***2002 Budget Adjustment Amendment***

**RESTORE FUNDS TO WISCONSIN PATIENT SAFETY INSTITUTE**

Motion:

Restore \$110,000 GPR for 2002-03 in a DOA appropriation to provide the Wisconsin Patient Safety Institute, Inc. (WPSI) a grant for collection, analysis and dissemination of information about patient safety and training of health care providers and their employees directed toward improving patient safety.

LOCATION/STATUS: Governor eliminated funding for WPSI. JFC & Assembly did not restore them.

DEPARTMENT(S): University of Wisconsin System

FISCAL IMPACT: \$110,000

FUNDING SOURCE(S): GPR

DAK

**21. GRANTS FOR WISCONSIN PATIENT SAFETY INSTITUTE**

GPR	\$220,000
-----	-----------

**Senate:** Provide \$110,000 annually in a new, annual appropriation created under the Department to provide grants to the Wisconsin Patient Safety Institute, Inc., (WPSI) for collection, analysis and dissemination of information about patient safety and training of health care providers and their employees directed toward improving patient safety. Direct DOA to provide the grants to WPSI. Provide that the following health care providers would be subject to the dissemination of information and training: nurses, chiropractors, dentists, physicians and physicians assistants, physical therapists, podiatrists, dietitians, athletic trainers, occupational therapists and assistants, optometrists, pharmacists, acupuncturists, psychologists and massage therapists or bodyworkers.

**Assembly:** Modify Senate provision by directing DOA to ensure that no grant funds are expended for entertainment, foreign travel, or payment to persons not providing goods or services to the WPSI.

**Conference Committee/Legislature:** Include Senate provision, as modified by the Assembly.

[Act 16 Sections: 227r and 802m]

**22. DELETION OF ENERGY CONSERVATION AND RENEWABLE RESOURCE PUBLIC BENEFITS PROGRAM**

**Assembly:** Delete the energy conservation and efficiency and renewable resource public benefits program, effective July 1, 2003. Maintain the current law transfer of public benefits funding from investor-owned electric or gas utilities, as previously determined by the PSC.

*Low-Income Energy Assistance.* Establish the assessment for low-income energy assistance at \$24,000,000 annually from the public benefits fees paid by public utilities, municipal utilities and retail electric cooperatives. Repeal statutory language for the calculation of assessments for low-income energy assistance. Redefine "commitment to community program" to mean a program by a municipal utility, retail electric cooperative or wholesale supplier for low-income assistance, beginning July 1, 2003. This redefinition would delete reference to energy conservation programs.

On July 1, 2003, delete statutory language that requires 47% of the funds for low-income programs from the low-income assistance grants be used for weatherization and other energy conservation programs.

*Energy Conservation and Efficiency and Renewable Resource Program.* Repeal the statutory requirement for the collection of fees for energy conservation and efficiency and renewable resource funding, beginning on July 1, 2003.
