2. Land and Water Resource Management Bonding (DIN 5740)

Explanation:

The department administers a land and water resource management program under s. 92.14, Stats. Under s. 92.14(6)(b), Stats., the department must provide counties with an average of \$100,000 per county per year in cost-share grant funding. However, current budget appropriations are not adequate to provide this level of cost-share funding. The department proposes a \$7 million increase in bond revenue authority, so the department can provide more funding to counties.

Statutory Changes:

SECTION ____. 20.866(2)(we) of the statutes is amended to read:

20.866(2)(we) *Agriculture; soil and water.* From the capital improvement fund, a sum sufficient for the department of agriculture, trade and consumer protection to provide for soil and water resource management under s. 92.14. The state may contract public debt in an amount not to exceed ~~\$6,575,000~~ \$13,575,000 for this purpose.

✓
AGRICULTURE

Under current law, DATCP administers a soil and water resource management program under which DATCP provides grants to counties to help the counties fund activities to reduce soil erosion and water pollution, including cost-sharing grants from counties to land owners. The soil and water resource management program is funded in part with general obligation bonding. This bill increases the authorized general obligation bonding authority for the soil and water resource management program by \$7,000,000. ✓
