## Assembly Bill 474

September 20, 1999

Testimony by Mike Thompson, Director, Student Services/Prevention and Wellness

Chairperson Ladwig of the Assembly Committee on Children and Families

On Behalf of the Department of Public Instruction and State Superintendent John Benson, we appreciate the opportunity to testify on Assembly Bill 474. This bill prohibits any official, employe or agent of a school board from conducting any survey, analysis or evaluation of pupils that may reveal information with respect to a pupil or the pupil's family about political affiliations, mental or psychological problems, sexual behavior or attitudes, illegal or antisocial behavior, critical appraisals of family members, privileged relationships, income or religious beliefs or practices, without the pupil's written consent if he or she is an adult or emancipated minor, or without the written consent of the pupil's parent or guardian if the pupil is an unemancipated minor.

We appreciate the intent of this bill to provide parents with information and decision making in their child's education, but believe it would have a serious impact on the ability at the state and local level to identify and understand some of the most important issues facing our youth today. Information on such issues as teen smoking, school safety, and alcohol and drug use is essential in developing effective programs and accountability measures for our prevention efforts. For example, the state currently administers the Youth Risk Behavior Survey (YRBS) supported through the national center for Disease Control. This survey is anonymous and does not personally identify any individuals or schools. It is the only statewide source for measuring many risk behaviors and assets of Wisconsin youth. The results of this survey conducted every two years provide valuable information that is utilized by state agencies, legislative study committees, policy makers and local communities to assess the current status of our youth.

Mandating that youth surveys, such as the YRBS, require active written parental permission would likely result in limited data that would not be generalizable to the population as a whole. Active parent permission means that a letter is sent home to parents describing the survey and their child's participation. Parents must send back a signed slip before their child can participate. Only those students with signed slips could participate. On the other hand, passive parent permission means that a letter is sent home to parents describing the survey and their child's participation. Parents return a slip only if they do not give permission for their child to participate.

Active parent permission drastically reduces the number of students who participate because of the difficulty of getting permission slips returned to school. Experienced survey researchers (at the CDC) report that active parent permission will reduce the response rate by 50%. Many students whose parents actually give permission are not able to participate because the slip was not returned. It may be misplaced or set aside by the parent or lost by the student. Passive parent permission is preferable and more widely used because it gives parents information and ability to withdraw their student, while making it easier for the vast majority of parents who do give

September 20, 1999

Testimony by Mike Thompson, Director, Student Services/Prevention and Wellness  
Chairperson Ladwig of the Assembly Committee on Children and Families

permission. Requiring active parent permission would drastically reduce the student response rate. Surveys by schools, community organizations and the state would be much more expensive to conduct because of the additional follow-up needed to remind parents to return the permission slip.

The current draft bill is not needed to require passive parent permission. That is the common practice in communities and statewide surveys. An amended bill that would require parent notification of surveys and ability to withdraw their child would only confirm current practice. We thank you for this opportunity to testify and would be happy to answer any questions you have regarding revisions to Wis. Stat. 118.126(2).

Re: Universal Bank bill AB 563

Dear Senator Erpenbach:

Please convey my support for AB 563 to your committee. I testified before the assembly committee and would have appeared before your committee except that I had made previous arrangements to be in Washington, D.C.

I was chairman of the Wisconsin League of Financial Institutions when the legislation was formulated by the league and the Wisconsin Bankers Association. It is a landmark effort by Wisconsin institutions, banks and thrifts to preserve the long standing tradition of safe, sound Wisconsin financial institutions. The Universal Bank Bill brings together thrifts and banks in a common effort to preserve the dual (State and Federal) financial system.

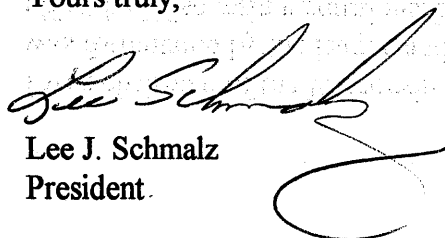

The Wisconsin legislature and financial supervision departments can look back in history and be proud of Wisconsin's strong financial institutions. We need to carry that tradition forward, continuing to provide the powers for Wisconsin financial institutions to bring to the public innovative and competitive products.

AB 563 will provide a valuable choice for our institutions that many states no longer provide. I hope that any objections will be constructive and amend the legislation positively that we may pass this legislation.

I trust you and your committee will pass legislation that Wisconsin can hold up to other states as responsible landmark financial legislation benefiting the industry and the public.

Thank you for your consideration.

Yours truly,

**Lee J. Schmalz**  
President.

Community Bankers of Wisconsin

March 3, 2000

MAR 06 2000

Senator Jon Erpenbach  
PO Box 7882  
Madison, WI 53707-7882

Dear Senator Erpenbach: *Jon*

It is my understanding that the Senate Privacy, Electronic Commerce and Financial Institutions committee will be holding hearing on AB 563, Universal Banks on March 8. Unfortunately I will be unavailable to attend the hearing.

Please register the Community Bankers of Wisconsin in support of AB 563. Our support of the bill is based upon the fact that we believe this bill strengthens the state charter for Wisconsin banks and savings institutions. With the passage of the Gramm-Leach-Bliley Act of 1999 federally chartered financial institutions were granted additional powers. Under AB 563 state chartered institutions would gain parity with federal charters.

CBW respectfully requests your support of AB 563. Thank you for your consideration.

Sincerely,

Daryll J. Lund  
President & CEO

# WISCONSIN LEGISLATURE

P.O. Box 7882 • Madison, WI 53707-7882

FEB 25 2000

February 24, 2000

The Honorable Senator Jon Erpenbach  
Chair, Senate Committee on Privacy, Electronic Commerce and Financial Institutions  
20 South  
Hand-Delivered

Dear Senator Erpenbach:

As you know, the Universal Bank Bill, Assembly Bill 563, unanimously passed the Assembly Financial Institutions Committee and received nearly unanimous support on the Assembly floor with a 96-1 vote in support of the measure.

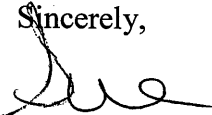

The passage of Gramm-Leach Bliley at the federal level escalates the need for passage of Assembly Bill 563. Unless Assembly Bill 563 is passed by the legislature, state banks will convert to federally chartered institutions. In fact they are already are converting. On Tuesday of this week, Mutual Savings Bank of Milwaukee and First Northern Capitol Corporation of Green Bay announced their plans to merge and convert to a Federal Thrift. The Presidents of both banks were instrumental in the drafting of the Universal Bank bill over three years ago and would have been willing to convert to a state Universal Bank had that option been available to them. This merger creates the largest savings institution in the state and will put pressure on other state-chartered institutions to also convert to remain competitive.

Senator Erpenbach, we are confident you agree that maintaining local control of our state-chartered institutions is of the utmost importance. State charters have already begun converting as a result of Gramm-Leach-Bliley, and there will be more. We owe it to Wisconsin consumers to have our banks regulated locally, rather than be forced to contact a federal agency located in Arizona.

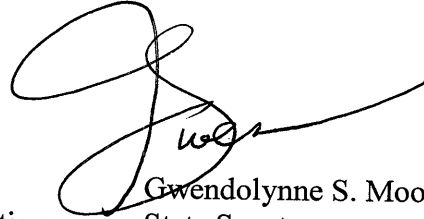

The Assembly Committee on Financial Institutions held a public hearing on Assembly Bill 573, authored by Representative Lasee and yourself, on February 16<sup>th</sup>. It is only fair that you display the same legislative courtesy to your colleagues, the authors of the Universal Banking legislation, and hold a public hearing on Assembly Bill 563. This bill can no longer be caught up in partisan politics. The legislation is essential to ensuring the existence and viability of our state-chartered taxpaying financial institutions.

Please contact us with your intentions on Assembly Bill 563. We anxiously await your response.

Sincerely,

Suzanne Jeskewitz  
Chair, Assembly Committee on Financial Institutions  
State Representative  
24<sup>th</sup> Assembly District

Gwendolynne S. Moore  
State Senator  
4<sup>th</sup> Senate District
