited veterinarian. If the veterinarian collects the sample in this  
6 state, the veterinarian shall also be a Wisconsin certified veterinarian.

7       (b) An authorized employee or agent of the department or the federal bureau.

8       (2) **TEST PROCEDURES.** A person who collects a brucellosis test sample shall  
9 comply with applicable requirements in the USDA brucellosis in cervidae uniform  
10 methods and rules dated September, 1998. The person shall submit the sample to a  
11 state or federal laboratory that the department or the federal bureau has approved to  
12 conduct brucellosis tests.

13       (3) **VETERINARIAN TO REPORT.** A veterinarian who collects a brucellosis test  
14 sample from a cervid in Wisconsin shall report the test result to the department within  
15 10 days after the veterinarian obtains the test result, unless the department's laboratory  
16 analyzes the test sample. A veterinarian shall immediately report a positive reaction by  
17 telephone or other rapid means, and shall confirm the report in writing within 10 days.  
18 A veterinarian shall provide a copy of every test report to the animal owner.

19       **NOTE:** See ss. ATCP 10.02 and 10.03 .

20       (4) **REPORT FORM.** A veterinarian shall report a brucellosis test result under  
21 sub. (3) in writing, on a form approved by the department. The report shall include  
22 the official individual identification of the animal tested, and any other information  
23 required by the USDA brucellosis in cervidae uniform methods and rules dated

1 September, 1998. The veterinarian shall sign the report form. A report form may  
2 only be used for its intended purpose.

3 (5) IDENTIFYING TESTED ANIMALS. If a veterinarian collects a brucellosis test  
4 sample from a cervid that does not yet have an official individual identification, the  
5 veterinarian shall identify the cervid with an official individual identification.

6 (6) BRUCELLOSIS REACTORS. (a) The department shall classify a cervid as a  
7 brucellosis reactor if the cervid qualifies as a reactor under the USDA brucellosis in  
8 cervidae uniform methods and rules dated September, 1998.

9 (b) Within 15 days after the department classifies a cervid as a brucellosis  
10 reactor, the animal owner shall do all the following:

11 1. Have the cervid identified as a reactor and shipped to slaughter in  
12 compliance with the USDA brucellosis in cervidae uniform methods and rules dated  
13 September, 1998.

14 2. Clean and disinfect the premises where the cervid was kept.

15 (c) The department may, for good cause, extend a deadline under par. (b). The  
16 department may not extend a deadline under par. (b)1. for more than 15 days.

17 (7) BRUCELLOSIS INDEMNITY. An animal owner may request an indemnity  
18 under s. 95.26(7), Stats., for a slaughtered brucellosis reactor. The animal owner shall  
19 file the request with the department, on a form provided by the department. The owner  
20 shall include, with the request, a slaughter confirmation signed by an authorized  
21 employee of the department or the federal bureau. An animal owner does not qualify  
22 for an indemnity if the owner fails to comply with sub. (6).

1 **NOTE:** Copies of the USDA brucellosis in cervidae uniform methods and rules  
2 dated September, 1998 (APHIS publication 91-45-12) are on file with  
3 the department, the secretary of state and the revisor of the statutes.  
4 Copies may be obtained from:

5  
6 Wisconsin Department of Agriculture, Trade and Consumer Protection  
7 Division of Animal Health  
8 P.O. Box 8911  
9 Madison, WI 53708-8911  
10

11 **ATCP 10.675 Cervids; brucellosis herd certification. (1) INITIAL**

12 **CERTIFICATION.** The department may certify a herd of cervids as one of the following  
13 if the herd qualifies under the USDA brucellosis in cervidae uniform methods and rules  
14 dated September, 1998.

- 15 1. A brucellosis-free cervid herd.  
16 2. A brucellosis monitored cervid herd.

17 **(2) MAINTAINING CERTIFICATION.** To maintain a herd certification under sub.

18 (1), a herd owner shall comply with applicable requirements under the USDA  
19 brucellosis in cervidae uniform methods and rules dated September, 1998.

20 **(3) SUSPENDING OR REVOKING CERTIFICATION.** (a) The department may  
21 summarily suspend or revoke a herd certification under sub. (1) if any of the following  
22 occurs:

- 23 1. A cervid in the herd test positive for brucellosis.  
24 2. The herd owner fails to comply with sub. (2).

25 (b) The state veterinarian may issue a summary suspension or revocation notice  
26 under par. (a). The notice shall state the reason for the suspension or revocation. The  
27 herd owner may request a hearing before the department under ch. 227, Stats. A

1 request for a hearing does not automatically stay the summary suspension or  
2 revocation.

3 **NOTE:** Copies of the USDA brucellosis in cervidae uniform methods and rules  
4 dated September, 1998 (APHIS publication 91-45-12) are on file with  
5 the department, the secretary of state and the revisor of the statutes.

6 Copies may be obtained from:

7  
8 Wisconsin Department of Agriculture, Trade and Consumer Protection  
9 Division of Animal Health  
10 P.O. Box 8911  
11 Madison, WI 53708-8911  
12

13 **SECTION 85.** ATCP 10.68(1)(am) is created to read:

14 ATCP 10.68(1)(am) "Certified veterinarian" means a Wisconsin certified  
15 veterinarian whom the department has trained to perform fish disease control and  
16 eradication functions except that, for actions taken under this section outside this state,  
17 "certified veterinarian" means an accredited veterinarian.

18 **SECTION 86.** ATCP 10.68(1)(k) is amended to read:

19 ATCP 10.68(1)(k) "Salmonid" ~~means fish or fish eggs of the Salmonidae~~  
20 ~~family.~~ "Salmonidae" means fish or fish eggs of the family that includes trout,  
21 salmon, grayling, char, Dolly Vardon, whitefish, cisco and inconnu.

22 **SECTION 87.** ATCP 10.68(8)(note) is created to read:

23 **NOTE:** Under s. 93.21(5)(b), Stats., a person who files a late application for  
24 renewal of a registration certificate must pay, in addition to the fee  
25 prescribed under sub. (8), an additional fee equal to 20 percent of that  
26 registration fee.  
27

28 **SECTION 88.** ATCP 10.68(13)(a)1. and 2. are amended to read:

1           ATCP 10.68(13)(a)1. ~~An accredited~~ A certified veterinarian or certified fish  
2 inspector has issued a health certificate for that fish farm not earlier than January 1 of  
3 the preceding calendar year.

4           2. ~~An accredited~~ A certified veterinarian or certified fish inspector has issued a  
5 health certificate, not earlier than January 1 of the preceding calendar year, for each  
6 fish farm from which the fish farm operator received fish or fish eggs in the preceding  
7 calendar year.

8           **SECTION 89.** ATCP 10.68(14)(a) is amended to read:

9           ATCP 10.68(14)(a) No person may obtain a type 2 fish farm registration  
10 certificate for any calendar year beginning after December 31, 2001 unless ~~an~~  
11 ~~accredited~~ a certified veterinarian or certified fish inspector issues a health certificate  
12 for that fish farm not earlier than January 1 of the preceding calendar year. The  
13 ~~accredited~~ certified veterinarian or certified fish inspector shall issue the health  
14 certificate on a form provided by the department, based on a personal inspection of the  
15 fish farm. The ~~accredited~~ certified veterinarian or certified fish inspector shall use  
16 inspection, sampling and diagnostic methods specified by the department on the  
17 certification form.

18           **SECTION 90.** ATCP 10.68(14)(c) is amended to read:

19           ATCP 10.68(14)(c) ~~An accredited~~ A certified veterinarian or certified fish  
20 inspector who issues a health certificate under this subsection shall file the original  
21 certificate with the department, and shall provide at least 2 copies to the fish farm  
22 operator. A fish farm operator shall include a copy of the certificate with the  
23 operator's application for an annual fish farm registration certificate under sub. (7).

1           **SECTION 91.** ATCP 10.705 is created to read:

2           **ATCP 10.705 Temporary animal hold order.** (1) **DEPARTMENT MAY ISSUE.**

3           The department may issue a temporary animal hold order whenever the department has  
4           reason to believe that animals may have been illegally imported, or may have been  
5           exposed to an infectious, contagious or communicable disease. A temporary animal  
6           hold order may prohibit the movement of animals for up to 90 days while the  
7           department investigates the suspected illegal import or disease exposure. The  
8           department may, for good cause, extend the animal hold order for up to 90 days.

9           **(2) CONTENTS.** A temporary animal hold order shall contain the following  
10          information:

11          (a) The name and address of the person having custody or control of the  
12          animals covered by the order, if known.

13          (b) A description of the animals covered by the order.

14          (c) A description of the premises where the animals are to be held.

15          (d) The reason or justification for the order.

16          (e) The duration of the order, and all terms and conditions applicable to the  
17          order.

18          (f) Notice that a person adversely affected by the order may request a hearing  
19          under sub. (6).

20          **(3) SERVICE.** The department shall serve a temporary animal hold order in one  
21          of the following ways:

22          (a) Delivering the order, in person or by certified mail, to a person having  
23          custody or control of the animals covered by the order.

1 (b) Posting the order at 2 conspicuous places on the premises where the  
2 animals are kept.

3 (4) PROOF OF SERVICE. The department may prove service of a temporary  
4 animal hold order by means of an affidavit or certified mail return receipt.

5 (6) REVIEW OF ANIMAL HOLD ORDER. A person adversely affected by a  
6 temporary animal hold order may request a hearing before the department to review the  
7 order. The department shall conduct an informal hearing as soon as reasonably  
8 possible, and not later than 10 days after receiving a request for hearing. If the matter  
9 is not resolved after informal hearing, the person requesting the hearing may seek a  
10 formal hearing under ch. 227, Stats. A request for hearing does not automatically stay  
11 a temporary animal hold order.

12 **SECTION 92.** ATCP 10.71(title) is amended to read:

13 **ATCP 10.71(title) Destruction or removal ~~or~~ of animals illegally imported.**

14 **SECTION 93.** ATCP 10.71(1)(a) is amended to read:

15 ATCP 10.71(1)(a) The owner or custodian of the animal fails to produce a  
16 valid certificate of veterinary inspection ~~or interstate health certificate~~, if a certificate is  
17 required.

18 **SECTION 94.** ATCP 10.72(1)(d) is repealed and recreated to read:

19 ATCP 10.72(1)(d) Sell or move any animal in violation of this chapter, or an  
20 order issued under this chapter.

21 **SECTION 95.** ATCP 10.72(1)(g) and (h) are created to read:

22 ATCP 10.72(1)(g) Physically assault a department employee while that  
23 employee is performing his or her duties.

1 (h) Knowingly make any false statements to the department concerning any of  
2 the following:

- 3 1. The ownership, identification, age, vaccination status, test status, or health  
4 status of livestock.  
5 2. The purchase, sale or movement of livestock.

6 **SECTION 96.** ATCP 10 Appendix A and Appendix B are created to read:

1  
2  
3  
4  
5

## APPENDIX A

### Diseases Reported Within One Day

Foot and mouth disease	Bluetongue
Vesicular conditions including vesicular stomatitis	Equine encephalomyelitis (Eastern and Western)
Swine vesicular disease	African horse sickness
Rinderpest	African swine fever
Peste des petits ruminants	Classical swine fever
Contagious bovine pleuropneumonia	Avian influenza
Lumpy skin disease	Viscerotropic velogenic Newcastle disease
Rift Valley fever	Sheep pox and goat pox
Pseudorabies (Aujeszky's disease)	Brucellosis
Rabies	Tuberculosis
	Any disease that is foreign or exotic to Wisconsin

1  
2  
3  
4  
5  
6

## APPENDIX B

### Diseases Reported Within 10 Days

#### Multiple species diseases

Anthrax  
Echinococcosis/hydatidosis  
Heartwater  
Leptospirosis  
New world screwworm (*Cochliomyia*  
hominivorax)  
Old world screwworm (*Chrysomya*  
bezziana)  
Paratuberculosis also known as Johne's  
Disease  
Q Fever

#### Fish diseases

Epizootic haematopoietic necrosis  
Infectious haematopoietic necrosis  
Oncorhynchus masou virus disease  
Spring viraemia of carp  
Viral haemorrhagic septicaemia

#### Sheep and goat diseases

Caprine and ovine brucellosis (excluding  
*B. ovis*)  
Caprine arthritis/encephalitis  
Contagious agalactia  
Contagious caprine pleuropneumonia  
Enzootic abortion of ewes (ovine  
chlamydiosis)  
Maedi-visna  
Nairobi sheep disease  
Ovine epididymitis (*Brucella ovis*)  
Ovine pulmonary adenomatosis  
Salmonellosis (*S. abortusovis*)  
Scrapie

#### Cattle diseases

Bovine anaplasmosis  
Bovine babesiosis  
Bovine spongiform encephalopathy  
Bovine cysticercosis  
Bovine genital campylobacteriosis  
Infectious bovine rhinotracheitis /  
infectious pustular vulvovaginitis  
Dermatophilosis

Enzootic bovine leukosis  
Haemorrhagic septicaemia  
Malignant catarrhal fever  
Theileriosis

Trichomonosis  
Trypanosomosis (tsetse-borne)

#### Equine diseases

Contagious equine metritis  
Dourine  
Epizootic lymphangitis  
Equine infectious anemia  
Equine influenza  
Equine piroplasmosis  
Equine rhinopneumonitis  
Equine viral arteritis

#### Glanders

Horse mange  
Horse pox  
Japanese encephalitis  
Surra (*Trypanosoma evansi*)  
Venezuelan equine encephalomyelitis

**Swine diseases**

Atrophic rhinitis of swine  
Enterovirus encephalomyelitis  
Porcine cysticercosis  
Porcine reproductive and respiratory syndrome  
Transmissible gastroenteritis  
Trichinellosis

**Bee diseases**

Acariosis of bees  
American foulbrood  
European foulbrood  
Nosemosis of bees  
Varroosis

**Lagomorph diseases**

Myxomatosis  
Rabbit haemorrhagic disease

**Mollusc diseases**

Haplosporidiosis (*H. nelsoni* or *H. costale*)  
Bonamiosis  
Marteiliosis  
Mikrocytosis (*Mikrocytos mackini*)  
Perkinsosis

**Avian diseases**

Avian chlamydiosis  
Avian infectious bronchitis  
Avian infectious laryngotracheitis  
Avian mycoplasmosis (*M. gallisepticum*)  
Avian tuberculosis  
Duck virus enteritis  
Duck virus hepatitis  
Fowl cholera  
Fowl pox  
Fowl typhoid  
Infectious bursal disease (Gumboro disease)  
Marek's disease  
Pullorum disease  
Avian infectious encephalomyelitis.  
Orinthosis (psittacosis)  
Mycoplasma gallisepticum infection  
Paramylovirus infections of poultry other than Newcastle disease  
Salmonellosis  
Infectious laryngotracheitis

**Diseases of other animal species**

Leishmaniosis

**SECTION 97.** ATCP 11.01(1)(intro.) is amended to read:

ATCP 11.01(1) “Accredited tuberculosis-free herd” means a herd of bovine animals, cervidae cervids or goats which is certified as tuberculosis-free by one of the following:

**SECTION 98.** ATCP 11.01(2)(note) is created to read:

**NOTE:** See s. ATCP 10.05.

**SECTION 99.** ATCP 11.01(3) to (5) are repealed.

**SECTION 100.** ATCP 11.01(7) is amended to read:

ATCP 11.01(7) “Approved ~~feed lot~~ feedlot” means a feedlot for which the department has issued a permit under s. ATCP 11.14.

**SECTION 101.** ATCP 11.01(8) is repealed.

**SECTION 102.** ATCP 11.01(12m) is created to read:

(12m) “Brucellosis monitored herd” means a herd of cervids that is certified as a brucellosis monitored herd by one of the following:

- (a) The department under s. ATCP 10.675.
- (b) The authorized animal health agency in the state where the herd is located, under standards comparable to s. ATCP 10.675.

**SECTION 103.** ATCP 11.01(13m) is created to read:

ATCP 11.01(13m) “Brucellosis test eligible animals” means cattle and bison that are at least 18 months old as evidenced by the loss of the first pair of temporary incisor teeth, and official calfhood vaccinates that are parturient or post-parturient.

“Brucellosis test eligible animals” does not include any of the following:

- 1 (a) Steers.
- 2 (b) Spayed heifers.
- 3 (c) Official calfhood vaccinates of the dairy cattle breeds under 20 months old.
- 4 (d) Official calfhood vaccinates of bison or beef cattle breeds under 24 months
- 5 old. For purposes of this paragraph, animals that have their first pair of fully erupted
- 6 permanent incisor teeth are considered to be at least 24 months old.

7 **SECTION 104.** ATCP 11.01(17) is amended to read:

8 ATCP 11.01(17) "Certificate of veterinary inspection" means a written

9 certificate ~~prepared by an accredited veterinarian in compliance~~ that complies with s.

10 ATCP 11.02.

11 **SECTION 105.** ATCP 11.01(17m) is created to read:

12 ATCP 11.01(17m) "Certified brucellosis-free flock" means a flock of sheep that

13 is certified as brucellosis-free by one of the following:

- 14 (a) The department under s. ATCP 10.64.
- 15 (b) The authorized animal health agency in the state where the flock is located,
- 16 under standards comparable to s. ATCP 10.64.

17 **SECTION 106.** ATCP 11.01(18) is amended to read:

18 ATCP 11.01(18) "Certified brucellosis-free herd" means a herd of cattle,

19 cervids, or goats ~~which~~ that is certified as brucellosis-free by one of the following:

- 20 (a) The department under s. ATCP 10.14, ~~or~~ 10.61 or 10.675.
- 21 (b) The authorized animal health agency in the state where the herd is located,
- 22 under standards comparable to s. ATCP 10.14, ~~or~~ 10.61 or 10.675.

23 **SECTION 107.** ATCP 11.01(18m) is amended to read:

1 ATCP 11.01(18m) "~~Cervid~~" ~~is the singular form of the plural "Cervidae"~~.  
2 "~~Cervidae~~" means ~~members~~ a member of the family of animals ~~which~~ that includes  
3 deer, elk, moose, caribou, reindeer and the subfamily musk deer. "~~Cervidae~~"  
4 "Cervid" includes all "farm-raised deer".

5 SECTION 108. ATCP 11.01(20m) is repealed.

6 SECTION 109. ATCP 11.01(24) is amended to read:

7 ATCP 11.01(24) "Equine animal" ~~means a horse, mule, zebra, donkey or ass~~  
8 has the meaning given in s. 95.68(1)(a), Stats.

9 SECTION 110. ATCP 11.01(27) is amended to read:

10 ATCP 11.01(27) "Exotic ruminant" means a ruminant not indigenous to  
11 Wisconsin. "Exotic ruminant" includes llamas and other camelids, but does not  
12 include bovine animals ~~and cervidae~~ or cervids.

13 SECTION 111. ATCP 11.01(29m) is amended to read:

14 ATCP 11.01(29m) "Farm-raised deer" has the meaning given in s.  
15 95.001(1)(a), Stats., but does not include ~~cervidae~~ cervids kept by an institution  
16 accredited by the American association of zoological parks and aquariums.

17 SECTION 112. ATCP 11.01(30m) is created to read:

18 ATCP 11.01(30m) "Federally approved livestock import market" means a  
19 livestock market that complies with s. ATCP 11.04

20 SECTION 113. ATCP 11.01(32) is amended to read:

21 ATCP 11.01(32) "Feeder swine" means swine, ~~excluding boars, weighing less~~  
22 ~~than 175 pounds~~ that weigh 80 pounds or less and are kept for the sole purpose of  
23 feeding for slaughter.

1           **SECTION 114.** ATCP 11.01(32m) is created to read:

2           ATCP 11.01(32m) “Feeder swine pseudorabies monitored herd” means a herd  
3 of swine which is certified as being a feeder swine pseudorabies monitored herd by one  
4 of the following:

5           (a) The department under s. ATCP 10.34.

6           (b) The authorized animal health agency in the state where the herd is located,  
7 under standards comparable to s. ATCP 10.34.

8           **SECTION 115.** ATCP 11.01(33) is repealed and recreated to read:

9           ATCP 11.01(33) “Flock” as applied to poultry means all poultry on a farm,  
10 except that the department may designate as a separate “flock” any group of poultry  
11 that has not been allowed to commingle with other poultry on a farm for at least 21  
12 days.

13           **SECTION 116.** ATCP 11.01(33m) is created to read:

14           ATCP 11.01(33m) “Flock” as applied to sheep means a commonly owned or  
15 controlled group of sheep that have at some time been commingled or allowed to  
16 commingle with other sheep in the group.

17           **SECTION 117.** ATCP 11.01(35) is amended to read:

18           (35) “Hatchery” means premises used to hatch poultry, ~~including~~ or ratites.

19           “Hatchery” includes buildings, incubators, hatchers and auxiliary equipment.

20           **SECTION 118.** ATCP 11.01(37) is repealed and recreated to read:

21           ATCP 11.01(37) “Herd” means a commonly owned or controlled group of  
22 animals, of the same species, that have at some time been commingled or allowed to  
23 commingle with other animals in the group.

1 SECTION 119. ATCP 11.01(39) is repealed.

2 SECTION 120. ATCP 11.01(47 ) is repealed.

3 SECTION 121. ATCP 11.01(49) and (50) are amended to read:

4 ATCP 11.01(49) "Mycoplasmosis" means a disease of poultry caused by  
5 bacteria of the genus *Mycoplasma gallisepticum*.

6 (50) "National poultry improvement plan" means the ~~national poultry~~  
7 ~~improvement~~ plan established by the federal bureau under 9 CFR 145. *check*

8 SECTION 122. ATCP 11.01(52) and (53) are amended to read:

9 ATCP 11.01(52) "Official ~~back-tag~~ backtag" means an identification ~~back-tag~~  
10 backtag, approved by the federal bureau or the department, that conforms to the ~~8~~  
11 ~~character alpha-numeric~~ national uniform backtagging system.

12 (53) "Official eartag" means an identification eartag, approved by the federal  
13 bureau or the department, that conforms to the ~~9-character alpha-numeric~~ national  
14 uniform eartagging system.

15 SECTION 123. ATCP 11.01(54)(e) is amended to read:

16 ATCP 11.01(54)(e) The official breed registration lip tattoo number of an  
17 equine animal which uniquely identifies that equine animal.

18 SECTION 124. ATCP 11.01(54)(f)2. is amended to read:

19 ATCP 11.01(54)(f)2. The equine animal's sexual status ~~as a gelding, mare or~~  
20 ~~stallion, which may be abbreviated as "G", "M" or "S" respectively.~~

21 SECTION 125. ATCP 11.01(54)(i) is renumbered ATCP 11.01(54)(j).

22 SECTION 126. ATCP 11.01(54)(i) is created to read:

1 ATCP 11.01(54)(i) For a swine weighing 80 pounds or less, the premises  
2 identification of the premises of origin.

3 SECTION 127. ATCP 11.01(61) and (62) are repealed.

4 SECTION 128. ATCP 11.01(63) is amended to read:

5 ATCP 11.01(63) "Person" includes any individual, corporation, partnership  
6 association, ~~or firm~~ limited liability company, trust, governmental entity, or other  
7 organization or entity.

8 SECTION 129. ATCP 11.01(68) is amended to read:

9 ATCP 11.01(68) "Qualified pseudorabies negative herd: means a herd of swine  
10 ~~which~~ that is certified ~~as being pseudorabies negative~~ by one of the following:

11 (a) The department under s. ATCP ~~10.30~~ 10.32.

12 (b) The authorized animal health agency in the state where the herd is located,  
13 under standards comparable to s. ATCP ~~10.30~~ 10.32.

14 SECTION 130. ATCP 11.01(68m) is created to read:

15 ATCP 11.01(68m) "Qualified pseudorabies negative grow-out herd" means a  
16 grow-out herd of swine that is certified by one of the following:

17 (a) The department under s. ATCP 10.33.

18 (b) The authorized animal health agency in the state where the herd is located,  
19 under standards comparable to s. ATCP 10.33.

20 SECTION 131. ATCP 11.01(70g) is created to read:

21 ATCP 11.01(70g) "Shipped directly to a slaughtering establishment" means

22 delivered to a slaughtering establishment within 10 days without leaving slaughter

23 channels, except that if an animal is a brucellosis, tuberculosis, pseudorabies, chronic

1 wasting disease or scrapie reactor, “shipped directly to a slaughtering establishment”  
2 means delivered to a slaughtering establishment without being off-loaded at any other  
3 location in this state.

4 **SECTION 132.** ATCP 11.01(71) is amended to read:

5 ATCP 11.01(71) “Slaughtering establishment” means a slaughtering  
6 establishment ~~which is subject to licensing~~ that is licensed by the department, or subject  
7 to inspection by the United States department of agriculture. “Slaughtering  
8 establishment” includes all premises used in connection with a slaughter operation.

9 **SECTION 133.** ATCP 11.01(80m) and (80r) are amended to read:

10 ATCP 11.01(80m) “Tuberculosis monitored herd” means a herd of ~~cervidae~~  
11 cervids that is certified as a tuberculosis monitored herd by one of the following:

12 (a) ~~By the~~ The department under s. ATCP 10.67(3).

13 (b) ~~By the~~ The authorized animal health agency of the state ~~in which~~ where the  
14 herd is located, using standards comparable to those ~~specified~~ under s. ATCP 10.67(3).

15 ATCP 11.01(80r) “Tuberculosis qualified herd” means a herd of ~~cervidae~~  
16 cervids that is certified as a tuberculosis qualified herd by one of the following:

17 (a) ~~By the~~ The department under s. ATCP 10.67(2).

18 (b) ~~By the~~ The authorized animal health agency of the state ~~in which~~ where the  
19 herd is located, using standards comparable to those ~~specified~~ under s. ATCP 10.67.

20 **SECTION 134.** ATCP 11.01(81)(b) is repealed and recreated to read:

21 ATCP 11.01(81)(b) A single cervical tuberculin test or a comparative cervical  
22 tuberculin test for cervids.

23 **SECTION 135.** ATCP 11.01(82m) is created to read:

1 ATCP 11.01(82m) "USDA" means the United States department of  
2 agriculture.

3 SECTION 136. ATCP 11.01(83) is amended to read:

4 ATCP 11.01(83) "Validated brucellosis-free herd" means a herd of swine  
5 which is certified as brucellosis-free by one of the following"

6 (a) The department under s. ATCP ~~10.33~~ 10.36.

7 (b. The authorized animal health agency of the state ~~in which~~ where the herd is  
8 located, under standards comparable to s. ATCP ~~10.33~~ 10.36.

9 SECTION 137. ATCP 11.01(84m) is created to read:

10 ATCP 11.01(84m) "Wisconsin certified veterinarian" means a veterinarian  
11 certified under s. ATCP 10.05.

12 SECTION 138. ATCP 11.01(85) is amended to read:

13 ATCP 11.01(85) "Zoo" or "zoological park" means any park, building, cage,  
14 enclosure, or other structure or ~~premise~~ premises in which a live animal or animals are  
15 kept for public exhibition or viewing, regardless of whether admission or other  
16 consideration is paid by the viewer.

17 SECTION 139. ATCP 11.02 and 11.03 are repealed and recreated to read:

18 ATCP 11.02 **Certificate of veterinary inspection.** (1) CERTIFICATE  
19 REQUIRED FOR IMPORT. No person may import any of the following animals into this  
20 state unless the animal is accompanied by a valid certificate of veterinary inspection:

21 (a) Bovine animals, except as provided under s. ATCP 11.11(1)(b).

22 (b) Swine, except as provided under s. ATCP 11.20(1)(b).

23 (c) Equine animals, except as provided under s. ATCP 11.30(1).

1 (d) Poultry.

2 (e) Sheep.

3 (f) Goats.

4 (g) Dogs or domestic cats.

5 (h) Circus, rodeo, racing or menagerie animals.

6 (i) Exotic ruminants and South American camelids

7 (j) Cervids.

8 (k) Ratites, except ratites imported directly from a federal quarantine facility.

9 (2) WHO MAY ISSUE. An accredited veterinarian shall prepare and sign a  
10 certificate of veterinary inspection, except that a Wisconsin certified veterinarian shall  
11 prepare and sign a certificate issued in Wisconsin.

12 (3) FORM. (a) A certificate of veterinary inspection shall be issued on a form  
13 provided by the department, the federal bureau or the state in which the certificate is  
14 issued. A certificate issued in this state shall be issued on a form provided by the  
15 department.

16 **NOTE:** A certificate of veterinary inspection issued in another state for fish  
17 imported to this state must also be issued on a form provided by the  
18 department. See ATCP 11.58(15).

19  
20 (b) A veterinarian may obtain a certificate of veterinary inspection form from  
21 the department. The department shall charge a fee of \$3 for each form provided.

22 **NOTE:** Veterinarians may obtain certificate forms and pay fees by contacting  
23 the department at the following address:

24  
25 Wisconsin Department of Agriculture, Trade and Consumer Protection  
26 Animal Health Laboratory  
27 6101 Mineral Point Road  
28 Madison, WI 53705-4494

1 Phone: (608) 266-2465, (800) 608-8387

2 Fax: (608) 267-0636

3  
4 (4) CONTENTS. A certificate of veterinary inspection shall include all the  
5 following:

6 (a) Identification of each animal covered by the certificate. Official individual  
7 identification is required for bovine animals, swine, equine animals, sheep 6 months of  
8 age or older, goats, ratites and cervids. Except as provided under s. ATCP 11.03,  
9 official individual identification is not required for any of the following if the certificate  
10 clearly identifies the shipment destination and the number of animals included in the  
11 shipment:

12 1. Poultry.

13 2. Veal calves or steers originating from a brucellosis-free state or nation, or a  
14 brucellosis class A state.

15 (b) The species, breed, sex and age of the animal.

16 (c) The name and address of the person shipping the animal, and the location  
17 from which the animal is shipped.

18 (d) The name and address of the person receiving the animal, and the location  
19 at which the animal will be received.

20 (e) Any information required under this chapter for the import or movement of  
21 the animal.

22 **NOTE:** This chapter requires additional information for the import or  
23 movement of certain animals. Required information may include, for  
24 example, information related to herd or flock of origin, animal  
25 vaccination status or diagnostic test results. The department may also  
26 require additional information under s. ATCP 11.03.  
27

1 (f) If the certificate pertains to a shipment of farm-raised deer shipped from any  
2 location in this state, the registration number of the person registered under s. ATCP  
3 10.652 who kept those farm-raised deer at that location.

4 (g) The following statement, or one substantially similar:

5 **"I certify, as a veterinarian, that I have inspected the animals identified on**  
6 **this certificate and that the animals are not showing signs of contagious or**  
7 **infectious disease, except where noted. Vaccinations and test results are as**  
8 **indicated on the certificate. To the best of my knowledge, the animals**  
9 **identified on this certificate meet applicable federal and state of destination**  
10 **requirements."**

11  
12 (h) The veterinarian's signature and date of signature.

13 (5) CERTIFICATE VALID FOR 30 DAYS. (a) Except as provided under par. (b) or  
14 s. ATCP 11.03, a certificate of veterinary inspection is valid for 30 days.

15 (b) Except as provided in s. ATCP 11.03, a certificate of veterinary inspection  
16 is valid for 90 days if all the following apply:

17 1. A veterinarian issues the certificate for the interstate movement of an animal  
18 solely for exhibition at a livestock fair, exhibition or show.

19 2. The animal returns to its herd of origin after being exhibited.

20 (6) FILING COPIES OF CERTIFICATE. (a) If this chapter requires a certificate of  
21 veterinary inspection to accompany animals imported to this state, the veterinarian who  
22 signs the certificate shall also file copies with the department and the chief livestock  
23 health official in the state of origin. The veterinarian shall file the copies within 7 days  
24 after the import shipment date.

25 (b) Whenever a Wisconsin certified veterinarian issues a certificate of  
26 veterinary inspection for export or intrastate movement of Wisconsin animals, the

1 veterinarian shall file a copy of the certificate with the department within 7 days after  
2 the export or intrastate movement. If the animals are being exported, the veterinarian  
3 shall also file a copy of the certificate with the chief livestock health official of the state  
4 of destination.

5 (7) ANIMAL IMPORTED TO CONSIGNMENT SALE; CERTIFICATE TO ACCOMPANY  
6 ANIMAL WHEN SOLD. (a) If an animal is imported on consignment to a livestock dealer  
7 or market operator, for sale on behalf of an out-of-state seller, any required certificate  
8 of veterinary inspection that accompanies the imported animal shall continue to  
9 accompany that animal until the purchaser receives it.

10 (b) Whenever a Wisconsin certified veterinarian issues a certificate of  
11 veterinary inspection for an imported animal sold on consignment in this state, the  
12 certificate may incorporate pertinent health information from the certificate that  
13 accompanied the imported animal. The veterinarian may issue the certificate on the  
14 same certification form if the form is specifically designed for that purpose, or the  
15 veterinarian may issue a separate certificate that includes the following statement or one  
16 substantially similar:

17 **“The vaccination record, test results, and source herd information on this**  
18 **certificate have been copied from the incoming certificate of veterinary**  
19 **inspection that was issued by (accredited veterinarian), who certified the**  
20 **information at (address and state of origin) on (date). A copy of the**  
21 **incoming certificate is attached.”**

22 (c) Within 7 days after a Wisconsin certified veterinarian issues a certificate of  
23 veterinary inspection under par. (b), that veterinarian shall file with the department  
24 copies of that certificate and the certificate that accompanied the imported animal under  
25 par. (a).  
26

1       **ATCP 11.03 Import restrictions.** (1) **GENERAL.** (a) Persons importing  
2 animals to this state shall comply with applicable import requirements under this  
3 chapter and chs. ATCP 10 and 12.

4       (b) The state veterinarian may by written notice or by oral notice confirmed in  
5 writing, direct a person to comply with additional import requirements if the state  
6 veterinarian determines, based on an epidemiological evaluation of current disease risks  
7 in the herd, state or nation of origin, that those additional requirements are needed to  
8 prevent the spread of disease to this state.

9       **NOTE:** Whenever the state veterinarian imposes additional import  
10 requirements under par. (a), the department will determine whether those  
11 import requirements have general application. If the requirements have  
12 general application, the department will adopt an emergency rule and  
13 promulgate a permanent rule adopting the requirements. If the import  
14 requirements do not have general application, the requirements constitute  
15 an order under s. 93.07(10), Stats., and are reviewable in a contested  
16 case proceeding under ch. 227, Stats., and ch. ATCP 1. Whenever an  
17 additional import requirement affects an entire state or a substantial  
18 portion of a state, the department will notify the chief animal health  
19 officer in the affected state.  
20

21       (c) No person who receives a notice of an additional import requirement under  
22 par. (a) may import an animal in violation of the additional import requirement.

23       (2) **IMPORT PERMIT.** (a) No person may import an animal to this state without  
24 first obtaining a written import permit from the department if a written permit is  
25 required by this chapter or chs. ATCP 10 or 12.

26       (b) The department may issue a written permit in paper or electronic form.

27 The department shall include a permit number on each written permit.

28       (c) The department shall grant or deny the permit within 30 days after the  
29 department received a complete permit application.

1 (d) An importer, or an accredited veterinarian acting on behalf of an importer,  
2 may apply for a permit in any of the following ways:

3 1. By telephone at (608) 224-4879.

4 2. By writing to the department at the following address:

5 Wisconsin Department of Agriculture, Trade and Consumer Protection  
6 Division of Animal Health  
7 P.O. Box 8911  
8 Madison, WI 53708-8911

9  
10 (e) A permit application under par. (d) shall include all the following  
11 information:

12 1. The name, address and telephone number of the importer. If an accredited  
13 veterinarian applies on behalf of an importer, the veterinarian shall also disclose his or  
14 her name, address and telephone number.

15 2. The name and address of the import recipient.

16 3. The type of animal being imported.

17 4. The number of animals being imported.

18 5. The state or nation from which the animals are being imported.

19 6. Any other information required by the department.

20 (f) The department may accept the information under par. (e) by telephone or  
21 other oral communications, or may require the applicant to submit the information in  
22 writing. The department may accept written information in hard copy or electronic  
23 form.

24 (g) An import permit expires 30 days after it is issued, unless the department  
25 specifies a different expiration date on the import permit.

1 (3) WRITTEN PERMIT WAIVING IMPORT REQUIREMENTS. (a) The state  
2 veterinarian may issue a written import permit that waives import requirements for a  
3 single import shipment if the state veterinarian determines that special conditions justify  
4 the waiver.

5 (b) A permit under par. (a) shall identify the import shipment, the import  
6 requirements waived, and the special conditions that justify the waiver. The permit  
7 may specify alternative import requirements that the state veterinarian deems necessary.

8 (c) A person applying for an import permit under par. (a) shall apply in writing.  
9 The application shall include all the information required under sub. (1) par. (e), and shall  
10 explain the special conditions that justify the permit.

11 (4) PERMIT RECORDS. The department shall keep, for at least 5 years, a record  
12 of every permit issued under this section.

13 SECTION 140. ATCP 11.04 is created to read:

14 **ATCP 11.04 Federally approved livestock import markets. (1) APPROVAL**  
15 **REQUIRED.** A livestock market is a federally approved livestock import market, for  
16 purposes of this chapter, if all the following apply:

17 (a) The livestock market is licensed under s. ATCP 12.02.

18 (b) The livestock market operator has a current agreement with the federal  
19 bureau under 9 CFR 71.20. *check*

20 (c) The department has authorized the livestock market to receive animal  
21 import shipments as a federally approved livestock import market under this chapter.

22 (d) The livestock market operates in compliance with this section.

1 (2) RECEIVING ANIMALS AT A FEDERALLY APPROVED LIVESTOCK IMPORT  
2 MARKET. Animals of a type identified in a federal livestock market agreement under  
3 sub. (1)(b) may be imported to that market without meeting import requirements under  
4 this chapter, provided that the animals are imported in compliance with 9 CFR 71, 78  
5 and 85 and the agreement under sub. (1)(b).

6 (3) REMOVING ANIMALS FROM A FEDERALLY APPROVED LIVESTOCK IMPORT  
7 MARKET. The operator of a federally approved livestock import market may not  
8 release any animal from that market to a Wisconsin destination unless the animal meets  
9 all applicable import requirements under this chapter.

10 (4) RECORDS. The operator of a federally approved livestock import market  
11 shall keep all records required by this chapter, ch. ATCP 12 and 9 CFR 71.20. The  
12 operator shall keep the records for at least 5 years, and shall make them available to the  
13 department for inspection and copying upon request.

14 **SECTION 141.** ATCP 11.10(1)(a)1. is amended to read:

15 ATCP 11.10(1)(a)1. Vaccinates, identifies or tests a bovine animal in order to  
16 complete ~~an interstate health certificate, a certificate of veterinary inspection, or any~~  
17 other official document or certification related to that animal.

18 **SECTION 142.** ATCP 11.10(2) and (3) are repealed and recreated to read:

19 ATCP 11.10(2) IDENTIFYING OFFICIAL BRUCELLOSIS VACCINATES. A  
20 veterinarian who vaccinates a bovine animal for brucellosis shall identify the animal in  
21 compliance with the USDA brucellosis eradication uniform methods and rules dated  
22 February 1, 1998.

1       **NOTE:** Copies of the USDA brucellosis eradication uniform methods and rules  
2       dated February 1, 1998 (APHIS publication 91-45-011) are on file with  
3       the department, the secretary of state and the revisor of the statutes.  
4       Copies may be obtained from:

5  
6       Wisconsin Department of Agriculture, Trade and Consumer Protection  
7       Division of Animal Health  
8       P.O. Box 8911  
9       Madison, WI 53708-8911

10  
11       (3) REACTOR IDENTIFICATION. (a) Tuberculosis reactors shall be identified  
12 according to s. ATCP 10.16.

13       (b) Brucellosis reactors shall be identified according to s. ATCP 10.36.

14       (c) Paratuberculosis reactors shall be identified according to s. ATCP 10.21.

15       **SECTION 143.** ATCP 11.10(4)(d) is amended to read:

16       ATCP 11.10(4)(d) *Records kept and made available.* Records under pars. (b)  
17 and (c) shall be kept for a period of ~~2~~ 5 years, and shall be made available to the  
18 department for inspection and copying upon request.

19       **SECTION 144.** ATCP 11.11 and 11.12 are repealed and recreated to read:

20       **ATCP 11.11 Bovine animals; import.** (1) **CERTIFICATE OF VETERINARY**  
21 **INSPECTION.** (a) *Requirement.* Except as provided in par. (b), no person may import a  
22 bovine animal into this state unless the animal is accompanied by a valid certificate of  
23 veterinary inspection. The certificate shall comply with s. ATCP 11.02 and shall  
24 include the following information:

25       1. The official individual identification of the bovine animal. Official  
26 individual identification is not required for veal calves or steers imported from a  
27 brucellosis free state or nation, or from a brucellosis class A state, provided that the

1 certificate clearly identifies the shipment destination and the number of animals  
2 included in the shipment.

3 2. A report of a negative brucellosis test conducted not more than 30 days  
4 before the animal enters this state, unless the animal is exempt from the brucellosis  
5 testing requirement under sub. (2).

6 3. The written import permit number, if a written import permit is required  
7 under sub. (3), (5) or (6).

8 4. A report of a negative tuberculosis test conducted not more than 60 days  
9 before the animal enters this state, unless the animal is exempt from the tuberculosis  
10 testing requirement under sub. (4).<sup>(b)</sup>

11 5. If the animal is imported to an approved feed lot, the permit number  
12 assigned to that feed lot under s. ATCP 11.14.

13 6. Any other information required under this section.

14 (b) *Exemptions.* A certificate of veterinary inspection is not required under  
15 par. (a) for any of the following:

16 1. An animal imported directly to a slaughtering establishment for slaughter.

17 2. An animal imported directly to a federally approved livestock import market  
18 under s. ATCP 11.04.

19 3. A calf under 30 days old originating from a brucellosis-free state or nation,  
20 or from a brucellosis class A state.

21 (2) BRUCELLOSIS TEST. (a) *Requirement.* Except as provided in par. (b), no  
22 person may import a bovine animal into this state unless the animal tests negative on a

1 pre-import brucellosis test. Except as provided in par. (c), the pre-import brucellosis  
2 test shall be conducted not more than 30 days before the animal enters this state.

3 (b) *Exemptions.* Paragraph (a) does not require a pre-import brucellosis test  
4 for any of the following animals:

- 5 1. An animal imported directly to a slaughtering establishment for slaughter.
- 6 2. An animal originating from a brucellosis-free state or nation, unless testing  
7 is required under s. ATCP 11.03(5)(c). ← no such A  
see p. 85
- 8 3. An animal originating from a certified brucellosis-free herd.
- 9 4. An animal imported directly to a federally approved livestock import market  
10 under s. ATCP 11.04.
- 11 5. A steer or official spayed heifer.
- 12 6. A calf under 6 months old originating from a brucellosis class A state.
- 13 7. An official vaccinate under 20 months old originating from a brucellosis  
14 class A state.
- 15 8. Feeder cattle originating from a brucellosis class A state that are imported  
16 directly to an approved feedlot.

17 (c) *Exhibition animals; extended time for pre-import test.* An animal may be  
18 tested for brucellosis up to 90 days before the animal enters this state if all the  
19 following apply:

- 20 1. The animal originates from a brucellosis class A state.
- 21 2. The animal is imported solely for exhibition at a fair or livestock exhibition.
- 22 3. The animal returns to its herd of origin after being exhibited at the fair or  
23 livestock exhibition.

1 (d) *Test method.* A laboratory approved by the department or the federal  
2 bureau shall conduct a brucellosis test under par. (a). The laboratory shall conduct the  
3 test using the tube, plate, or buffered acidified plate antigen (BAPA) test method, or  
4 another test method approved by the department.

5 (3) **IMPORT FROM BRUCELLOSIS CLASS B OR C STATES.** (a) *Written*  
6 *authorization required.* Except as provided in par. (b), no person may import a bovine  
7 animal originating from a brucellosis class B or C state unless the department first  
8 issues a written permit under s. ATCP 11.03 authorizing that import shipment.

9 (b) *Exceptions.* Paragraph (a) does not apply to any of the following:

- 10 1. An animal imported directly to a slaughtering establishment for slaughter.
- 11 2. An animal originating from a certified brucellosis-free herd.
- 12 3. A steer or official spayed heifer.

13 (4) **TUBERCULOSIS TEST.** (a) *Requirement.* Except as provided in par. (b), no  
14 person may import a bovine animal into this state unless the animal tests negative on a  
15 pre-import tuberculosis test. Except as provided under par. (c), the pre-import  
16 tuberculosis test shall be conducted not more than 60 days before the animal enters this  
17 state.

18 (b) *Exemptions.* Paragraph (a) does not require a pre-import tuberculosis test  
19 for any of the following:

- 20 1. An animal imported directly to a slaughtering establishment for slaughter.
- 21 2. An animal imported directly to a federally approved livestock import market  
22 under appropriate documents required by the federal bureau.
- 23 3. Feeder cattle imported directly to an approved feedlot.

1 4. A calf under 6 months old.  
2 5. An animal originating from an accredited tuberculosis-free state or nation.  
3 provided that Wisconsin animals may be shipped to that state or nation without a prior  
4 tuberculosis test, unless testing is required under s. ATCP 11.03(5)(c).

5 6. An animal originating from an accredited tuberculosis-free herd if the animal is  
6 accompanied by a certificate of veterinary inspection that includes the tuberculosis-free  
7 herd certification number of the herd of origin and the date on which the herd of origin  
8 was last tested for tuberculosis.

9 (c) *Exhibition animals; extended time for pre-import test.* An animal may be  
10 tested for tuberculosis up to 90 days before the animal enters this state if all the  
11 following apply:

- 12 1. The animal originates from an accredited tuberculosis-free state or nation, or  
13 an accredited tuberculosis-free herd.
- 14 2. The animal is imported solely for exhibition at a fair or livestock exhibition.
- 15 3. The animal returns to its herd of origin after being exhibited at the fair or  
16 livestock exhibition.

17 **ATCP 11.12 Reactor and suspect animals; import restricted. (1)**  
18 BRUCELLOSIS REACTORS; IMPORT RESTRICTED. No person may import a brucellosis  
19 reactor into this state, except that a reactor originating from an adjacent state may be  
20 imported directly to a slaughtering establishment for slaughter if all the following apply:  
21 (a) The department first issues a written import permit under s. ATCP 11.03 that  
22 identifies the animal as a brucellosis reactor imported for slaughter.

1 (b) Brucellosis reactors from this state may be imported to that adjacent state for  
2 slaughter under equivalent terms and conditions.

3 (2) TUBERCULOSIS SUSPECTS AND REACTORS; IMPORT RESTRICTED. (a)  
4 *Tuberculosis reactors.* No person may import a tuberculosis reactor into this state,  
5 except that a tuberculosis reactor may be imported directly to a slaughtering  
6 establishment for slaughter if the department first issues a written import permit under  
7 s. ATCP 11.03 that identifies the animal as a tuberculosis reactor imported for  
8 slaughter.

9 (c) *Tuberculosis suspects.* No person may import a tuberculosis suspect into this  
10 state until the suspect status is resolved, except that a tuberculosis suspect may be  
11 imported directly to a slaughtering establishment for slaughter if the department first  
12 issues a written import permit under s. ATCP 11.03 that identifies the animal as a  
13 tuberculosis suspect imported for slaughter.

14 (3) PARATUBERCULOSIS REACTORS; IMPORT. No person may import to this state a  
15 bovine animal determined to be a paratuberculosis reactor under s. ATCP 10.21(9)  
16 unless an accredited veterinarian first identifies that reactor with a permanent  
17 paratuberculosis reactor identification approved by the department.

18 SECTION 145. ATCP 11.13 is repealed. *x-ref. in 102-20*

19 SECTION 146. ATCP 11.14(title), (1) and (1)(note) are amended to read:

20 ATCP 11.14 **Approved ~~feed lot~~ feedlot.** (1) PERMIT. The department may  
21 issue an annual permit designating a ~~feed lot~~ feedlot as an "approved ~~feed lot~~ feedlot."  
22 A permit expires on June 30 annually. Under s. 93.06(7), Stats., the department may

1 deny, suspend or revoke a permit for cause, including violations of this chapter or  
2 other animal health laws.

3 **NOTE:** Not every ~~feed lot~~ feedlot is required to hold an approved ~~feed lot~~ feedlot  
4 permit under this section. However feeder cattle imported directly to an  
5 approved ~~feed lot~~ feedlot are exempt from certain import restrictions and  
6 pre-import testing requirements, as provided in s. ATCP 11.11.

7  
8 **SECTION 147.** ATCP 11.14(3)(c) and (d) are amended to read:

9 ATCP 11.14(3)(c) The ~~feed lot~~ feedlot shall be devoid of vegetation.

10 (d) Every animal in the ~~feed lot~~ feedlot, except a steer or official spayed heifer,  
11 shall have an official individual identification. If an animal is received without an official  
12 individual identification, the ~~feed lot~~ feedlot operator shall immediately identify the  
13 animal with ~~an~~ official ear tag individual identification.

14 **SECTION 148.** ATCP 11.14(4) is amended to read:

15 ATCP 11.14(4) REMOVAL OF FEEDER CATTLE. Except as specifically authorized  
16 by the department in writing, no feeder cattle or cattle commingled with feeder cattle may  
17 be removed from an approved ~~feed lot~~ feedlot except to a licensed slaughtering  
18 establishment for slaughter.

19 **SECTION 149.** ATCP 11.14(5)(intro.) is amended to read:

20 ATCP 11.14(5) RECORDS. The operator of an approved ~~feed lot~~ feedlot shall  
21 keep complete and accurate records of all feeder cattle entering and leaving the  
22 approved feedlot. Records shall be held for at least ~~2~~ 5 years after the feeder cattle  
23 leave the approved feedlot, and shall be made available for inspection and copying by  
24 the department upon request. Records shall include:  
25 <sup>all.</sup>  
26 <sub>^</sub>

**SECTION 150.** ATCP 11.14(5)(b) is amended to read:

1 ATCP 11.14(5)(b) A record of each feeder cattle shipment leaving the  
2 approved ~~feed lot~~ feedlot, including the date of shipment, the number of feeder cattle  
3 included in the shipment, the official individual identification of each animal included  
4 in the shipment, and the name and address of the person receiving the shipment.  
5 Official individual identification need not be recorded for steers and official spayed  
6 heifers.

7 **SECTION 151.** ATCP 11.16 is repealed. *WJ*

8 **SECTION 152.** ATCP 11.17 is amended to read:

9 **ATCP 11.17 Intrastate movement of bovine animals; paratuberculosis**  
10 **reactors.** No person may sell or move ~~an~~, from a location in this state, a bovine  
11 animal determined to be a paratuberculosis reactor under s. ATCP 10.21(9) unless ~~an~~  
12 accredited a Wisconsin certified veterinarian first identifies that reactor with a  
13 permanent paratuberculosis reactor identification approved by the department.

14 **SECTION 153.** ATCP 11.20 is repealed and recreated to read:

15 **ATCP 11.20 Swine; import.** (1) CERTIFICATE OF VETERINARY INSPECTION.

16 (a) *Requirement.* Except as provided in par. (b), no person may import a swine into  
17 this state unless the swine is accompanied by a valid certificate of veterinary inspection.  
18 The certificate shall comply with s. ATCP 11.02 and shall include the following  
19 information:

20 1. The official individual identification of the swine.

21 **NOTE:** A person may use, as the "official individual identification" of feeder  
22 swine, the premises identification of the premises where the feeder swine  
23 originated. See s. ATCP 11.01(54)(i). *— p. 76, l. 1*  
24
