Subject: Legislation Request

Hi Debora!

I'm not sure if you are the one I want to talk to, so please let me know if I should contact somebody else.

Senator Roessler would like to introduce legislation that would increase the amount of funding appropriated for the Donated Dental Services Program. Specifically, she would like to provide an additional \$20,000 per year for the purpose of changing the part-time position to a full-time position, as well as, providing additional funding that is much needed to maintain the program. The current funding appropriation is \$40,000 per year.

Please let me know if you need additional information.

Thank you,

Sara Jermstad

Subject: Donated Dental Services

Debora,

I spoke with Carrie at Fiscal Bureau. The appropriation reference for the Donated Dental Services Program is under the DHFS General Program appropriation ss.20.435(1a). If you need to speak directly with Carrie regarding this request, please feel free to do so.

Thank you,

Sara

Subject: Donated Dental

Welcome back! I am sure it seems too soon, it always does:)

Here is what I found on the Donated Dental Services Program.

\$40,000 GPR annually was provided under 1997 Act 27 for DHFS to contract with the Wisconsin Dental Association to administer a donated dental program. Under the program, volunteer dentists were expected to provide comprehensive dental care at no charge to disabled, aged and medically compromised individuals. Funding was provided to support the costs of one full-time referral coordinator for the program and other related program expenses.

There is no language associated with the item. The funding was placed in 20.435(1)(a).

Hope this helps. I will ask DHFS about program activities.

22. LEAD SCREENING AND OUTREACH PROJECT

	Chg. to Base
GPR	\$250,000

Joint Finance/Legislature: Provide \$125,000 annually to the Sixteenth Street Community Health Center (SSCHC) in the City of Milwaukee to expand its lead screening and outreach project. SSCHC is a community-based human service agency that provides primary health care, health education and social services to low-income individuals in the City of Milwaukee.

The lead screening and outreach project is managed by a registered nurse and three bilingual outreach workers who conduct door-to-door interviews with neighborhood residents. Outreach workers identify and enroll families with children under age six in the program. After a family is enrolled in the project, the outreach worker surveys the parents and conducts a visual inspection of the home in order to determine the risk of lead poisoning. Outreach workers also perform a finger stick blood test on children in the home, submit the test for analysis and follow-up with the family.

[Act 27 Section: 3455m]

23. DONATED DENTAL SERVICES PROGRAM

	Chg. to Base
GPR	\$80,000

Joint Finance/Legislature: Provide \$40,000 annually for DHFS to contract with the Wisconsin Dental Association to administer a donated dental program. Under this program, volunteer dentists would provide comprehensive dental care at no charge to disabled, aged, and medically compromised individuals. The funding would support the costs of one full-time referral coordinator for the program and other related program expenses.

24. INPATIENT HOSPITAL SERVICES FOR PERSONS WITH TUBERCULOSIS

Joint Finance: Authorize DHFS to make payments under the disease aids program for the first 30 days of inpatient services for pulmonary tuberculosis patients who are quarantined by DHFS or a local health officer.

Under current law, DHFS is authorized to reimburse facilities contracted by DHFS for inpatient care provided to pulmonary tuberculosis patients. However DHFS may not reimburse facilities for the first 30 days of inpatient services. Under these provisions, DHFS does not pay for services provided for individuals who are eligible for medicare, medical assistance and medical services supported under the county relief block grant program. If the patient has private pay health insurance, the state is required to pay the difference between health payments and total charges. These payments are made from funds budgeted under the disease aids program.

Assembly/Legislature: Authorize DHFS to pay for inpatient hospital care for isolated, rather than quarantined, pulmonary tuberculosis patients. Under current law, DHFS or the local health

2001 BILL

1 AN ACT ^{GEN} relating to: donated dental services and making an appropriation. ✓

Analysis by the Legislative Reference Bureau

Under current law, the department of health and family services provides \$40,000 in general purpose revenues annually under contract for administration of the donated dental services program. Under this program, dentists voluntarily provide comprehensive dental care, without charge, to disabled, aged, and medically compromised persons.

This bill increases the annual funding for administration of the donated dental services program to \$60,000.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 146.891[✓] of the statutes is created to read:

3 146.891 Donated dental services program. ~~146.891 Donated dental services program.~~

4 From the appropriation under s. 20.435 (1) (a),[✓] the department shall annually
5 provide \$60,000 to contract for the administration of a donated dental services
6 program, under which dentists licensed under ch. 447[✓] voluntarily provide

BILL**SECTION 1**

1 comprehensive dental care without charge to individuals who are disabled, aged at
2 least 65 years, or medically compromised.

3 **SECTION 2. Appropriation changes.**

4 (1) DONATED DENTAL SERVICES PROGRAM ADMINISTRATION. In the schedule under
5 section 20.005 (3) of the statutes for the appropriation to the health and family
6 services under section 20.435 (1) (a) of the statutes, as affected by the acts of 2001,
7 the dollar amount is increased by \$20,000 for fiscal year 2001–02 and the dollar
8 amount is increased by \$20,000 for fiscal year 2002–03 to increase funding for
9 administration of the donated dental services program under section 146.891 of the
10 statutes.
