Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the joint legislative council in the bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

PREFATORY NOTE: This bill was prepared for the joint legislative council's special committee on dental care access. The bill contains the following provisions:

Tuition Assistance: Marquette University School of Dentistry

Under current law, \$1,167,000 is appropriated in each fiscal year to provide tuition assistance of \$11,670 per year for up to 100 Wisconsin residents attending Marquette University School of Dentistry.

The bill increases the per student tuition assistance to \$15,000 per year and increases the maximum number of Wisconsin residents who qualify to 160. The amount appropriated for this purpose is increased from the current \$1,167,000 to \$1,725,000 (115 x \$15,000) in fiscal year 2001–02 to reflect an additional 15 Wisconsin residents in the fall 2001 incoming class and to \$1,950,000 (130 x \$15,000) in fiscal year 2002–03 to reflect those 15 students and an additional 15 Wisconsin residents in the fall 2002 incoming class. When fully implemented in the fall of 2004, the amount of the appropriation would be \$2,400,000 (160 x \$15,000).

Licensed Dental Health Professionals in the Department of Health and Family Services (DHFS)

This bill increases the current appropriation for DHFS under s. 20.435 (4) (bm), stats., for medical assistance (MA) administration by \$132,000 in each year of the 2001–03 biennium to increase the authorized general purpose revenue (GPR) positions for DHFS by five GPR positions beginning on July 1, 2001. This funding would provide one licensed dental health professional in each of the five DHFS administrative regions for the division of public health, as prescribed by DHFS. These five licensed dental health professionals would be responsible for performing dental health outreach services and for providing dental care, primarily to persons eligible for MA.

Grants for Community Dental Services

The bill increases DHFS' current appropriation for community health services under s. 20.435 (5) (fh), stats., by \$1,600,000 in each year of the 2001–03 biennium. The department must distribute these funds to qualified applicants for the provision or expansion of dental care services. Under the bill, a "qualified applicant" is an entity that provides, or seeks to provide or expand, dental services to low-income individuals and that is not a federally qualified health center. A qualified applicant that receives a grant must ensure that the following criteria are met:

1. The applicant must make every attempt to collect appropriate reimbursement for its costs in providing dental services to persons who are entitled to BadgerCare, MA,

or assistance for medical expenses under any other public assistance or private insurance program.

2. The applicant must prepare and utilize a fee schedule for its services consistent with locally prevailing charges for these services that is designed to cover its reasonable costs. The applicant must also have a sliding fee scale for its patients.

3. The applicant must establish a governing board which, except in the case of an applicant that is an Indian tribe or band, is composed of individuals who are representative of persons served by the entity and a majority of whom are served by the entity. The bill sets forth the responsibilities of the governing board.

4. The applicant must use any funds provided under the grant program to supplement, and not supplant, other funds that are or may be available to the entity.

5. The applicant must implement a patient screening process to determine patient eligibility for MA, BadgerCare, and the sliding fee scale.

6. The applicant must ensure that the following services are also provided:

a. Oral health education.

b. Dental screening, risk assessment, and preventive dental treatment to pregnant women, infants, preschoolers, persons with diabetes, heart disease, and lung disease, and persons using psychotropic medication.

Under this program, preference for funding is given to applicants that are located in a dental health professional shortage area.

Grants for Community Water Fluoridation

The bill provides \$25,000 GPR in each year of the 2001–03 biennium for a community water fluoridation grant program. Under the program, DHFS must award grants each year to applying communities in Wisconsin for any of the following purposes:

1. Purchase of water fluoridation equipment.

2. Construction of additional building space to house water fluoridation equipment.

3. Payment of salaries of employees who operate water fluoridation equipment.

Coverage of Topical Fluoride Varnish Under Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program

This bill provides \$162,930 GPR in fiscal year 2001–02 and \$325,859 GPR in fiscal year 2002–03 to provide coverage under the MA program for topical fluoride varnish through the EPSDT program. The bill requires DHFS to promulgate rules regarding coverage of topical fluoride varnish, which specify the following:

a. Coverage is provided through the EPSDT program for children ages 0 to 60 months of age.

b. The fluoride varnish may be applied by any EPSDT health care provider acting within his or her scope of practice and licensure.

c. Payment shall be made for up to three applications per child per year of fluoride varnish.

d. Application of fluoride varnish may be, but is not required to be, provided in conjunction with an EPSDT examination which includes a limited oral screening.

e. Health care professionals providing services under this program shall refer or facilitate referral of children receiving topical fluoride varnish applications to comprehensive dental care rendered by a dental professional.

The bill also requires DHFS to disseminate information to health care professionals providing services under the EPSDT program and to parents or guardians of children eligible for EPSDT services on the availability of, and coverage for, fluoride varnish under EPSDT and the efficacy of fluoride varnish treatments in preventing early childhood caries.

MA Reimbursement Rate Increase for Dental Services

This bill provides \$8,614,045 GPR for fiscal year 2001-02 and \$11,628,960 GPR for fiscal year 2002-03 to increase the MA reimbursement rates for dental services. Under the bill, the reimbursement rates are increased to the 75th percentile of the fees from the American Dental Association (ADA) fee schedule for the east north central region, which includes Wisconsin. The bill specifies that for each fiscal year, reimbursement rates shall be established based on the most recently published ADA fee schedule for that year.

MA Reimbursement for Dental Hygienist Services

Under current law, MA reimburses for dental services, limited to basic services within each of the following categories: diagnostic services, preventive services, restorative services, endodontic services, periodontic services, oral and maxillofacial surgery services, emergency treatment of dental pain, removable prosthodontic services, and fixed prosthodontic services.

The bill provides that MA will reimburse for basic services within the above categories provided by dental hygienists for services that are within the scope of practice of a dental hygienist.

MA Reimbursement for Two Dental Cleanings Per Year for Adults

Under current administrative rules of DHFS, MA provides reimbursement for one dental cleaning per year for adults. The bill appropriates funds to pay for two such cleanings per year.

7 **250.15 (1) (b)** “Qualified applicant” means an entity that provides, or seeks to
8 provide, dental care services to low-income individuals and that does not receive a
9 federal grant under 42 USC 254b (c), (g), or (h).

10 **SECTION 10.** 250.15 (2) (d) of the statutes is created to read:

11 **250.15 (2) (d)** From the appropriation under s. 20.435 (5) (fh), the department
12 shall distribute to qualified applicants grants totaling \$1,600,000 in fiscal year
13 2001–02 and \$1,600,000 in fiscal year 2002–03 to enable the applicants to provide
14 or expand provision of dental care services. The department shall give preference
15 for grants to qualified applicants that are located in dental health professional
16 shortage areas, as designated under 42 CFR part V, appendix B. Applicants who
17 receive grants under this paragraph shall do all of the following:

18 1. Make every attempt to collect appropriate reimbursement for its costs in
19 providing dental services to persons who are eligible for and receiving badger care
20 health care, medical assistance, or assistance for medical expenses under any other
21 public assistance program or have coverage under a private insurance program.

22 2. Prepare and utilize a fee schedule for the provision of its services consistent
23 with locally prevailing charges that is designed to cover its reasonable costs of

1 operation and prepare a corresponding schedule of discounts to be applied to the
2 payment of such fees. The discounts shall be adjusted on the basis of the patient's
3 ability to pay.

4 3. Establish a governing board that, except in the case of an applicant that is
5 an Indian tribe or band, is composed of individuals who are representative of persons
6 served by the applicant and a majority of whom are being served by the applicant.
7 The board shall be responsible for the following:

8 a. Establishing policies surrounding the entity's program operations.

9 b. Holding regularly scheduled meetings and keeping minutes of the meetings.

10 c. Approving the selection or dismissal of an entity's director or chief executive
11 officer.

12 d. Establishing personnel policies and procedures, including employee
13 selection and dismissal procedures, salary and benefit scales, employee grievance
14 procedures, and equal opportunity practices.

15 e. Adopting policies for financial management practices, including a system to
16 ensure accountability for resources, approval of the annual budget, priorities,
17 eligibility for services, including criteria for the fee schedule under subd. 2., and
18 long-range financial planning.

19 f. Evaluating the entity's activities including service utilization patterns,
20 productivity, patient satisfaction, achievement of objectives, and development of a
21 process for hearing and resolving patient grievances.

22 g. Ensuring that the entity is operated in compliance with applicable federal,
23 state, and local laws.

24 h. Adopting health care policies including scope and availability of services,
25 location, hours of services, and quality of care audit procedures.

1 4. Use any funds provided under this paragraph to supplement, and not
2 supplant, other funds that are or may be available to the entity.

3 5. Implement a patient screening process to determine patient eligibility for
4 medical assistance, badger care health care, and the payment schedule under subd.
5 2.

6 6. Provide oral health education in programs operated by and affiliated with
7 the department, including the special supplemental fund program for women,
8 infants, and children and head start.

9 7. Provide dental screening, risk assessments, and preventive dental
10 treatment to pregnant women; infants; preschoolers; persons with diabetes, heart
11 disease, or lung disease; and persons using psychotropic medication.

NOTE: SECTIONS 8, 9, and 10 provide \$1,600,000 GPR in each fiscal year of the
2001–03 biennium for grants for the provision of dental care services by entities to
provide or expand dental services to low-income individuals. Among other requirements,
the recipients of funds under this program must implement a sliding fee scale for their
patients, and must also be governed by a board representative of persons served by the
entity.

12 **SECTION 11. Nonstatutory provisions; health and family services.** In
13 state fiscal years 2001–02 and 2002–03, from the appropriation under section 20.435
14 (4) (b) of the statutes, as affected by this act, the department of health and family
15 services shall provide medical assistance coverage under the early and periodic
16 screening, diagnosis and treatment program under 42 CFR 441 for topical fluoride
17 varnish, for the purpose of preventing early childhood caries in eligible children 0 to
18 60 months of age, when rendered by health care professionals providing services
19 under the program and acting within their scope of practice and licensure. The
20 department shall promulgate rules relating to coverage of fluoride varnish
21 treatments under the early and periodic screening, diagnosis and treatment
22 program that contain the following provisions:

1 (1) The department shall provide payment for up to 3 applications per year of
2 topical fluoride varnish per eligible child.

3 (2) Application of topical fluoride varnish may be, but is not required to be,
4 provided in conjunction with an early and periodic screening, diagnosis and
5 treatment examination that includes a limited oral screening.

Melissa,

When a final draft is done on the fiscal bill, it should require a fiscal estimate. It spends a lot of money.

Hi Mike,

The appropriations bill doesn't require a fiscal note? That's strange and confusing but fine with me.

Anyway, we will need the early fiscal note on the other one as soon as it is ready to go. Legislative Council is reviewing the draft because it is a study bill - if the request for an early fiscal needs to come from them please let me (or Laura Rose or Dick Sweet) know. As long as we have at least one fiscal note from an agency we're okay for the hearing.

Thanks,
Melissa

Melissa -

LRB-2780 does not require a fiscal estimate and LRB-2784 is in the process of being redrafted. Please drop me a note, if after reviewing the latest draft, you still wish to have a early FE prepared.

Thanks,

Hi Everyone,

I'm writing to enlist your help in getting fiscal notes prepared for LRBs 2780 and 2784 - the recommendations of the Special Legislative Council Study Committee on Dental Care Access. I have noticed them for Wednesday, May 2nd and I need something in hand by then. I think one draft is ready to go and the other is pretty close - I expect they will be introduced this week. Thank you for your assistance!

Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the joint legislative council in the bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

PREFATORY NOTE: This bill was prepared for the joint legislative council's special committee on dental care access. The bill contains the following provisions:

Tuition Assistance: Marquette University School of Dentistry

Under current law, \$1,167,000 is appropriated in each fiscal year to provide tuition assistance of \$11,670 per year for up to 100 Wisconsin residents attending Marquette University School of Dentistry.

The bill increases the per student tuition assistance to \$15,000 per year and increases the maximum number of Wisconsin residents who qualify to 160. The amount appropriated for this purpose is increased from the current \$1,167,000 to \$1,725,000 (115 x \$15,000) in fiscal year 2001-02 to reflect an additional 15 Wisconsin residents in the fall 2001 incoming class and to \$1,950,000 (130 x \$15,000) in fiscal year 2002-03 to reflect those 15 students and an additional 15 Wisconsin residents in the fall 2002 incoming class. When fully implemented in the fall of 2004, the amount of the appropriation would be \$2,400,000 (160 x \$15,000).

Licensed Dental Health Professionals in the Department of Health and Family Services (DHFS)

This bill increases the current appropriation for DHFS under s. 20.435 (4) (bm), stats., for medical assistance (MA) administration by \$132,000 in each year of the 2001-03 biennium to increase the authorized general purpose revenue (GPR) positions for DHFS by five GPR positions beginning on July 1, 2001. This funding would provide one licensed dental health professional in each of the five DHFS administrative regions for the division of public health, as prescribed by DHFS. These five licensed dental health professionals would be responsible for performing dental health outreach services and for providing dental care, primarily to persons eligible for MA.

Grants for Community Dental Services

The bill increases DHFS' current appropriation for community health services under s. 20.435 (5) (fh), stats., by \$1,600,000 in each year of the 2001-03 biennium. The department must distribute these funds to qualified applicants for the provision or expansion of dental care services. Under the bill, a "qualified applicant" is an entity that provides, or seeks to provide or expand, dental services to low-income individuals and that is not a federally qualified health center. A qualified applicant that receives a grant must ensure that the following criteria are met:

1. The applicant must make every attempt to collect appropriate reimbursement for its costs in providing dental services to persons who are entitled to BadgerCare, MA,

or assistance for medical expenses under any other public assistance or private insurance program.

2. The applicant must prepare and utilize a fee schedule for its services consistent with locally prevailing charges for these services that is designed to cover its reasonable costs. The applicant must also have a sliding fee scale for its patients.

3. The applicant must establish a governing board which, except in the case of an applicant that is an Indian tribe or band, is composed of individuals who are representative of persons served by the entity and a majority of whom are served by the entity. The bill sets forth the responsibilities of the governing board.

4. The applicant must use any funds provided under the grant program to supplement, and not supplant, other funds that are or may be available to the entity.

5. The applicant must implement a patient screening process to determine patient eligibility for MA, BadgerCare, and the sliding fee scale.

6. The applicant must ensure that the following services are also provided:

a. Oral health education.

b. Dental screening, risk assessment, and preventive dental treatment to pregnant women, infants, preschoolers, persons with diabetes, heart disease, and lung disease, and persons using psychotropic medication.

Under this program, preference for funding is given to applicants that are located in a dental health professional shortage area.

Grants for Community Water Fluoridation

The bill provides \$25,000 GPR in each year of the 2001-03 biennium for a community water fluoridation grant program. Under the program, DHFS must award grants each year to applying communities in Wisconsin for any of the following purposes:

1. Purchase of water fluoridation equipment.

2. Construction of additional building space to house water fluoridation equipment.

3. Payment of salaries of employees who operate water fluoridation equipment.

Coverage of Topical Fluoride Varnish Under Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program

This bill provides \$162,930 GPR in fiscal year 2001-02 and \$325,859 GPR in fiscal year 2002-03 to provide coverage under the MA program for topical fluoride varnish through the EPSDT program. The bill requires DHFS to promulgate rules regarding coverage of topical fluoride varnish, which specify the following:

a. Coverage is provided through the EPSDT program for children ages 0 to 60 months of age.

b. The fluoride varnish may be applied by any EPSDT health care provider acting within his or her scope of practice and licensure.

c. Payment shall be made for up to three applications per child per year of fluoride varnish.

d. Application of fluoride varnish may be, but is not required to be, provided in conjunction with an EPSDT examination which includes a limited oral screening.

e. Health care professionals providing services under this program shall refer or facilitate referral of children receiving topical fluoride varnish applications to comprehensive dental care rendered by a dental professional.

The bill also requires DHFS to disseminate information to health care professionals providing services under the EPSDT program and to parents or guardians of children eligible for EPSDT services on the availability of, and coverage for, fluoride varnish under EPSDT and the efficacy of fluoride varnish treatments in preventing early childhood caries.

MA Reimbursement Rate Increase for Dental Services *Survey*

This bill provides \$8,614,045 GPR for fiscal year 2001-02 and \$11,628,960 GPR for fiscal year 2002-03 to increase the MA reimbursement rates for dental services. Under the bill, the reimbursement rates are increased to the 75th percentile of the fees from the American Dental Association (ADA) fee schedule for the east north central region, which includes Wisconsin. The bill specifies that for each fiscal year, reimbursement rates shall be established based on the most recently published ADA fee schedule for that year. *X*

MA Reimbursement for Dental Hygienist Services *Survey*

Under current law, MA reimburses for dental services, limited to basic services within each of the following categories: diagnostic services, preventive services, restorative services, endodontic services, periodontic services, oral and maxillofacial surgery services, emergency treatment of dental pain, removable prosthodontic services, and fixed prosthodontic services.

The bill provides that MA will reimburse for basic services within the above categories provided by dental hygienists for services that are within the scope of practice of a dental hygienist.

MA Reimbursement for Two Dental Cleanings Per Year for Adults

Under current administrative rules of DHFS, MA provides reimbursement for one dental cleaning per year for adults. The bill appropriates funds to pay for two such cleanings per year.

20 productivity, patient satisfaction, achievement of objectives, and development of a
21 process for hearing and resolving patient grievances.
- 22 g. Ensuring that the entity is operated in compliance with applicable federal,
23 state, and local laws.
- 24 h. Adopting health care policies including scope and availability of services,
25 location, hours of services, and quality of care audit procedures.

1 4. Use any funds provided under this paragraph to supplement, and not
2 supplant, other funds that are or may be available to the entity.

3 5. Implement a patient screening process to determine patient eligibility for
4 medical assistance, badger care health care, and the payment schedule under subd.
5 2.

6 6. Provide oral health education in programs operated by and affiliated with
7 the department, including the special supplemental ^{food} fund program for women, X
8 infants, and children and head start.

9 7. Provide dental screening, risk assessments, and preventive dental
10 treatment to pregnant women; infants; preschoolers; persons with diabetes, heart
11 disease, or lung disease; and persons using psychotropic medication.

NOTE: SECTIONS 8, 9, and 10 provide \$1,600,000 GPR in each fiscal year of the
2001-03 biennium for grants for the provision of dental care services by entities to
provide or expand dental services to low-income individuals. Among other requirements,
the recipients of funds under this program must implement a sliding fee scale for their
patients, and must also be governed by a board representative of persons served by the
entity.

12 **SECTION 11. Nonstatutory provisions; health and family services.** In
13 state fiscal years 2001-02 and 2002-03, from the appropriation under section 20.435
14 (4) (b) of the statutes, as affected by this act, the department of health and family
15 services shall provide medical assistance coverage under the early and periodic
16 screening, diagnosis and treatment program under 42 CFR 441 for topical fluoride
17 varnish, for the purpose of preventing early childhood caries in eligible children 0 to
18 60 months of age, when rendered by health care professionals providing services
19 under the program and acting within their scope of practice and licensure. The
20 department shall promulgate rules relating to coverage of fluoride varnish
21 treatments under the early and periodic screening, diagnosis and treatment
22 program that contain the following provisions:

1 (1) The department shall provide payment for up to 3 applications per year of
2 topical fluoride varnish per eligible child.

3 (2) Application of topical fluoride varnish may be, but is not required to be,
4 provided in conjunction with an early and periodic screening, diagnosis and
5 treatment examination that includes a limited oral screening.

Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the joint legislative council in the bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

PREFATORY NOTE: This bill was prepared for the joint legislative council's special committee on dental care access. The bill contains the following provisions:

Tuition Assistance: Marquette University School of Dentistry

Under current law, \$1,167,000 is appropriated in each fiscal year to provide tuition assistance of \$11,670 per year for up to 100 Wisconsin residents attending Marquette University School of Dentistry.

The bill increases the per student tuition assistance to \$15,000 per year and increases the maximum number of Wisconsin residents who qualify to 160. The amount appropriated for this purpose is increased from the current \$1,167,000 to \$1,725,000 (115 x \$15,000) in fiscal year 2001–02 to reflect an additional 15 Wisconsin residents in the fall 2001 incoming class and to \$1,950,000 (130 x \$15,000) in fiscal year 2002–03 to reflect those 15 students and an additional 15 Wisconsin residents in the fall 2002 incoming class. When fully implemented in the fall of 2004, the amount of the appropriation would be \$2,400,000 (160 x \$15,000).

Licensed Dental Health Professionals in the Department of Health and Family Services (DHFS)

This bill increases the current appropriation for DHFS under s. 20.435 (4) (bm), stats., for medical assistance (MA) administration by \$132,000 in each year of the 2001–03 biennium to increase the authorized general purpose revenue (GPR) positions for DHFS by five GPR positions beginning on July 1, 2001. This funding would provide one licensed dental health professional in each of the five DHFS administrative regions for the division of public health, as prescribed by DHFS. These five licensed dental health professionals would be responsible for performing dental health outreach services and for providing dental care, primarily to persons eligible for MA.

Grants for Community Dental Services

The bill increases DHFS' current appropriation for community health services under s. 20.435 (5) (fh), stats., by \$1,600,000 in each year of the 2001–03 biennium. The department must distribute these funds to qualified applicants for the provision or expansion of dental care services. Under the bill, a "qualified applicant" is an entity that provides, or seeks to provide or expand, dental services to low-income individuals and that is not a federally qualified health center. A qualified applicant that receives a grant must ensure that the following criteria are met:

1. The applicant must make every attempt to collect appropriate reimbursement for its costs in providing dental services to persons who are entitled to BadgerCare, MA,

or assistance for medical expenses under any other public assistance or private insurance program.

2. The applicant must prepare and utilize a fee schedule for its services consistent with locally prevailing charges for these services that is designed to cover its reasonable costs. The applicant must also have a sliding fee scale for its patients.

3. The applicant must establish a governing board which, except in the case of an applicant that is an Indian tribe or band, is composed of individuals who are representative of persons served by the entity and a majority of whom are served by the entity. The bill sets forth the responsibilities of the governing board.

4. The applicant must use any funds provided under the grant program to supplement, and not supplant, other funds that are or may be available to the entity.

5. The applicant must implement a patient screening process to determine patient eligibility for MA, BadgerCare, and the sliding fee scale.

6. The applicant must ensure that the following services are also provided:

a. Oral health education.

b. Dental screening, risk assessment, and preventive dental treatment to pregnant women, infants, preschoolers, persons with diabetes, heart disease, and lung disease, and persons using psychotropic medication.

Under this program, preference for funding is given to applicants that are located in a dental health professional shortage area.

Grants for Community Water Fluoridation

The bill provides \$25,000 GPR in each year of the 2001–03 biennium for a community water fluoridation grant program. Under the program, DHFS must award grants each year to applying communities in Wisconsin for any of the following purposes:

1. Purchase of water fluoridation equipment.

2. Construction of additional building space to house water fluoridation equipment.

3. Payment of salaries of employees who operate water fluoridation equipment.

Coverage of Topical Fluoride Varnish Under Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program

This bill provides \$162,930 GPR in fiscal year 2001–02 and \$325,859 GPR in fiscal year 2002–03 to provide coverage under the MA program for topical fluoride varnish through the EPSDT program. The bill requires DHFS to promulgate rules regarding coverage of topical fluoride varnish, which specify the following:

a. Coverage is provided through the EPSDT program for children ages 0 to 60 months of age.

b. The fluoride varnish may be applied by any EPSDT health care provider acting within his or her scope of practice and licensure.

c. Payment shall be made for up to three applications per child per year of fluoride varnish.

Melissa, please let Mike Barman at the LRB know when this draft is done with redrafting. If the draft would require a fiscal estimate, please let Mike know you wish a estimate to be completed and it will be sent to me to assign for an agency or more to complete an estimate. The attorney working on the draft determines whether the draft has a fiscal effect. Apparently as of now the draft does not need a fiscal estimate.

DHFS called about this one. They don't have the draft but know it would involve them. Is the email below sufficient to initiate a request for a fiscal from LRB?

Subject: Dental Fiscal Notes

Hi Everyone,

I'm writing to enlist your help in getting fiscal notes prepared for LRBs 2780 and 2784 - the recommendations of the Special Legislative Council Study Committee on Dental Care Access. I have noticed them for Wednesday, May 2nd and I need something in hand by then. I think one draft is ready to go and the other is pretty close - I expect they will be introduced this week. Thank you for your assistance!
