Annual Report 3

Change in statutory language of s. 601.47 (2) relating to the production of the Commissioners Annual Report:

Intent of the Statutory Language Changes:

This modification is intended to allow the Commissioner to produce the Annual Report in electronic means as well as or instead of in printed form only. Many of the users of the Annual Report now prefer the Web publication and access the information there instead of purchasing the printed version. This change will allow publishing of the Report on the Web.

Current Language:

'The commissioner shall determine the form and have printed the report required in s. 601.46(3) in number sufficient to meet all requests for copies.'

Revised Language:

'The commissioner shall determine the form and have published the report required in s. 601.46(3) [in number] sufficient to meet all requests for copies.'
