FOR 2001-03 BUDGET -- NOT READY FOR INTRODUCTION

1 AN ACT ...; relating to: state finances and appropriations, constituting the  
2 executive budget act of the 2001 legislature.  
adjustment

Analysis by the Legislative Reference Bureau

INTRODUCTION

This bill is the "executive budget bill" under section 16.47 (1) of the statutes. It contains the governor's recommendations for appropriations for the 2001-2003 fiscal biennium.

The bill repeals and recreates the appropriation schedule in chapter 20 of the statutes, thereby setting the appropriation levels for the 2001-2003 fiscal biennium. The descriptions that follow relate to the most significant changes in the law that are proposed in the bill. In most cases, changes in the amounts of existing spending authority and changes in the amounts of bonding authority under existing bonding programs are not discussed.

For additional information concerning this bill, see the department of administration's publication *Budget in Brief* and the executive budget books, the legislative fiscal bureau's summary document, and the legislative reference bureau's drafting files, which contain separate drafts on each policy item. In most cases, the policy item drafts contain a more detailed analysis than is printed with this bill.

GUIDE TO THE BILL

As is the case for all other bills, the sections of the budget bill that affect statutes are organized in ascending numerical order of the statutes affected.

INSET ANALYSIS

Treatments of prior session laws (styled “laws of [year], chapter ....” from 1848 to 1981, and “[year] Wisconsin Act ....” beginning with 1983) are displayed next by year of original enactment and by act number.

The remaining sections of the budget bill are organized by type of provision and, within each type, alphabetically by state agency. The first two digits of the four-digit section number indicate the type of provision:

- 91XX Nonstatutory provisions.**
- 92XX Appropriation changes.**
- 93XX Initial applicability.**
- 94XX Effective dates.**

The remaining two digits indicate the state agency to which the provision relates:

For example, for general nonstatutory provisions relating to the historical society, see SECTION 9125. For any agency that is not assigned a two-digit identification number and that is attached to another agency, see the number of the latter agency. For any other agency not assigned a two-digit identification number or any provision that does not relate to the functions of a particular agency, see number "59" (**other**) within each type of provision.

In order to facilitate amendment drafting and the enrolling process, separate section numbers and headings appear for each type of provision and for each state agency, even if there are no provisions included in that section number and heading. Section numbers and headings for which there are no provisions will be deleted in enrolling and will not appear in the published act.

**INTRODUCTION**

INSERT ANALYSIS

This bill provides and adjusts levels of funding for various state programs. The bill also creates and revises programs and makes changes in various laws. The descriptions that follow relate to the most significant changes in the law proposed in the bill. In most cases, changes in the amounts of existing spending authority and changes in the amounts of bonding authority under existing bonding programs are not discussed.

For additional information concerning this bill, see the legislative reference bureau's drafting files that contain separate drafts on each policy item. In most cases, the policy item drafts contain a more detailed analysis than is printed with this bill.

**GUIDE TO NONSTATUTORY MATERIAL**

The SECTIONS of this bill treating statutory material are displayed in the ascending numerical sequence of the statute units affected. Treatments of prior session laws (styled "laws of [year], chapter ...." from 1848 to 1981, or "[year] Wisconsin Act ...." beginning with 1983) are displayed next by year of original enactment and by chapter or act number.

Following this material, the remaining nonstatutory material is displayed in this order:

- 9101 to 9156: Nonstatutory provisions; entity name.**
- 9201 to 9256: Appropriation changes; entity name.**
- 9301 to 9356: Initial applicability; entity name.**
- 9400 to 9456: Effective dates; entity name.**

In each of the 4 categories, there is a separate SECTION number for every entity. In that number, the last 2 digits correspond to the entities as shown below. For example, for miscellaneous nonstatutory provisions affecting the historical society, see SECTION 9124. The entities are listed in alphabetical sequence by key word, but for any entity not yet assigned a 2-digit identification number, see number "56" (other) in each category.
