Subject: DPI - Common School Fund income to support BadgerLink

Please draft the following request::

1. Common School Fund (CSF) income will grow by \$5.3 million in FY02 and \$6.8 million in FY03, from a base of \$21.7 million. DPI has requested \$73,500 SEG in FY02 and \$150,200 SEG in FY03 from the Universal Service Fund for cost-to-continue increases for the Badgerlink fulltext newspaper and magazine database. Please draft a request which would require DPI to:
 - withhold \$73,500 in FY02 and \$150,200 in FY03 from the CSF
 - use these amounts to fund the BadgerLink cost increases
 - reduce each school libraries' annual Common School Fund award in direct proportion to its overall share of Common School Fund income in FY02 and FY03. (In other words, a library's % share of the reductions in FY02 and FY03 should be the same % share of the overall CSF amount. So, if a library receives 50% of the CSF income, that library should be responsible for 50% of the withheld amounts in FY02 and FY03.)

(Alternatively, DPI could award the full amounts to libraries and then assess each library for its proportional share of the BadgerLink increases.)

Hi Peter --

For draft 01-0916/1 (which would use a portion of Common School Fund income to pay for BadgerLink), I would like to modify the draft so that all the income goes to school districts and then DPI charges each school district for its share of the BadgerLink cost increases. Let's discuss. Best, Steve
