

PLEDGE OF ACTION TO

DEFEND THE UNIVERSITY OF WISCONSIN

1 - It's time for a *tuition reduction*.

- The skyrocketing cost of tuition in Wisconsin has priced the public out of an education, thus forcing students and parents into debt and jeopardizing the future of Wisconsin.

2 - An increased commitment to a quality education

- We need to prioritize our libraries - yet UW-System libraries subscribe to 7,000 fewer journals today than in 1991 due to a lack of funding
- We must prioritize increased funding for full time advisors who focus on transfer credits, career advising and time-to-degree issues.

3 - Make higher education a priority in the state budget

- Gov. Thompson has proposed a 20% increase in the prison budget - yet he balks at any increase in the education budget - where are the state's priorities?
- Its time to shift the balance of burden - from working Wisconsin families to the corporations that benefit from a UW-System educated workforce.

*We pledge ourselves to take action
to defend the University of Wisconsin:*

2 - An increased commitment to a quality education

- We need to prioritize our libraries - yet UW-System libraries subscribe to 7,000 fewer journals today than in 1991 due to a lack of funding

- We must prioritize increased funding for full time advisors who focus on transfer credits, career advising and time-to-degree issues.

3 - Make higher education a priority in the state budget

- Gov. Thompson has proposed a 20% increase in the prison budget - yet he balks at any increase in the education budget - where are the state's priorities?

- Its time to shift the balance of burden - from working Wisconsin families to the corporations that benefit from a UW-System educated workforce.

*We pledge ourselves to take action

PLEDGE OF ACTION TO

DEFEND THE UNIVERSITY OF WISCONSIN

1 - It's time for a tuition reduction.

- The skyrocketing cost of tuition in Wisconsin has priced the public out of an education, thus forcing students and parents into debt and jeopardizing the future of Wisconsin.

2 - An increased commitment to a quality education

- We need to prioritize our libraries - yet UW-System libraries subscribe to 7,000 fewer journals today than in 1991 due to a lack of funding
- We must prioritize increased funding for full time advisors who focus on transfer credits, career advising and time-to-degree issues.

3 - Make higher education a priority in the state budget

- Gov. Thompson has proposed a 20% increase in the prison budget - yet he balks at any increase in the education budget - where are the state's priorities?
- Its time to shift the balance of burden - from working Wisconsin families to the corporations that benefit from a UW-System educated workforce.

*We pledge ourselves to take action
to defend the University of Wisconsin:*
