1 **AN ACT** to renumber and amend 250.15 (1); to amend 20.235 (1) (d); and to create
2 20.435 (5) (h), 49.45 (2) (a) 25., 49.46 (2) (b) 1m., 250.13, 250.15 (1) (b) and 250.15
3 (2) (d) of the statutes; **relating to:** the state contract for dental education; authorizing
4 licensed dental health professional positions in the department of health and family
5 services; funding for dental services at community health centers; grants for
6 community water fluoridation; increasing the medical assistance reimbursement
7 rates for dental services; making topical fluoride varnish a covered service under the
8 early and periodic screening, diagnosis and treatment program; creating a fluoride
9 varnish education program; reimbursement for dental hygienist services under
10 medical assistance; medical assistance reimbursement for dental cleanings; requiring
11 rule-making; increasing appropriations; and making an appropriation.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This draft was prepared for the joint legislative council's special committee on dental care access. The draft contains the following provisions:

Tuition Assistance: Marquette University School of Dentistry

Under current law, \$1,167,000 is appropriated in each fiscal year to provide tuition assistance of \$11,670 per year for up to 100 Wisconsin residents attending Marquette University School of Dentistry.

The draft increases the per student tuition assistance to \$15,000 per year and increases the maximum number of Wisconsin residents who qualify to 160. The amount appropriated for this purpose is increased from the current \$1,167,000 to \$1,725,000 (115 x \$15,000) in fiscal year 2001-02 to reflect an additional 15 Wisconsin residents in the fall 2001 incoming class and to \$1,950,000 (130 x \$15,000) in fiscal year 2002-03 to reflect those 15 students and an additional 15 Wisconsin residents in the fall

2002 incoming class. When fully implemented in the fall of 2004, the amount of the appropriation would be \$2,400,000 (160 x \$15,000).

Licensed Dental Health Professionals in the Department of Health and Family Services (DHFS)

This draft increases the current appropriation for the DHFS under s. 20.435 (4) (bm), stats., for medical assistance (MA) administration by \$132,000 in each year of the 2001-03 biennium to increase the authorized general purpose revenue (GPR) positions for the DHFS by 5 GPR positions beginning on July 1, 2001. This funding would provide one licensed dental health professional in each of the 5 DHFS administrative regions for the division of public health, as prescribed by the DHFS. These 5 licensed dental health professionals would be responsible for performing dental health outreach services and for providing dental care, primarily to persons eligible for MA.

Grants for Community Dental Services

The draft increases the DHFS current appropriation for community health services under s. 20.435 (5) (fh), stats., by \$1,600,000 in each year of the 2001-03 biennium. The department must distribute these funds to qualified applicants for the provision or expansion of dental care services. Under the draft, a "qualified applicant" is a entity that provides, or seeks to provide or expand, dental services to low-income individuals and that is not a federally qualified health center. A qualified applicant that receives a grant must ensure that the following criteria are met:

1. The applicant must make every attempt to collect appropriate reimbursement for its costs in providing dental services to persons who are entitled to BadgerCare, MA, or assistance for medical expenses under any other public assistance or private insurance program.
2. The applicant must prepare and utilize a fee schedule for its services consistent with locally prevailing charges for these services which is designed to cover its reasonable costs. The applicant must also have a sliding fee scale for its patients.
3. The applicant must establish a governing board which, except in the case of an applicant which is an Indian tribe or band, is composed of individuals who are representative of persons served by the entity and a majority of whom are served by the entity. The draft sets forth the responsibilities of the governing board.
4. The applicant must use any funds provided under the grant program to supplement, and not supplant, other funds that are or may be available to the entity.

5. The applicant must implement a patient screening process to determine patient eligibility for MA, BadgerCare, and the sliding fee scale.
6. The applicant must ensure that the following services are also provided:
 - a. Provision of oral health education.
 - b. Provision of dental screening, risk assessment and preventive dental treatment to pregnant women, infants, preschoolers, persons with diabetes, heart disease and lung disease, and persons using psychotropic medication.

Under this program, preference for funding is given to applicants that are located in a dental health professional shortage area.

Grants for Community Water Fluoridation

The draft provides \$25,000 GPR in each year of the 2001-03 biennium for a community water fluoridation grant program. Under the program, the DHFS must award grants each year to applying communities in Wisconsin for any of the following purposes:

1. Purchase of water fluoridation equipment.
2. Construction of additional building space to house water fluoridation equipment.
3. Payment of salaries of employees who operate water fluoridation equipment.

Coverage of Topical Fluoride Varnish Under Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program

This draft provides \$162,930 GPR in fiscal year 2001-02 and \$325,859 GPR in fiscal year 2002-03 to provide coverage under the MA program for topical fluoride varnish through the EPSDT program. The draft requires the DHFS to promulgate rules regarding coverage of topical fluoride varnish, which specify the following:

- a. Coverage is provided through the EPSDT program for children ages 0 to 60 months of age.
- b. The fluoride varnish may be applied by any EPSDT health care provider acting within their scope of practice and licensure.
- c. Payment shall be made for up to three applications per child per year of fluoride varnish.

d. Application of fluoride varnish may be, but is not required to be, provided in conjunction with an EPSDT examination which includes a limited oral screening.

e. Health care professionals providing services under this program shall refer or facilitate referral of children receiving topical fluoride varnish applications to comprehensive dental care rendered by a dental professional.

The draft also requires the DHFS to disseminate information to health care professionals providing services under the EPSDT program and to parents or guardians of children eligible for EPSDT services on the availability of, and coverage for, fluoride varnish under EPSDT and the efficacy of fluoride varnish treatments in preventing early childhood caries.

MA Reimbursement Rate Increase for Dental Services

This draft provides \$8,614,045 GPR for fiscal year 2001-02 and \$11,628,960 GPR for fiscal year 2002-03 to increase the MA reimbursement rates for dental services. Under the draft, the reimbursement rates are increased to the 75th percentile of the fees from the American Dental Association (ADA) fee schedule for the east north central region, which includes Wisconsin. The draft specifies that for each fiscal year, reimbursement rates shall be established based on the most recently published ADA fee schedule for that year.

MA Reimbursement for Dental Hygienist Services

Under current law, MA reimburses for dental services, limited to basic services within each of the following categories--diagnostic services, preventive services, restorative services, endodontic services, periodontic services, oral and maxillofacial surgery services, emergency treatment of dental pain, removable prosthodontic services and fixed prosthodontic services.

The draft provides that MA will reimburse for basic services within the above categories provided by dental hygienists for services that are within the scope of practice of a dental hygienist.

MA Reimbursement for 2 Dental Cleanings Per Year for Adults

Under current administrative rules of the DHFS, MA provides reimbursement for one dental cleaning per year for adults. The draft appropriates funds to pay for 2 such cleanings per year.

1 SECTION 1. 20.005 (3) (schedule) of the statutes: at the appropriate place, insert the
2 following amounts for the purposes indicated:

1 2001-02 2002-03

2 **20.435 Health and family services**

6 **SECTION 2.** 20.235 (1) (d) of the statutes is amended to read:

7 20.235 (1) (d) *Dental education contract.* The amounts in the schedule for support of
8 those Wisconsin residents enrolled as full-time students in the pursuit of a doctor of dental
9 surgery (D.D.S.) degree. An amount of ~~\$11,330 in the 1993-94 fiscal year and \$11,670 in the~~
10 ~~1994-95~~ \$15,000 in each fiscal year ~~and annually thereafter~~ shall be disbursed under s. 39.46
11 for each Wisconsin resident enrolled as a full-time student. The maximum number of
12 Wisconsin residents to be funded under this appropriation is ~~100~~ 160 ~~in the 1993-94 each~~
13 ~~fiscal year and thereafter.~~

NOTE: Increases the per-student tuition assistance for Wisconsin residents attending the Marquette University School of Dentistry from \$11,670 per year to \$15,000 per year. Also increases the maximum number of Wisconsin residents who qualify for this assistance from 100 to 160.

14 **SECTION 3.** 20.435 (5) (h) of the statutes is created to read:

15 20.435 (5) (h) *Community water fluoridation.* The amounts in the schedule for
16 community water fluoridation grants under s. 250.13.

17 **SECTION 4.** 49.45 (2) (a) 25. of the statutes is created to read:

18 49.45 (2) (a) 25. Disseminate information to health care professionals providing
19 services under the early and periodic screening, diagnosis and treatment program under 42
20 CFR 441, and to parents or guardians of children eligible for services under the program on

1 the availability of, and coverage for, topical fluoride varnish under the program, and on the
2 efficacy of topical fluoride varnish treatments in preventing early childhood caries.

NOTE: Requires the DHFS to disseminate information to health care professionals providing services under the EPSDT program regarding fluoride varnish.

3 SECTION 5. 49.46 (2) (b) 1m. of the statutes is created to read:

4 49.46 (2) (b) 1m. Dental hygienists' services, limited to services that are payable under
5 subd. 1. and that are within the scope of practice of a dental hygienist.

NOTE: Provides for reimbursement under the MA program, of dental hygienists' services, limited to those dental services currently payable under the MA program and that are within the scope of practice of a dental hygienist.

6 SECTION 6. 250.13 of the statutes is created to read:

7 **250.13 Community water fluoridation grants.** From the appropriation under s.
8 20.435 (5) (h), the department shall award grants each year to applying communities in
9 Wisconsin for any of the following purposes:

- 10 (1) Purchase of water fluoridation equipment.
11 (2) Construction of additional building space to house water fluoridation equipment.
12 (3) Payment of salaries of employees who operate water fluoridation equipment.

NOTE: SECTIONS 1, 3 and 6 of this draft provide \$25,000 GPR in each year of the 2001-03 biennium for a community water fluoridation grant program. The grants may be used for: (a) purchase of water fluoridation equipment; (b) construction of additional building space to house water fluoridation equipment; and (c) payment of salaries of employees who operate water fluoridation equipment.

13 SECTION 7. 250.15 (1) of the statutes is renumbered 250.15 (1) (intro.) and (a) and
14 amended to read:

15 250.15 (1) DEFINITIONS. (intro.) In this section, "~~community health center~~":

1 (a) "Community health center" means a health care entity that provides primary health
2 care, health education and social services to low-income individuals.

3 **SECTION 8.** 250.15 (1) (b) of the statutes is created to read:

4 250.15 (1) (b) "Qualified applicant" means an entity that provides, or seeks to provide,
5 dental care services to low-income individuals and that does not receive a federal grant under
6 42 USC 254b (c), (g), or (h).

7 **SECTION 9.** 250.15 (2) (d) of the statutes is created to read:

8 250.15 (2) (d) From the appropriation under s. 20.435 (5) (h), the department shall
9 distribute to qualified applicants grants totaling \$1,600,000 in fiscal year 2001-02 and
10 \$1,600,000 in fiscal year 2002-03 to enable the applicants to provide or expand dental care
11 services. The department shall give preference for grants to qualified applicants that are
12 located in dental health professional shortage areas. Applicants who receive grants under this
13 paragraph shall do all of the following:

14 1. Make every attempt to collect appropriate reimbursement for its costs in providing
15 dental services to persons who are entitled to BadgerCare, medical assistance, or assistance
16 for medical expenses under any other public assistance or private insurance program.

17 2. Prepare and utilize a fee schedule for the provision of its services consistent with
18 locally prevailing charges and designed to cover its reasonable costs of operation, and shall
19 prepare a corresponding schedule of discounts to be applied to the payment of such fees. The
20 discounts shall be adjusted on the basis of the patient's ability to pay.

21 3. Establish a governing board which, except in the case of an applicant which is an
22 Indian tribe or band, is composed of individuals who are representative of persons served by
23 the applicant and a majority of whom are being served by the applicant. The board shall be
24 responsible for the following:

1 a. Establishing policies surrounding the entity's program operations.

2 b. Holding regularly scheduled meetings and keeping minutes of the meetings.

3 c. Approving the selection or dismissal of an entity's director or chief executive officer.

4 d. Establishing personnel policies and procedures, including employee selection and
5 dismissal procedures, salary and benefit scales, employee grievance procedures and equal
6 opportunity practices.

7 e. Adopting policies for financial management practices, including a system to ensure
8 accountability for resources, approval of the annual budget, priorities, eligibility for services,
9 including criteria for the fee schedule under subd. 2., and long-range financial planning.

10 f. Evaluating the entity's activities including service utilization patterns, productivity,
11 patient satisfaction, achievement of objectives and development of a process for hearing and
12 resolving patient grievances.

13 g. Ensuring that the entity is operated in compliance with applicable federal, state and
14 local laws, rules and regulations.

15 h. Adopting health care policies including scope and availability of services, location,
16 and hours of services and quality of care audit procedures.

17 4. Use any funds provided under this paragraph to supplement, and not supplant, other
18 funds that are or may be available to the entity.

19 5. Implement a patient screening process to determine patient eligibility for medical
20 assistance, BadgerCare and the payment schedule under subd. 2.

21 6. Provide oral health education in programs operated by and affiliated with the
22 department, including the special supplemental fund program for women, infants and children
23 and head start.

1 7. Provide dental screening, risk assessments and preventive dental treatment to
2 pregnant women, infants, preschoolers, persons with diabetes, heart disease and lung disease;
3 and persons using psychotropic medication.

NOTE: SECTIONS 7, 8 and 9 provide \$1,600,000 GPR in each fiscal year of the 2001-03 biennium for grants for the provision of dental care services by entities to provide or expand dental services to low-income individuals. Among other requirements, the recipients of funds under this program must implement a sliding fee scale for their patients, and must also be governed by a board representative of persons served by the entity.

4 **SECTION 10. Nonstatutory provisions; health and family services.** The department
5 of health and family services shall provide coverage under the early and periodic screening,
6 diagnosis and treatment program under 42 CFR 441 for topical fluoride varnish, for the
7 purpose of preventing early childhood caries in children age 0 to 60 months of age, when
8 rendered by health care professionals providing services under the program and acting within
9 their scope of practice and licensure. The department shall promulgate rules relating to
10 coverage of fluoride varnish treatments under the early and periodic screening, diagnosis and
11 treatment program that contain the following provisions:

12 (1) The department shall provide payment for up to three applications per year of topical
13 fluoride varnish per eligible child.

14 (2) Application of topical fluoride varnish may be, but is not required to be, provided
15 in conjunction with an early and periodic screening, diagnosis and treatment examination that
16 includes a limited oral screening.

17 (3) Health care professionals providing services under this program shall refer or
18 facilitate referral of children receiving topical fluoride varnish applications for
19 comprehensive dental care rendered by a dental professional.

20 **SECTION 11. Appropriation changes; health and family services.**

1 (1) In the schedule under section 20.005 (3) of the statutes for the appropriation to the
2 department of health and family services under section 20.435 (4) (bm) of the statutes, as
3 affected by the acts of 2001, the dollar amount is increased by \$132,000 for fiscal year
4 2001-02 and the dollar amount is increased by \$132,000 for fiscal year 2002-03 to increase
5 the authorized full-time equivalent positions for the department by 5 general purpose revenue
6 positions on July 1, 2001, for a licensed dental health professional in each of the 5
7 administrative regions of the state, as prescribed by the department.

NOTE: Provides funding for positions within the DHFS for licensed dental health professionals in each of the 5 DHFS administrative regions, who would be funded through the MA program to perform dental health outreach services and to provide dental care primarily to persons eligible for MA.

8 (2) In the schedule under s. 20.005 (3) of the statutes for the appropriation to the
9 department of health and family services under s. 20.435 (4) (b) of the statutes, as affected by
10 the acts of 2001, the dollar amount is increased by \$8,614,045 for fiscal year 2001-02 and the
11 dollar amount is increased by \$11,628,960 for fiscal year 2002-03 to increase the medical
12 assistance reimbursement rates for dental services to equal the 75th percentile of the fees from
13 the American Dental Association fee schedule for the east north central region. For each fiscal
14 year, reimbursement rates shall be set based on the most recently published American Dental
15 Association fee schedule for that year.

NOTE: Increases the MA reimbursement rate for dental services to the 75th percentile of the fees from the most recently published ADA fee schedule for the east north central region.

16 (3) In the schedule under section 20.005 (3) of the statutes for the appropriation to the
17 department of health and family services under section 20.435 (4) (b) of the statutes, as
18 affected by the acts of 2001, the dollar amount is increased by \$378,466 for fiscal year

1 2001-02 and by \$378,466 for fiscal year 2002-03 to provide medical assistance coverage for
2 2 dental cleanings per year for adults.

NOTE: Provides funds for 2 dental cleanings per year for adults under
the MA program.

3 (4) In the schedule under section 20.005 (3) of the statutes for the appropriation to the
4 department of health and family services under section 20.435 (4) (b) of the statutes, as
5 affected by the acts of 2001, the dollar amount is increased by \$162,930 for fiscal year
6 2001-02 and the dollar amount is increased by \$325,859 for fiscal year 2002-03 to provide
7 coverage of fluoride varnish treatments, as created by this act, and to conduct the topical
8 fluoride varnish education program under section 49.45 (2) (a) 25., as created by this act.

NOTE: Provides funds for coverage of topical fluoride varnish through
the EPSDT program under MA.

9 (5) In the schedule under section 20.005 (3) of the statutes for the appropriation to the
10 department of health and family services under section 20.435 (5) (fh) of the statutes, as
11 affected by the acts of 2001, the dollar amount is increased by \$1,600,000 for fiscal year
12 2001-02 and the dollar amount is increased by \$1,600,000 for fiscal year 2002-03 for the
13 purposes of funding dental services as specified in section 250.15 (2) (d) of the statutes, as
14 created by this act.

NOTE: Provides funds to entities that provide, or seek to provide, dental
services to low-income individuals.

15 **SECTION 12. Appropriation changes; higher educational aids board.**

16 (1) In the schedule under section 20.005 (3) of the statutes for the appropriation to the
17 higher education aids board under section 20.235 (1) (d) of the statutes, as affected by the acts
18 of 2001, the dollar amount is increased by \$558,000 for fiscal year 2001-02 and the dollar
19 amount is increased by \$783,000 for fiscal year 2002-03 for the purpose of increasing the

1 amount of assistance for Wisconsin residents pursuing a doctor of dental surgery degree and
2 the maximum number of students who qualify for this assistance.

NOTE: Provides funds to increase the per student tuition assistance for Wisconsin residents attending the Marquette University School of Dentistry from \$11,670 per year to \$15,000. Also provides funds to increase the total number of Wisconsin resident students eligible for this assistance from 100 to a total of 160.

3 **SECTION 13. Effective date.**

4 (1) This act takes effect on the 2nd day after publication of the 2001-03 biennial budget
5 act.

Analysis by the Legislative Reference Bureau

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

bill

PREFATORY NOTE: This ~~draft~~ was prepared for the joint legislative council's special committee on dental care access. The ~~draft~~ contains the following provisions:

Tuition Assistance: Marquette University School of Dentistry

Under current law, \$1,167,000 is appropriated in each fiscal year to provide tuition assistance of \$11,670 per year for up to 100 Wisconsin residents attending Marquette University School of Dentistry.

The ~~draft~~ increases the per student tuition assistance to \$15,000 per year and increases the maximum number of Wisconsin residents who qualify to 160. The amount appropriated for this purpose is increased from the current \$1,167,000 to \$1,725,000 (115 x \$15,000) in fiscal year 2001-02 to reflect an additional 15 Wisconsin residents in the fall 2001 incoming class and to \$1,950,000 (130 x \$15,000) in fiscal year 2002-03 to reflect those 15 students and an additional 15 Wisconsin residents in the fall 2002 incoming class. When fully implemented in the fall of 2004, the amount of the appropriation would be \$2,400,000 (160 x \$15,000).

Licensed Dental Health Professionals in the Department of Health and Family Services (DHFS)

This ~~draft~~ increases the current appropriation for ~~the~~ DHFS under s. 20.435 (4) (bm), stats., for medical assistance (MA) administration by \$132,000 in each year of the 2001-03 biennium to increase the authorized general purpose revenue (GPR) positions for ~~the~~ DHFS by ~~5~~ GPR positions beginning on July 1, 2001. This funding would provide ~~one~~ licensed dental health professional in each of the ~~4~~ DHFS administrative regions for the division of public health, as prescribed by ~~the~~ DHFS. These ~~5~~ licensed dental health professionals would be responsible for performing dental health outreach services and for providing dental care, primarily to persons eligible for MA.

Grants for Community Dental Services

The ~~draft~~ increases ~~the~~ DHFS current appropriation for community health services under s. 20.435 (5) (fh), stats., by \$1,600,000 in each year of the 2001-03 biennium. The department must distribute these funds to qualified applicants for the provision or expansion of dental care services. Under the ~~draft~~, a "qualified applicant" is a ~~an~~ entity that provides, or seeks to provide or expand, dental services to low-income individuals and that is not a federally qualified health center. A qualified applicant that receives a grant must ensure that the following criteria are met:

1. The applicant must make every attempt to collect appropriate reimbursement for its costs in providing dental services to persons who are entitled to BadgerCare, MA, or assistance for medical expenses under any other public assistance or private insurance program.
2. The applicant must prepare and utilize a fee schedule for its services consistent with locally prevailing charges for these services ~~which~~ is designed to cover its reasonable costs. The applicant must also have a sliding fee scale for its patients.
3. The applicant must establish a governing board which, except in the case of an applicant ~~which~~ is an Indian tribe or band, is composed of individuals who are representative of persons served by the entity and a majority of whom are served by the entity. The ~~draft~~ sets forth the responsibilities of the governing board.
4. The applicant must use any funds provided under the grant program to supplement, and not supplant, other funds that are or may be available to the entity.
5. The applicant must implement a patient screening process to determine patient eligibility for MA, BadgerCare, and the sliding fee scale.

6. The applicant must ensure that the following services are also provided:

- a. ~~Provision of~~ oral health education.
- b. ~~Provision of~~ dental screening, risk assessment and preventive dental treatment to pregnant women, infants, preschoolers, persons with diabetes, heart disease and lung disease, and persons using psychotropic medication.

Under this program, preference for funding is given to applicants that are located in a dental health professional shortage area.

Grants for Community Water Fluoridation

The ~~draft~~ provides \$25,000 GPR in each year of the 2001-03 biennium for a community water fluoridation grant program. Under the program, ~~the~~ DHFS must award grants each year to applying communities in Wisconsin for any of the following purposes:

1. Purchase of water fluoridation equipment.
2. Construction of additional building space to house water fluoridation equipment.
3. Payment of salaries of employees who operate water fluoridation equipment.

Coverage of Topical Fluoride Varnish Under Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program

This ~~draft~~ provides \$162,930 GPR in fiscal year 2001-02 and \$325,859 GPR in fiscal year 2002-03 to provide coverage under the MA program for topical fluoride varnish through the EPSDT program. The ~~draft~~ requires ~~the~~ DHFS to promulgate rules regarding coverage of topical fluoride varnish, which specify the following:

- a. Coverage is provided through the EPSDT program for children ages 0 to 60 months of age.
- b. The fluoride varnish may be applied by any EPSDT health care provider acting within ~~their~~ scope of practice and licensure.
- c. Payment shall be made for up to three applications per child per year of fluoride varnish.
- d. Application of fluoride varnish may be, but is not required to be, provided in conjunction with an EPSDT examination which includes a limited oral screening.
- e. Health care professionals providing services under this program shall refer or facilitate referral of children receiving topical fluoride varnish applications to comprehensive dental care rendered by a dental professional.

The ~~draft~~ also requires ~~the~~ DHFS to disseminate information to health care professionals providing services under the EPSDT program and to parents or guardians of children eligible for EPSDT services on the availability of, and coverage for, fluoride varnish under EPSDT and the efficacy of fluoride varnish treatments in preventing early childhood caries.

MA Reimbursement Rate Increase for Dental Services

This ~~draft~~ provides \$8,614,045 GPR for fiscal year 2001-02 and \$11,628,960 GPR for fiscal year 2002-03 to increase the MA reimbursement rates for dental services. Under the ~~draft~~, the reimbursement rates are increased to the 75th percentile of the fees from the American Dental Association (ADA) fee schedule for the east-north central region, which includes Wisconsin. The ~~draft~~ specifies that for each fiscal year,

bill

reimbursement rates shall be established based on the most recently published ADA fee schedule for that year.

MA Reimbursement for Dental Hygienist Services

Under current law, MA reimburses for dental services, limited to basic services within each of the following categories: diagnostic services, preventive services, restorative services, endodontic services, periodontic services, oral and maxillofacial surgery services, emergency treatment of dental pain, removable prosthodontic services and fixed prosthodontic services.

The ~~draft~~ provides that MA will reimburse for basic services within the above categories provided by dental hygienists for services that are within the scope of practice of a dental hygienist.

MA Reimbursement for ^{Two} Dental Cleanings Per Year for Adults

Under current administrative rules of the DHEH, MA provides reimbursement for one dental cleaning per year for adults. The ~~draft~~ appropriates funds to pay for ^{two} such cleanings per year.

To Dick Sweet:

In addition to making minor technical corrections, I have made the following changes to the bill, for the following reasons:

1. I amended s. 20.435 (4) (b), stats., to include the provision of topical fluoride varnish, as specified in the nonstatutory provision. In that nonstatutory provision, I added "In state fiscal years 2001-02 and 2002-03", because nonstatutory provisions are required to be time limited and because the appropriation increase is for that period of time. I also clarified that the coverage provided is under medical assistance, for eligible children, and is from moneys appropriated under s. 20.435 (4) (b), stats.
2. I deleted "in Wisconsin" from s. 250.13 (intro.), it is unnecessary because of limitations on jurisdiction of the department.
3. I changed an incorrect cross-reference in s. 250.15 (2) (d), and added the federal rules citation for "dental health professional shortage areas".
4. In s. 250.15 (2) (d) 1., I changed "entitled to" to "eligible for and receiving" with respect to Badger Care, medical assistance, and assistance for medical expenses under any other public assistance program, and to "have coverage under" for a private insurance program. The word "entitle" is used by courts at times to confer property rights on a recipient, and DHFS seems sensitive to its use; for private health insurance, "coverage" appears to be the more appropriate term.
5. I deleted "rules and regulations" from s. 250.15 (2) (d) 3. g., since the the term "laws" would encompass these.
6. For the appropriation change to increase the medical assistance reimbursement rates for dental services, I was unsure what "to equal the 75th percentile of the fees" meant. The definition of "percentile" in Webster's Third New International Dictionary is "the value of the statistical variable that marks the boundary between any two consecutive intervals in a distribution of 100 intervals each containing one percent of the total population"; Webster's Collegiate Dictionary, on the other hand, defines it as "a value on a scale of one hundred that indicates the percent of a distribution that is equal to or below it". From these two dictionaries, I gather that "75th percentile" in the context of the bill means the fee at which 75% of dentists charge equal or less

amounts. ⁷In order to find the 75th percentile, it would seem that one would need a distribution of dentists per fees, as in a Bell curve, to determine the point at which the 75th percentile occurs. Does the ADA fee schedule provide that kind of a distribution? If, on the other hand, the ADA fee schedule provides a range of maximums and minimums, it would seem that the language ~~that~~ you actually need is something like "25% less than the maximum" of such a range. For now, I have used the latter language; obviously, we need to discuss this. Lastly, is it "east north central ^{stats.}"

7. I split the appropriations ^g change increases to s. 20.435 (4) (b), ^{because each} appropriation change is limited to one purpose. However, because the increase is now split between the two purposes, I lack information as to the exact dollar amount that is to be expended for each purpose. ~~20.435 (4) (b)~~

Please review my changes and let me know if a problem exists with any of them or if I can otherwise help.

Redraft:

① DNotes 1-5 are fine

② D Note 6: her term "schedule" was incorrect - actually there is an annual survey of dental fees conducted by the ADA

DK suggested "the fee at which 75% of dentists in the east north central region charge equal or less amounts, as specified in the annual survey of dental fees of the American Dental Association" - ok

③ D-Note 7: delete entirely SECTION 12(5) of the bill
