AB-226

To: Bob
From: Beth
Date: November 15, 1999
Re: Brewers Baseball Park Board – Questions for Appointees

1. Is the Board working to determine a sunset date for the sales and use tax, or will the tax continue in perpetuity in order to finance, for example, stadium renovations that may be needed 15 years from now?
 2. If the insurance carrier eventually determines that some accident-related expenses are ineligible for reimbursement, how will these costs be paid for? The sales and use tax?
 3. Will insurance funds cover all expenses related to the recent issuance of the \$30 million in additional bonds, such as bond counsel and legal fees?
 4. What will happen if there is inadequate insurance for the losses the Brewers may suffer this upcoming season? Will the District's annual maintenance and repair contribution for the completed stadium be increased above the current \$3.85 million stipulated in various agreements?
 5. Which efforts have been taken to provide support to minority and women-owned businesses, given that the Board has determined that all accident-related work is not subject to the statutory participation percentages and given that these businesses may have suffered financially as a result of disruption in their work?
-

Assembly Bill 186

* The late fee for filing late manufacturing self-reporting forms is "absurdly high". The Department of Revenue agrees that the fee is too high, and believes AB 186 would remedy that situation. Under the bill, a filed objection to a manufacturing property assessment must specify the reasons for the objection, the property owner's estimate of the correct assessment and the basis for that assessment.

Assembly Bill 226

- Current law requires the county treasurer to publish a Class 3 notice stating all names and addresses of persons for whom the officer or clerk holds money or security that has not been claimed for at least one year.
- AB 226 provides that the county treasurer must only include names and addresses of owners of money or security that has a value of \$10 or more. If no claims are made within six months of publication, the money or security valued at less than \$10 shall be turned over to the county treasurer.

Senate Bill 251

- This bill requires that a WHEDA loan may not exceed 97 % of the purchase price of the property, thereby removing the requirement that the property be appraised.
- WHEDA says this allows flexibility and reduces some exposure to loss. Property value insurance can be substituted for actual property appraisals.
- The Substitute Amendment to this bill provides that for each property for which a loan is made under the program, there must be either an independent appraisal or a property value insurance policy written on the property. This gives consumers the OPTION.

Senate Bill 252

- ?
- SB 252 repeals the exclusion of unimproved county lands from the annual county appropriation. As a result, the county board may appropriate money to a municipality and school district in an amount that equals the amount which would have been paid in municipal and school taxes on unimproved county-owned lands if those lands had been privately owned.

Senate Bill 228

- ?
- Provides that no annexation of town lands by a city or village may occur without the approval of the town board if:
 - The land to be annexed has been owned by the town for a least five years before the proposed annexation.
 - The land has been zoned for agricultural use for at least five years before the proposed annexation, or
 - The land has been assessed as agricultural use value land for at least five years before the proposed annexation
 - The bill also limits the ability of a city, village or town to extend sewer connections or water lines through property in another municipality unless the extension is approved by the governing body of the municipality on whose property the proposed extension is to be located.
 - Current law requires the PSC to authorize approval for this process. The bill removes the PSC from the process.

- Those opposing the bill (cities and villages) feel SB 228 gives towns the ability to create a "legal wall" around cities and villages, thereby isolating those municipalities and dividing the greater community.
- They also say it prohibits sewer and water utility extensions through towns even if a city or village owns the land in question. This could defeat the establishment of regional business parks, other forms of planned development, and the extension of needed utility services to other communities.
- Opponents also feel it would unduly restrict the rights of property owners by allowing towns to veto the wishes of the majority of owners in affected areas when the town owns the land in question.

DATE: November 9, 1999

TO: SENATOR ROBERT WIRCH, CHAIRPERSON, SENATE COMMITTEE ON ECONOMIC DEVELOPMENT, HOUSING AND GOVERNMENT OPERATIONS

FROM: Dan Fernbach, Senior Staff Attorney

SUBJECT: 1999 Assembly Bill 226, Relating to the Disposition of Unclaimed Funds in a Public Treasury

1999 Assembly Bill 226 was introduced by Representative Huber on March 23, 1999. The bill was unanimously recommended for passage by the Assembly Committee on Urban and Local Affairs; and on September 29, 1999, the bill passed the Assembly on a voice vote. A Senate public hearing on the bill is scheduled for November 16, 1999.

A. PRESENT LAW

Under present s. 59.66 (2) (a), Stats., each municipal (city, village, town or county) officer and each clerk of court must file with the county treasurer a report listing the *names and last-known addresses* of all persons for whom the officer or clerk holds money or security that *has not been claimed for at least one year*, including the amount of money or nature of the security held.

The county treasurer is then required to *publish a Class 3 notice* stating all the names and last-known addresses of the owners. If no claims are made for the money or security *within six months* after publication, the money or security must be turned over to the county treasurer. If the money or security then remains in the treasurer's possession or control for *more than one year*, the money or security shall be deposited, to the extent possible, in the *county's general revenue fund*.

If *within 10 years* of the treasurer's receipt of the money or security *the owner proves his or her right to the money or security*, the treasurer must pay or deliver the money or security to the owner, even if the property has been deposited into the county's general revenue fund. After the expiration of the 10-year period, the money or security becomes county property.

B. PROVISIONS OF ASSEMBLY BILL 226

Under Assembly Bill 226, the above-mentioned Class 3 notice published by the county treasurer must only include names and addresses of owners of money or security that has a *value of \$10 or more*. If no claims are made within six months of publication, the *money or security valued at less than \$10* shall be turned over to the county treasurer and *treated in the same manner* as money and security worth \$10 or more.

The Office of the State Treasurer indicated that the bill will not have an appreciable fiscal effect or cost.

DF:wu;rv

COUNTY OF MARATHON

COURTHOUSE

WAUSAU, WISCONSIN 54403-5568

COUNTY TREASURER
LORRAINE I. BEYERSDORFF

(715) 847-5241

NEW PHONE NUMBER 261-1150

Honorable State of Wisconsin Senators:

Thank you for your consideration of AB 226, changing publishing requirements of unclaimed county funds. I appreciate that Representative Greg Huber authored the bill and has continued his efforts to get it passed.

A county pays a variety of people and businesses by checks. When these checks are not cashed, the law requires publication of the name, address and amounts in the newspaper. In January of 1998, when I did the publication of over 600 uncashed checks, about 500 of them were under \$10.00. Most of these checks were from the sheriff's department to individuals reimbursing them for money turned in when incarcerated. If this bill passes the county would no longer publish the small amounts. The money would be held and the list of owners kept for 10 years so the owner could claim their money.

A number of people asked me why we spend county money publishing such insignificant amounts, I told them it was state law. A couple of former inmates came to claim "whatever was published" because friends told them to. They weren't happy to find out the amounts were \$.47 and \$.52. They asked why publish. I told them it was state law. After these incidents, I called Representative Huber and asked that we change the law.

Please pass AB 226.

Lorraine I. Beyersdorff
Marathon Co. Treasurer

NOTICE is hereby given, pursuant to Sec. 59.66 WI Stat., that the following unclaimed funds are being held in the Office of the Marathon County Treasurer. Listed below are the names and last known addresses of the owners of such unclaimed money unless the owners call for and prove their ownership of such money within 6 months from the time of this publication, the county treasurer will take possession or control of such money.
