Analysis by the Legislative Reference Bureau

EDUCATION

HIGHER EDUCATION

This bill directs the technical college system (TCS) board to establish a system that allows a student enrolled in one technical college to enroll in a course offered over the Internet by another technical college without paying additional fees to the technical college offering the course. The bill also directs the TCS board to assist technical colleges to develop Internet courses and to establish an Internet site that provides information on all such courses.

OTHER EDUCATIONAL AND CULTURAL AGENCIES

Under current law, the state has participated in the formation and operation of the Wisconsin Advanced Telecommunications Foundation (foundation), which is organized as a nonstock corporation. As required under current law, the foundation has established an endowment fund, which consists of a onetime \$500,000 contribution by the state and contributions by telecommunications providers. As also required under current law, the foundation has established a fast start fund, which consists of contributions by telecommunications providers. The foundation uses both funds to provide funding for advanced telecommunications technology applications projects and efforts to educate telecommunications users about

advanced telecommunications services. Current law also provides that if the foundation substantially ceases operations, the state's unencumbered contribution to the endowment fund must be returned to the state.

This bill eliminates all provisions under current law regarding the foundation. In addition, the bill provides that, if the foundation grants the unencumbered balances of the endowment fund and the fast start fund to DOA in fiscal year 2001-02, including the contributions made by telecommunications providers, then \$2,000,000 of the moneys that are received are transferred to the technical college system board for establishing an Internet site that lists all the Internet courses provided by the technical colleges and to assist technical colleges to develop Internet courses.

In addition, if the foundation makes the grant described above, the bill provides that the following moneys that are received are transferred to the technology for educational achievement in Wisconsin (TEACH) board for the following purposes: 1) ~~\$1,000,000~~ for administrative and support services to resolve the outstanding business of the foundation and performing other duties specified by the secretary of the TEACH board; and 2) \$566,200 for closing out any existing grants made by the foundation.

Also under the bill, if the foundation makes the grant described above, then the following moneys that are received are transferred to DPI for the following purposes: 1) \$579,000 for upgrading the Wisconsin Informational Network for School Success; 2) \$77,800 for upgrading the state school finance information system; 3) \$526,000 for completing a network upgrade and upgrading and replacing assistive technology devices and related software programs for the Wisconsin Center for the Blind and Visually Impaired; 4) \$161,600 for replacing the automated system at the Wisconsin Regional Library for the Blind and Physically Handicapped; and 5) \$500,000 for making a grant to the National Geographical Society Education Foundation for establishing a program for awarding grants and supporting programs for improving geographical education in the state, with an emphasis on student use of geographic information systems technology. The transfer of \$500,000 for making the grant to the National Geographical Society Education Foundation is contingent on that foundation's contribution of \$500,000 in matching funds for the program that is established.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

- 1 **SECTION 1.** 14.28 of the statutes is repealed.
- 2 **SECTION 2.** 15.105 (25) (br) and (bw) of the statutes are created to read:

1 15.105 (25) (br) One member who represents the interests of public elementary
2 and secondary school administrators.

3 (bw) One member who represents the interests of private sector technology or
4 telecommunications industries.

5 **SECTION 3.** 20.255 (3) (ec) of the statutes is repealed.

 ****NOTE: This SECTION involves a change in an appropriation that must be reflected in the revised schedule in s. 20.005, stats.

6 ~~**SECTION 4.** 20.275 (1) (gm) of the statutes is repealed.~~

~~****NOTE: This SECTION involves a change in an appropriation that must be reflected in the revised schedule in s. 20.005, stats.~~

7 **SECTION 5.** 20.275 (1) (k) of the statutes is created to read:

8 20.275 (1) (k) *Funds received from other state agencies.* All moneys received
9 from other state agencies to carry out the purposes for which received.

 ****NOTE: This SECTION involves a change in an appropriation that must be reflected in the revised schedule in s. 20.005, stats.

10 **SECTION 6.** 20.275 (1) (L) of the statutes is amended to read:

11 20.275 (1) (L) *Equipment purchases and leases.* All moneys received from
12 school districts, cooperative educational service agencies and public educational
13 institutions for the purchase or lease of educational technology equipment under s.
14 44.71 (2) (a)-8. (h), for the purpose of purchasing such equipment.

 ****NOTE: This SECTION involves a change in an appropriation that must be reflected in the revised schedule in s. 20.005, stats.

15 **SECTION 7.** 20.292 (1) (km) of the statutes is created to read:

16 20.292 (1) (km) *Internet courses.* All moneys transferred under 2001 Wisconsin
17 Act (this act), section 9101 (1) (a) 6., to assist district boards in developing Internet
18 courses under s. 38.04 (30) (c) and to establish an Internet site relating to such
19 courses under s. 38.04 (30) (a).

20 **SECTION 8.** 38.04 (30) of the statutes is created to read:

1 **38.04 (30) INTERNET COURSES.** The board shall do all of the following:

2 (a) Promulgate rules that allow a student enrolled in one district to take a
3 course offered by another district over the Internet without paying additional fees

7 (c) Assist district boards to develop Internet courses.

8 **SECTION 9.** 44.71 (2) (a) of the statutes is renumbered 44.71 (2), and 44.71 (2)
9 (h), as renumbered, is amended to read:

10 **44.71 (2) (h)** Purchase educational technology equipment for use by school
11 districts, cooperative educational service agencies, and public educational
12 institutions in this state and permit the districts, agencies, and institutions to
13 purchase or lease the equipment, with an option to purchase the equipment at a later
14 date. This ~~subdivision~~ paragraph does not require the purchase or lease of any
15 educational technology equipment from the board.

16 **SECTION 10.** 44.71 (2) (bm) of the statutes is repealed.

17 **SECTION 11.** 115.28 (27) of the statutes is repealed.

18 **SECTION 12.** 115.28 (42) of the statutes is created to read:

19 **115.28 (42) WISCONSIN GEOGRAPHICAL EDUCATION PROGRAM.** Enter into an
20 agreement with the National Geographical Society Education Foundation to
21 establish a geographical education program in this state. The agreement shall
22 require each of the following:

23 (a) That the National Geographical Society Education Foundation shall
24 establish and manage a trust fund consisting of any grant made under 2001

1 Wisconsin Act (this act), section 9140 (1) (b), and \$500,000 in matching funds
2 provided by the Foundation.

3 (b) That, from the trust fund established under par. (a) and any income thereon,
4 the National Geographical Society Education Foundation shall award grants and
5 support programs for improving geographical education in this state, with an
6 emphasis on improving student use of geographic information systems technology.

7 (c) That the National Geographical Society Education Foundation annually
8 submit to the department an audited financial statement of the trust fund
9 established under par. (a) that is prepared by an independent auditor and a report
10 listing the names of grant recipients and the amounts and purposes of awards and
11 other expenditures made from the trust fund.

12 (d) That, if the trust fund established under par. (a) is dissolved, the National
13 Geographical Society Education Foundation shall return to the department the
14 grant made under 2001 Wisconsin Act (this act), section 9140 (1) (b), and
15 unexpended income thereon.

16 (e) That the agreement is not effective unless the secretary of administration
17 determines that the transfer between the appropriation accounts described under
18 2001 Wisconsin Act (this act), section 9140 (1) (b), has occurred and that the
19 National Geographical Society Education Foundation has provided the matching
20 funds described in par. (a).

21 **SECTION 13.** 196.195 (12) (b) 1. d. of the statutes is repealed.

22 **SECTION 14.** 196.196 (1) (cm) of the statutes is repealed.

23 **SECTION 15.** 196.196 (5) (b) 6. of the statutes is repealed.

24 **SECTION 16.** 196.218 (5r) (a) 4. of the statutes is amended to read:

1 196.218 (5r) (a) 4. An assessment of how successful investments identified in
2 s. 196.196 (5) (f), assistance provided by the universal service fund ~~or the Wisconsin~~
3 ~~advanced telecommunications foundation,~~ and price regulation and other
4 alternative incentive regulations of telecommunications utilities designed to
5 promote competition have been in advancing the public interest goals identified
6 under s. 196.03 (6), and recommendations for further advancing those goals.

7 **SECTION 9101. Nonstatutory provisions; administration.**

8 (1) WISCONSIN ADVANCED TELECOMMUNICATIONS FOUNDATION FUNDS.

9 (a) If the secretary of administration determines that the Wisconsin advanced
10 telecommunications foundation has granted in fiscal year 2001-02 to the
11 department of administration the unencumbered balances of the endowment fund
12 established under section 14.28 (2) (g), 1999 stats., and the fast start fund
13 established under section 14.28 (6) (a), 1999 stats., each of the following applies on
14 the effective date of the grant, as determined by the secretary of administration:

15 1. An amount equal to \$579,000 is transferred from the appropriation account
16 under section 20.505 (1) (j) of the statutes to the appropriation account under section
17 20.255 (1) (ke) of the statutes, for the purpose of upgrading the Wisconsin
18 Informational Network for School Success.

19 2. An amount equal to \$77,800 is transferred from the appropriation account
20 under section 20.505 (1) (j) of the statutes to the appropriation account under section
21 20.255 (1) (ke) of the statutes, for the purpose of upgrading the state school finance
22 information system.

23 3. An amount equal to \$526,000 is transferred from the appropriation account
24 under section 20.505 (1) (j) of the statutes to the appropriation account under section
25 20.255 (1) (ke) of the statutes, for the purpose of upgrading and replacing assistive

\$161,600

1 technology devices and related software programs at the Janesville facility of the
2 Wisconsin Center for the Blind and Visually Impaired and the regional satellite
3 facilities of the center and for completing a network upgrade at the Janesville facility.

4 4. An amount equal to ~~\$136,200~~ is transferred from the appropriation
5 account under section 20.505 (1) (j) of the statutes to the appropriation account under
6 section 20.255 (1) (ke) of the statutes, for the purpose of replacing the automated
7 system at the Wisconsin Regional Library for the Blind and Physically Handicapped.

8 5. An amount equal to \$136,200 is transferred from the appropriation account
9 under section 20.505 (1) (j) of the statutes to the appropriation account under section
10 20.275 (1) (k) of the statutes, as created by this act, for the purpose of providing
11 administrative and support services to resolve the outstanding business of the
12 Wisconsin advanced telecommunications foundation and performing other duties, as
13 determined by the secretary of the technology for educational achievement in
14 Wisconsin board, including duties related to the state's administration of any federal
15 funding available under 47 USC 254 .

16 6. An amount equal to \$2,000,000 is transferred from the appropriation
17 account under section 20.505 (1) (j) of the statutes to the appropriation account under
18 section 20.292 (1) (km) of the statutes, as created by this act.

19 7. An amount equal to \$566,200 is transferred from the appropriation account
20 under section 20.505 (1) (j) of the statutes to the appropriation account under section
21 20.275 (1) (k) of the statutes, as created by this act, for the purpose of closing out any
22 existing grants made by the Wisconsin advanced telecommunications foundation.

23 (b) If the secretary of administration makes the determination under
24 paragraph (a) (intro.) and determines that the National Geographical Society
25 Education Foundation has provided, in fiscal year 2001-02, the matching funds

X

X

1 described in section 115.28 (42) (a) of the statutes, as created by this act, on the
2 effective date determined under paragraph (a) (intro.) or on the date that the
3 secretary makes the determination under this paragraph, whichever is later, an
4 amount equal to \$500,000 is transferred from the appropriation account under
5 section 20.505 (1) (j) of the statutes to the appropriation account under section 20.255
6 (1) (ke) of the statutes, for the purpose of making a grant to the National
7 Geographical Society Education Foundation for the geographical education program
8 established under section 115.28 (42) of the statutes, as created by this act.

Hi Mark --

Please make the following additions to Section 9101 of draft 1694/6:

- 1) In FY02, transfer \$1,000,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of funding the Wisconsin Advanced Distributed Co-Laboratory. (Note: This is dealt with in draft 1972/4 and can be incorporated into this draft.)
- 2) In FY02, transfer \$3,000,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of funding the University of Wisconsin's Learning Innovations activities.
- 3) In FY02, transfer \$250,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of establishing a nonprofit, tax-exempt corporation whose purpose is to establish distance education classrooms in Wisconsin trade offices abroad, and offer UW System distance education courses from those classrooms. (Note: This is dealt with in draft 1973/1 and can be incorporated into this draft.)
- 4) In FY02, transfer \$1,500,000 from appropriation 20.505 (1)(j) to a new funds transferred from other state agencies appropriation in Commerce to fund grants related to emerging technologies that will promote industrial and economic development in southeastern Wisconsin. (Note: This is dealt with in draft 1909/1 and can be incorporated into this draft.)
- 5) In FY02, transfer \$500,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of developing wireless networking.
- 6) In FY02, transfer \$2,000,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of funding the University of Wisconsin System's Internet 2 project.
- 7) Create a new funds transferred from other state agencies appropriation at HEAB. In FY02, transfer \$168,300 from appropriation 20.505 (1)(j) to this new HEAB appropriation to fund technology upgrades at the agency.

Hi Mark --

Here are the answers to your questions:

- 2) Right -- Learning Innovations is at the Extension.
- 5) The wireless networking upgrades will create docking stations that will allow students to use laptops to connect with the Internet.
- 6) The Internet 2 project will provide technology infrastructure upgrades on campuses that will enhance high-speed Internet activity.

Let me know if you have any other questions! Best, Steve

Steve: I have the following questions about your recent email:

- 2) In FY02, transfer \$3,000,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of funding the University of Wisconsin's Learning Innovations activities. **[Mark Kunkel]** This is the UW-Extension's Learning Innovations division, right?
- 5) In FY02, transfer \$500,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of developing wireless networking.
[Mark Kunkel] Who develops the wireless networking? Who is it for?
- 6) In FY02, transfer \$2,000,000 from appropriation 20.505 (1)(j) to appropriation 20.285 (1)(k) for the purpose of funding the University of Wisconsin System's Internet 2 project.
[Mark Kunkel] Can you provide a little more detail on what the Internet 2 project is?

Subject: FW: WATF Draft-additions

Hello everybody:

In redrafting LRB-1694, I am funding the UW programs described in LRB-1972 and LRB-1973 with the money from the WATF. In my redraft, do I need to include a provision similar to one that is in both of those drafts, that provides:

"Notwithstanding section 16.42 (1) (e) of the statutes, in submitting information under section 16.42 of the statutes for purposes of the 2003-05 biennial budget bill, the board of regents shall submit information concerning the appropriation under section 20.285 (1) (a) of the statutes as though the amount in that appropriation in the 2002-03 fiscal year were \$250,000 less."

In my redraft, the WATF money is transferred to the appropriation under s. 20.285 (1) (k). Because the funding source is different in my redraft, and consists of all moneys received from another state agency (i.e., DOA, who is receiving the WATF money), does that mean I don't need language comparable to the language quoted above?

Sorry to bother all of you, but I wasn't sure who to ask.

COMMERCE AND ECONOMIC DEVELOPMENT

ECONOMIC DEVELOPMENT

This bill provides that, if the Wisconsin Advanced Telecommunications Foundation (foundation) grants to DOA the unencumbered balances of its endowment fund and fast start fund, then moneys are transferred to the department of commerce to make grants for research on emerging technologies that promote industrial and economic development in southeastern Wisconsin. See **EDUCATION, OTHER EDUCATIONAL AND CULTURAL AGENCIES.**

EDUCATION

HIGHER EDUCATION

This bill directs the technical college system (TCS) board to establish a system that allows a student enrolled in one technical college to enroll in a course offered over the Internet by another technical college without paying additional fees to the technical college offering the course. The bill also directs the TCS board to assist technical colleges to develop Internet courses and to establish an Internet site that provides information on all such courses.

The bill also provides for the transfer of moneys to the board of regents of the UW System for various purposes if the foundation grants to DOA the unencumbered

balances of its endowment fund and fast start fund. See **OTHER EDUCATIONAL AND CULTURAL AGENCIES**.

OTHER EDUCATIONAL AND CULTURAL AGENCIES

Under current law, the technology for educational achievement in Wisconsin (TEACH) board consists of the following members: 1) a member of the board of regents of the UW System, appointed by the president of the board of regents; 2) a member of the (TCS) board, appointed by the president of the (TCS) board; 3) a member of the educational communications board; and 4) four members appointed by the governor. This bill adds two additional members to the TEACH board: 1) a member who represents the interests of public elementary and secondary school administrators; and 2) a member who represents the interests of private sector technology or telecommunications industries. Both members are appointed by the governor.

Also under current law, the state has participated in the formation and operation of the Wisconsin Advanced Telecommunications Foundation (foundation), which is organized as a nonstock corporation. As required under current law, the foundation has established an endowment fund, which consists of a onetime \$500,000 contribution by the state and contributions by telecommunications providers. As also required under current law, the foundation has established a fast start fund, which consists of contributions by telecommunications providers. The foundation uses both funds to provide funding for advanced telecommunications technology applications projects and efforts to educate telecommunications users about advanced telecommunications services. Current law also provides that if the foundation substantially ceases operations, the state's unencumbered contribution to the endowment fund must be returned to the state.

This bill eliminates all provisions under current law regarding the foundation. In addition, the bill provides that, if the foundation grants the unencumbered balances of the endowment fund and the fast start fund to DOA in fiscal year 2001-02, including the contributions made by telecommunications providers, then \$2,000,000 of the moneys that are received are transferred to the technical college system board for establishing an Internet site that lists all the Internet courses provided by the technical colleges and to assist technical colleges to develop Internet courses.

If the foundation makes the grant described above, the bill provides that the following moneys that are received are transferred to the TEACH board for the following purposes: 1) \$136,200 for administrative and support services to resolve the outstanding business of the foundation and performing other duties specified by the secretary of the TEACH board; and 2) \$566,200 for closing out any existing grants made by the foundation.

In addition, if the foundation makes the grant described above, the bill provides that the following moneys that are received are transferred to the board of regents of the UW System for the following purposes: 1) \$250,000 for the UW Learning Innovations at UW-Extension to establish a nonprofit, tax-exempt corporation whose purpose is to establish distance education classrooms in Wisconsin trade offices abroad and offer UW System distance education courses from those

INSERT 3A ↓

classrooms; 2) \$3,000,000 for funding the activities of the UW Learning Innovations at UW-Extension; 3) \$500,000 for developing wireless networking systems that allow students to use laptop computers and docking stations to connect to the Internet; 4) \$2,000,000 for funding the UW System's project designated "Internet 2," which upgrades technology infrastructure on campuses for enhancing high-speed Internet activity; and 5) \$1,000,000 for funding the Wisconsin advanced distributed co-laboratory, a computer laboratory located on the UW-Madison campus. If the last transfer is made, the UW System board of regents must submit a report to DOA by September 1, 2003, that shows how the money was used and describes any federal funding for the co-laboratory.

Also under the bill, if the foundation makes the grant described above, then the following moneys that are received are transferred to DPI for the following purposes: 1) \$579,000 for upgrading the Wisconsin Informational Network for School Success; 2) \$77,800 for upgrading the state school finance information system; 3) \$526,000 for completing a network upgrade and upgrading and replacing assistive technology devices and related software programs for the Wisconsin Center for the Blind and Visually Impaired; 4) \$161,600 for replacing the automated system at the Wisconsin Regional Library for the Blind and Physically Handicapped; and 5) \$500,000 for making a grant to the National Geographical Society Education Foundation for establishing a program for awarding grants and supporting programs for improving geographical education in the state, with an emphasis on student use of geographic information systems technology. The transfer of \$500,000 for making the grant to the National Geographical Society Education Foundation is contingent on that foundation's contribution of \$500,000 in matching funds for the program that is established.

The bill also provides that, if the foundation makes the grant described above, \$1,500,000 is transferred to the department of commerce to make grants, no later than June 30, 2003, to the University of Wisconsin-Milwaukee, the University of Wisconsin-Parkside, Marquette University, the Milwaukee School of Engineering, and the Medical College of Wisconsin. The grants must be used for research related to emerging technologies that promote industrial and economic development in southeastern Wisconsin. The department of commerce and a grant recipient must enter into an agreement that specifies reporting and auditing requirements for the grant.

Finally, the bill provides that, if the foundation makes the grant described above, \$168,300 is transferred to the higher educational aids board for upgrading technology at the board.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

19 **SECTION 12.** 44.71 (2) (a) of the statutes is renumbered 44.71 (2), and 44.71 (2)
20 (h), as renumbered, is amended to read:

21 44.71 (2) (h) Purchase educational technology equipment for use by school
22 districts, cooperative educational service agencies, and public educational
23 institutions in this state and permit the districts, agencies, and institutions to
24 purchase or lease the equipment, with an option to purchase the equipment at a later

1 date. This ~~subdivision~~ paragraph does not require the purchase or lease of any
2 educational technology equipment from the board.

3 SECTION 13. 44.71 (2) (bm) of the statutes is repealed.

4 SECTION 14. 115.28 (27) of the statutes is repealed.

5 SECTION 15. 115.28 (42) of the statutes is created to read:

6 115.28 (42) WISCONSIN GEOGRAPHICAL EDUCATION PROGRAM. Enter into an
7 agreement with the National Geographical Society Education Foundation to
8 establish a geographical education program in this state. The agreement shall
9 require each of the following:

10 (a) That the National Geographical Society Education Foundation shall
11 establish and manage a trust fund consisting of any grant made under 2001
12 Wisconsin Act ... (this act), section 9101 (1) (b), and \$500,000 in matching funds
13 provided by the Foundation.

14 (b) That, from the trust fund established under par. (a) and any income thereon,
15 the National Geographical Society Education Foundation shall award grants and
16 support programs for improving geographical education in this state, with an
17 emphasis on improving student use of geographic information systems technology.

18 (c) That the National Geographical Society Education Foundation annually
19 submit to the department an audited financial statement of the trust fund
20 established under par. (a) that is prepared by an independent auditor and a report
21 listing the names of grant recipients and the amounts and purposes of awards and
22 other expenditures made from the trust fund.

23 (d) That, if the trust fund established under par. (a) is dissolved, the National
24 Geographical Society Education Foundation shall return to the department the

1 grant made under 2001 Wisconsin Act (this act), section 9101 (1) (b), and
2 unexpended income thereon.

3 (e) That the agreement is not effective unless the secretary of administration
4 determines that the transfer between the appropriation accounts described under
5 2001 Wisconsin Act (this act), section 9101 (1) (b), has occurred and that the
6 National Geographical Society Education Foundation has provided the matching
7 funds described in par. (a).

8 **SECTION 16.** 196.195 (12) (b) 1. d. of the statutes is repealed.

9 **SECTION 17.** 196.196 (1) (cm) of the statutes is repealed.

10 **SECTION 18.** 196.196 (5) (b) 6. of the statutes is repealed.

11 **SECTION 19.** 196.218 (5r) (a) 4. of the statutes is amended to read:

12 196.218 (5r) (a) 4. An assessment of how successful investments identified in
13 s. 196.196 (5) (f), assistance provided by the universal service fund or the Wisconsin
14 advanced ~~telecommunications~~ foundation, and price regulation and other
15 alternative incentive regulations of telecommunications utilities designed to
16 promote competition have been in advancing the public interest goals identified
17 under s. 196.03 (6), and recommendations for further advancing those goals.

18 **SECTION 9101. Nonstatutory provisions; administration.**

19 (1) WISCONSIN ADVANCED TELECOMMUNICATIONS FOUNDATION FUNDS.

20 (a) *Determination by secretary of administration.* If the secretary of
21 administration determines that the Wisconsin advanced telecommunications
22 foundation has granted in fiscal year 2001–02 to the department of administration
23 the unencumbered balances of the endowment fund established under section 14.28

24 (2) (g), 1999 stats., and the fast start fund established under section 14.28 (6) (a),

1 1999 stats., each of the following applies on the effective date of the grant, as
2 determined by the secretary of administration:

3 1. 'Wisconsin Informational Network for School Success.' An amount equal to
4 \$579,000 is transferred from the appropriation account under section 20.505 (1) (j)
5 of the statutes to the appropriation account under section 20.255 (1) (ke) of the
6 statutes, for the purpose of upgrading the Wisconsin Informational Network for
7 School Success.

8 2. 'State school finance information system.' An amount equal to \$77,800 is
9 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
10 to the appropriation account under section 20.255 (1) (ke) of the statutes, for the
11 purpose of upgrading the state school finance information system.

12 3. 'Wisconsin Center for the Blind and Visually Impaired.' An amount equal
13 to \$526,000 is transferred from the appropriation account under section 20.505 (1)
14 (j) of the statutes to the appropriation account under section 20.255 (1) (ke) of the
15 statutes, for the purpose of upgrading and replacing assistive technology devices and
16 related software programs at the Janesville facility of the Wisconsin Center for the
17 Blind and Visually Impaired and the regional satellite facilities of the center and for
18 completing a network upgrade at the Janesville facility.

19 4. 'Wisconsin Regional Library for the Blind and Physically Handicapped.' An
20 amount equal to \$161,600 is transferred from the appropriation account under
21 section 20.505 (1) (j) of the statutes to the appropriation account under section 20.255
22 (1) (ke) of the statutes, for the purpose of replacing the automated system at the
23 Wisconsin Regional Library for the Blind and Physically Handicapped.

24 5. 'Technology for educational achievement in Wisconsin board.' An amount
25 equal to \$136,200 is transferred from the appropriation account under section 20.505

1 (1) (j) of the statutes to the appropriation account under section 20.275 (1) (k) of the
2 statutes, as created by this act, for the purpose of providing administrative and
3 support services to resolve the outstanding business of the Wisconsin advanced
4 telecommunications foundation and performing other duties, as determined by the
5 secretary of the technology for educational achievement in Wisconsin board,
6 including duties related to the state's administration of any federal funding available
7 under 47 USC 254.

8 6. 'Technical college system board.' An amount equal to \$2,000,000 is
9 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
10 to the appropriation account under section 20.292 (1) (km) of the statutes, as created
11 by this act.

12 7. 'Wisconsin advanced telecommunications foundation grants.' An amount
13 equal to \$566,200 is transferred from the appropriation account under section 20.505
14 (1) (j) of the statutes to the appropriation account under section 20.275 (1) (k) of the
15 statutes, as created by this act, for the purpose of closing out any existing grants
16 made by the Wisconsin advanced telecommunications foundation.

17 8. 'Wisconsin advanced distributed co-laboratory.' An amount equal to
18 \$1,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
19 of the statutes to the appropriation account under section 20.285 (1) (k) of the
20 statutes for the purpose of funding the Wisconsin advanced distributed
21 co-laboratory. If the transfer described in this subdivision is made, the board of
22 regents of the University of Wisconsin System shall, by September 1, 2003, submit
23 a report to the department of administration that shows how the board of regents
24 used the amount transferred to benefit the Wisconsin advanced distributed
25 co-laboratory and describes any federal funding received for the co-laboratory.

1 9. 'Worldwide distance education.' An amount equal to \$250,000 is transferred
2 from the appropriation account under section 20.505 (1) (j) of the statutes to the
3 appropriation account under section 20.285 (1) (k) of the statutes for the purpose of
4 the University of Wisconsin Learning Innovations at the University of
5 Wisconsin-Extension to establish a nonstock, nonprofit corporation that is described
6 in section 501 (c) (3) of the Internal Revenue Code, whose purpose is to establish
7 distance education classrooms in Wisconsin trade offices abroad and to offer
8 University of Wisconsin System distance education courses from those classrooms.

9 10. 'University of Wisconsin Learning Innovations.' An amount equal to
10 \$3,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
11 of the statutes to the appropriation account under section 20.285 (1) (k) of the
12 statutes for the purpose of funding the activities of the University of Wisconsin
13 Learning Innovations at the University of Wisconsin-Extension.

14 11. 'Department of commerce grants for technology research.' An amount equal
15 to \$1,500,000 is transferred from the appropriation account under section 20.505 (1)
16 (j) of the statutes to the appropriation account under section 20.143 (1) (j) of the
17 statutes, as created by this act, for the purpose of the department of commerce to
18 make grants, no later than June 30, 2003, to the University of
19 Wisconsin-Milwaukee, the University of Wisconsin-Parkside, Marquette
20 University, the Milwaukee School of Engineering, and the Medical College of
21 Wisconsin for research related to emerging technologies that will promote industrial
22 and economic development in southeastern Wisconsin. The department of commerce
23 may not make a grant under this subdivision unless the department and the
24 recipient enter into an agreement that specifies reporting and auditing
25 requirements for the grant.

INSERT 11-11

1 12. 'University of Wisconsin System wireless networking.' An amount equal
2 to \$500,000 is transferred from the appropriation account under section 20.505 (1)
3 (j) of the statutes to the appropriation account under section 20.285 (1) (k) of the
4 statutes for the purpose of developing wireless networking systems that allow
5 students to use laptop computers and docking stations to connect to the Internet.

6 13. 'University of Wisconsin System Internet 2 project.' An amount equal to
7 \$2,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
8 of the statutes to the appropriation account under section 20.285 (1) (k) of the
9 statutes for the purpose of funding the project of the University of Wisconsin System
10 designated as "Internet 2" that upgrades technology infrastructure on campuses for
11 enhancing high-speed Internet activity.

12 ~~14.~~ ¹⁵ 'Higher educational aids board.' An amount equal to \$168,300 is
13 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
14 to the appropriation account under section 20.235 (1) (j) of the statutes, as created
15 by this act, for the purpose of upgrading technology at the higher educational aids
16 board.

17 (b) *Wisconsin geographical education program.* If the secretary of
18 administration makes the determination under paragraph (a) (intro.) and
19 determines that the National Geographical Society Education Foundation has
20 provided, in fiscal year 2001-02, the matching funds described in section 115.28 (42)
21 (a) of the statutes, as created by this act, on the effective date determined under
22 paragraph (a) (intro.) or on the date that the secretary makes the determination
23 under this paragraph, whichever is later, an amount equal to \$500,000 is transferred
24 from the appropriation account under section 20.505 (1) (j) of the statutes to the
25 appropriation account under section 20.255 (1) (ke) of the statutes, for the purpose

1 of making a grant to the National Geographical Society Education Foundation for
2 the geographical education program established under section 115.28 (42) of the
3 statutes, as created by this act.

COMMERCE AND ECONOMIC DEVELOPMENT

ECONOMIC DEVELOPMENT

This bill provides that, if the Wisconsin Advanced Telecommunications Foundation (foundation) grants to DOA the unencumbered balances of its endowment fund and fast start fund, then moneys are transferred to the department of commerce to make grants for research on emerging technologies that promote industrial and economic development in southeastern Wisconsin. See **EDUCATION, OTHER EDUCATIONAL AND CULTURAL AGENCIES.**

EDUCATION

HIGHER EDUCATION

This bill directs the technical college system (TCS) board to establish a system that allows a student enrolled in one technical college to enroll in a course offered over the Internet by another technical college without paying additional fees to the technical college offering the course. The bill also directs the TCS board to assist technical colleges to develop Internet courses and to establish an Internet site that provides information on all such courses.

The bill also provides for the transfer of moneys to the board of regents of the UW System for various purposes if the ~~foundation~~ grants to DOA the unencumbered

✓

Foundation

balances of its endowment fund and fast start fund. See **OTHER EDUCATIONAL AND CULTURAL AGENCIES**.

OTHER EDUCATIONAL AND CULTURAL AGENCIES

Under current law, the technology for educational achievement in Wisconsin (TEACH) board consists of the following members: 1) a member of the board of regents of the UW System, appointed by the president of the board of regents; 2) a member of the TCS board, appointed by the president of the TCS board; 3) a member of the educational communications board; and 4) four members appointed by the governor. This bill adds two additional members to the TEACH board: 1) a member who represents the interests of public elementary and secondary school administrators; and 2) a member who represents the interests of private sector technology or telecommunications industries. Both members are appointed by the governor.

Also under current law, the state has participated in the formation and operation of the Wisconsin Advanced Telecommunications Foundation (foundation), which is organized as a nonstock corporation. As required under current law, the foundation has established an endowment fund, which consists of a onetime \$500,000 contribution by the state and contributions by telecommunications providers. As also required under current law, the foundation has established a fast start fund, which consists of contributions by telecommunications providers. The foundation uses both funds to provide funding for advanced telecommunications technology applications projects and efforts to educate telecommunications users about advanced telecommunications services. Current law also provides that if the foundation substantially ceases operations, the state's unencumbered contribution to the endowment fund must be returned to the state.

This bill eliminates all provisions under current law regarding the foundation. In addition, the bill provides that, if the foundation grants the unencumbered balances of the endowment fund and the fast start fund to DOA in fiscal year 2001-02, including the contributions made by telecommunications providers, then \$2,000,000 of the moneys that are received are transferred to the ~~technical college~~ ^{technical college} system board for establishing an Internet site that lists all the Internet courses provided by the technical colleges and to assist technical colleges to develop Internet courses.

If the foundation makes the grant described above, the bill provides that the following moneys that are received are transferred to the TEACH board for the following purposes: 1) \$136,200 for administrative and support services to resolve the outstanding business of the foundation and performing other duties specified by the secretary of the TEACH board; and 2) \$566,200 for closing out any existing grants made by the foundation.

In addition, if the foundation makes the grant described above, the bill provides that the following moneys that are received are transferred to the board of regents of the UW System for the following purposes: 1) \$250,000 for the UW Learning Innovations at UW-Extension to establish a nonprofit, tax-exempt corporation whose purpose is to establish distance education classrooms in Wisconsin trade offices abroad and offer UW System distance education courses from those

classrooms; 2) \$3,000,000 for funding the activities of the UW Learning Innovations at UW-Extension; 3) \$500,000 for developing wireless networking systems that allow students to use laptop computers and docking stations to connect to the Internet; 4) \$2,000,000 for funding the UW System's project designated "Internet 2," which upgrades technology infrastructure on campuses for enhancing high-speed Internet activity; 5) \$500,000 for purchasing a digital mammography machine for the UW Medical School; and 6) \$1,000,000 for funding the Wisconsin advanced distributed co-laboratory, a computer laboratory located on the UW-Madison campus. If the last transfer is made, the UW System board of regents must submit a report to DOA by September 1, 2003, that shows how the money was used and describes any federal funding for the co-laboratory.

Also under the bill, if the foundation makes the grant described above, then the following moneys that are received are transferred to DPI for the following purposes: 1) \$579,000 for upgrading the Wisconsin Informational Network for School Success; 2) \$77,800 for upgrading the state school finance information system; 3) \$526,000 for completing a network upgrade and upgrading and replacing assistive technology devices and related software programs for the Wisconsin Center for the Blind and Visually Impaired; 4) \$161,600 for replacing the automated system at the Wisconsin Regional Library for the Blind and Physically Handicapped; and 5) \$500,000 for making a grant to the National Geographical Society Education Foundation for establishing a program for awarding grants and supporting programs for improving geographical education in the state, with an emphasis on student use of geographic information systems technology. The transfer of \$500,000 for making the grant to the National Geographical Society Education Foundation is contingent on that foundation's contribution of \$500,000 in matching funds for the program that is established.

The bill also provides that, if the foundation makes the grant described above, \$1,500,000 is transferred to the department of commerce to make grants, no later than June 30, 2003, to the University of Wisconsin-Milwaukee, the University of Wisconsin-Parkside, Marquette University, the Milwaukee School of Engineering, and the Medical College of Wisconsin. The grants must be used for research related to emerging technologies that promote industrial and economic development in southeastern Wisconsin. The department of commerce and a grant recipient must enter into an agreement that specifies reporting and auditing requirements for the grant.

Finally, the bill provides that, if the foundation makes the grant described above, \$168,300 is transferred to the higher educational aids board for upgrading technology at the board.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

18 **SECTION 9101. Nonstatutory provisions; administration.**

19 (1) WISCONSIN ADVANCED TELECOMMUNICATIONS FOUNDATION FUNDS.

20 (a) *Determination by secretary of administration.* If the secretary of
21 administration determines that the Wisconsin advanced telecommunications
22 foundation has granted in fiscal year 2001–02 to the department of administration
23 the unencumbered balances of the endowment fund established under section 14.28
24 (2) (g), 1999 stats., and the fast start fund established under section 14.28 (6) (a),

1 1999 stats., each of the following applies on the effective date of the grant, as
2 determined by the secretary of administration:

3 1. 'Wisconsin Informational Network for School Success.' An amount equal to
4 \$579,000 is transferred from the appropriation account under section 20.505 (1) (j)
5 of the statutes to the appropriation account under section 20.255 (1) (ke) of the
6 statutes, for the purpose of upgrading the Wisconsin Informational Network for
7 School Success.

8 2. 'State school finance information system.' An amount equal to \$77,800 is
9 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
10 to the appropriation account under section 20.255 (1) (ke) of the statutes, for the
11 purpose of upgrading the state school finance information system.

12 3. 'Wisconsin Center for the Blind and Visually Impaired.' An amount equal
13 to \$526,000 is transferred from the appropriation account under section 20.505 (1)
14 (j) of the statutes to the appropriation account under section 20.255 (1) (ke) of the
15 statutes, for the purpose of upgrading and replacing assistive technology devices and
16 related software programs at the Janesville facility of the Wisconsin Center for the
17 Blind and Visually Impaired and the regional satellite facilities of the center and for
18 completing a network upgrade at the Janesville facility.

19 4. 'Wisconsin Regional Library for the Blind and Physically Handicapped.' An
20 amount equal to \$161,600 is transferred from the appropriation account under
21 section 20.505 (1) (j) of the statutes to the appropriation account under section 20.255
22 (1) (ke) of the statutes, for the purpose of replacing the automated system at the
23 Wisconsin Regional Library for the Blind and Physically Handicapped.

24 5. 'Technology for educational achievement in Wisconsin board.' An amount
25 equal to \$136,200 is transferred from the appropriation account under section 20.505

1 (1) (j) of the statutes to the appropriation account under section 20.275 (1) (k) of the
2 statutes, as created by this act, for the purpose of providing administrative and
3 support services to resolve the outstanding business of the Wisconsin advanced
4 telecommunications foundation and performing other duties, as determined by the
5 secretary of the technology for educational achievement in Wisconsin board,
6 including duties related to the state's administration of any federal funding available
7 under 47 USC 254.

8 6. 'Technical college system board.' An amount equal to \$2,000,000 is
9 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
10 to the appropriation account under section 20.292 (1) (km) of the statutes, as created
11 by this act.

12 7. 'Wisconsin advanced telecommunications foundation grants.' An amount
13 equal to \$566,200 is transferred from the appropriation account under section 20.505
14 (1) (j) of the statutes to the appropriation account under section 20.275 (1) (k) of the
15 statutes, as created by this act, for the purpose of closing out any existing grants
16 made by the Wisconsin advanced telecommunications foundation.

17 8. 'Wisconsin advanced distributed co-laboratory.' An amount equal to
18 \$1,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
19 of the statutes to the appropriation account under section 20.285 (1) (k) of the
20 statutes for the purpose of funding the Wisconsin advanced distributed
21 co-laboratory. If the transfer described in this subdivision is made, the board of
22 regents of the University of Wisconsin System shall, by September 1, 2003, submit
23 a report to the department of administration that shows how the board of regents
24 used the amount transferred to benefit the Wisconsin advanced distributed
25 co-laboratory and describes any federal funding received for the co-laboratory.

1 9. 'Worldwide distance education.' An amount equal to \$250,000 is transferred
2 from the appropriation account under section 20.505 (1) (j) of the statutes to the
3 appropriation account under section 20.285 (1) (k) of the statutes for the purpose of
4 the University of Wisconsin Learning Innovations at the University of
5 Wisconsin–Extension to establish a nonstock, nonprofit corporation that is described
6 in section 501 (c) (3) of the Internal Revenue Code, whose purpose is to establish
7 distance education classrooms in Wisconsin trade offices abroad and to offer
8 University of Wisconsin System distance education courses from those classrooms.

9 10. 'University of Wisconsin Learning Innovations.' An amount equal to
10 \$3,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
11 of the statutes to the appropriation account under section 20.285 (1) (k) of the
12 statutes for the purpose of funding the activities of the University of Wisconsin
13 Learning Innovations at the University of Wisconsin–Extension.

14 11. 'Department of commerce grants for technology research.' An amount equal
15 to \$1,500,000 is transferred from the appropriation account under section 20.505 (1)
16 (j) of the statutes to the appropriation account under section 20.143 (1) (j) of the
17 statutes, as created by this act, for the purpose of the department of commerce to
18 make grants, no later than June 30, 2003, to the University of
19 Wisconsin–Milwaukee, the University of Wisconsin–Parkside, Marquette
20 University, the Milwaukee School of Engineering, and the Medical College of
21 Wisconsin for research related to emerging technologies that will promote industrial
22 and economic development in southeastern Wisconsin. The department of commerce
23 may not make a grant under this subdivision unless the department and the
24 recipient enter into an agreement that specifies reporting and auditing
25 requirements for the grant.

1 12. 'University of Wisconsin System wireless networking.' An amount equal
2 to \$500,000 is transferred from the appropriation account under section 20.505 (1)
3 (j) of the statutes to the appropriation account under section 20.285 (1) (k) of the
4 statutes for the purpose of developing wireless networking systems that allow
5 students to use laptop computers and docking stations to connect to the Internet.

6 13. 'University of Wisconsin System Internet 2 project.' An amount equal to
7 \$2,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
8 of the statutes to the appropriation account under section 20.285 (1) (k) of the
9 statutes for the purpose of funding the project of the University of Wisconsin System
10 designated as "Internet 2" that upgrades technology infrastructure on campuses for
11 enhancing high-speed Internet activity.

12 14. 'University of Wisconsin-Madison Medical School.' An amount equal to
13 \$500,000 is transferred from the appropriation account under section 20.505 (1) (j)
14 of the statutes to the appropriation account under section 20.285 (1) (k) of the
15 statutes for the purpose of purchasing a digital mammography machine for the
16 University of Wisconsin-Madison Medical School.

17 15. 'Higher educational aids board.' An amount equal to \$168,300 is
18 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
19 to the appropriation account under section 20.235 (1) (j) of the statutes, as created
20 by this act, for the purpose of upgrading technology at the higher educational aids
21 board.

22 (b) *Wisconsin geographical education program.* If the secretary of
23 administration makes the determination under paragraph (a) (intro.) and
24 determines that the National Geographical Society Education Foundation has
25 provided, in fiscal year 2001-02, the matching funds described in section 115.28 (42)

SECTION 9101

1 (a) of the statutes, as created by this act, on the effective date determined under
2 paragraph (a) (intro.) or on the date that the secretary makes the determination
3 under this paragraph, whichever is later, an amount equal to \$500,000 is transferred
4 from the appropriation account under section 20.505 (1) (j) of the statutes to the
5 appropriation account under section 20.255 (1) (ke) of the statutes, for the purpose
6 of making a grant to the National Geographical Society Education Foundation for
7 the geographical education program established under section 115.28 (42) of the
8 statutes, as created by this act.

COMMERCE AND ECONOMIC DEVELOPMENT

ECONOMIC DEVELOPMENT

This bill provides that, if the Wisconsin Advanced Telecommunications Foundation (foundation) grants to DOA the unencumbered balances of its endowment fund and fast start fund, then moneys are transferred to the department of commerce to make grants for research on emerging technologies that promote industrial and economic development in southeastern Wisconsin. See **EDUCATION, OTHER EDUCATIONAL AND CULTURAL AGENCIES.**

EDUCATION

HIGHER EDUCATION

This bill directs the technical college system (TCS) board to establish a system that allows a student enrolled in one technical college to enroll in a course offered over the Internet by another technical college without paying additional fees to the technical college offering the course. The bill also directs the TCS board to assist technical colleges to develop Internet courses and to establish an Internet site that provides information on all such courses.

The bill also provides for the transfer of moneys to the board of regents of the UW System for various purposes if the Wisconsin Advanced Telecommunications

Foundation grants to DOA the unencumbered balances of its endowment fund and fast start fund. See OTHER EDUCATIONAL AND CULTURAL AGENCIES.

OTHER EDUCATIONAL AND CULTURAL AGENCIES

~~Under current law, the technology for educational achievement in Wisconsin (TEACH) board consists of the following members: 1) a member of the board of regents of the UW System, appointed by the president of the board of regents; 2) a member of the TCS board, appointed by the president of the TCS board; 3) a member of the educational communications board; and 4) four members appointed by the governor. This bill adds two additional members to the TEACH board: 1) a member who represents the interests of public elementary and secondary school administrators; and 2) a member who represents the interests of private sector technology or telecommunications industries. Both members are appointed by the governor.~~

~~Also~~ Under current law, the state has participated in the formation and operation of the Wisconsin Advanced Telecommunications Foundation (foundation), which is organized as a nonstock corporation. As required under current law, the foundation has established an endowment fund, which consists of a onetime \$500,000 contribution by the state and contributions by telecommunications providers. As also required under current law, the foundation has established a fast start fund, which consists of contributions by telecommunications providers. The foundation uses both funds to provide funding for advanced telecommunications technology applications projects and efforts to educate telecommunications users about advanced telecommunications services. Current law also provides that if the foundation substantially ceases operations, the state's unencumbered contribution to the endowment fund must be returned to the state.

This bill eliminates all provisions under current law regarding the foundation. In addition, the bill provides that, if the foundation grants the unencumbered balances of the endowment fund and the fast start fund to DOA in fiscal year 2001-02, including the contributions made by telecommunications providers, then \$2,000,000 of the moneys that are received are transferred to the TCS board for establishing an Internet site that lists all the Internet courses provided by the technical colleges and to assist technical colleges to develop Internet courses.

If the foundation makes the grant described above, the bill provides that the following moneys that are received are transferred to the (TEACH) board for the following purposes: 1) \$136,200 for administrative and support services to resolve the outstanding business of the foundation and performing other duties specified by the secretary of the TEACH board; and 2) \$566,200 for closing out any existing grants made by the foundation.

In addition, if the foundation makes the grant described above, the bill provides that the following moneys that are received are transferred to the board of regents of the UW System for the following purposes: 1) \$250,000 for the UW Learning Innovations at UW-Extension to establish a nonprofit, tax-exempt corporation whose purpose is to establish distance education classrooms in Wisconsin trade offices abroad and offer UW System distance education courses from those classrooms; 2) \$3,000,000 for funding the activities of the UW Learning Innovations

at UW-Extension; 3) \$500,000 for developing wireless networking systems that allow students to use laptop computers and docking stations to connect to the Internet; 4) \$2,000,000 for funding the UW System's project designated "Internet 2," which upgrades technology infrastructure on campuses for enhancing high-speed Internet activity; 5) \$500,000 for purchasing a digital mammography machine for the UW Medical School; and 6) \$1,000,000 for funding the Wisconsin advanced distributed co-laboratory, a computer laboratory located on the UW-Madison campus. If the last transfer is made, the UW System board of regents must submit a report to DOA by September 1, 2003, that shows how the money was used and describes any federal funding for the co-laboratory.

Also under the bill, if the foundation makes the grant described above, then the following moneys that are received are transferred to DPI for the following purposes: 1) \$579,000 for upgrading the Wisconsin Informational Network for School Success; 2) \$77,800 for upgrading the state school finance information system; 3) \$526,000 for completing a network upgrade and upgrading and replacing assistive technology devices and related software programs for the Wisconsin Center for the Blind and Visually Impaired; 4) \$161,600 for replacing the automated system at the Wisconsin Regional Library for the Blind and Physically Handicapped; and 5) \$500,000 for making a grant to the National Geographical Society Education Foundation for establishing a program for awarding grants and supporting programs for improving geographical education in the state, with an emphasis on student use of geographic information systems technology. The transfer of \$500,000 for making the grant to the National Geographical Society Education Foundation is contingent on that foundation's contribution of \$500,000 in matching funds for the program that is established.

The bill also provides that, if the foundation makes the grant described above, \$1,500,000 is transferred to the department of commerce to make grants, no later than June 30, 2003, to the University of Wisconsin-Milwaukee, the University of Wisconsin-Parkside, Marquette University, the Milwaukee School of Engineering, and the Medical College of Wisconsin. The grants must be used for research related to emerging technologies that promote industrial and economic development in southeastern Wisconsin. The department of commerce and a grant recipient must enter into an agreement that specifies reporting and auditing requirements for the grant.

Finally, the bill provides that, if the foundation makes the grant described above, \$168,300 is transferred to the higher educational aids board for upgrading technology at the board.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

17 under s. 196.03 (6), and recommendations for further advancing those goals.

18 **SECTION 9101. Nonstatutory provisions; administration.**

19 (1) WISCONSIN ADVANCED TELECOMMUNICATIONS FOUNDATION FUNDS.

20 (a) *Determination by secretary of administration.* If the secretary of
21 administration determines that the Wisconsin advanced telecommunications
22 foundation has granted in fiscal year 2001–02 to the department of administration
23 the unencumbered balances of the endowment fund established under section 14.28

24 (2) (g), 1999 stats., and the fast start fund established under section 14.28 (6) (a),

1 1999 stats., each of the following applies on the effective date of the grant, as
2 determined by the secretary of administration:

3 1. 'Wisconsin Informational Network for School Success.' An amount equal to
4 \$579,000 is transferred from the appropriation account under section 20.505 (1) (j)
5 of the statutes to the appropriation account under section 20.255 (1) (ke) of the
6 statutes, for the purpose of upgrading the Wisconsin Informational Network for
7 School Success.

8 2. 'State school finance information system.' An amount equal to \$77,800 is
9 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
10 to the appropriation account under section 20.255 (1) (ke) of the statutes, for the
11 purpose of upgrading the state school finance information system.

12 3. 'Wisconsin Center for the Blind and Visually Impaired.' An amount equal
13 to \$526,000 is transferred from the appropriation account under section 20.505 (1)
14 (j) of the statutes to the appropriation account under section 20.255 (1) (ke) of the
15 statutes, for the purpose of upgrading and replacing assistive technology devices and
16 related software programs at the Janesville facility of the Wisconsin Center for the
17 Blind and Visually Impaired and the regional satellite facilities of the center and for
18 completing a network upgrade at the Janesville facility.

19 4. 'Wisconsin Regional Library for the Blind and Physically Handicapped.' An
20 amount equal to \$161,600 is transferred from the appropriation account under
21 section 20.505 (1) (j) of the statutes to the appropriation account under section 20.255
22 (1) (ke) of the statutes, for the purpose of replacing the automated system at the
23 Wisconsin Regional Library for the Blind and Physically Handicapped.

24 5. 'Technology for educational achievement in Wisconsin board.' An amount
25 equal to \$136,200 is transferred from the appropriation account under section 20.505

1 (1) (j) of the statutes to the appropriation account under section 20.275 (1) (k) of the
2 statutes, as created by this act, for the purpose of providing administrative and
3 support services to resolve the outstanding business of the Wisconsin advanced
4 telecommunications foundation and performing other duties, as determined by the
5 secretary of the technology for educational achievement in Wisconsin board,
6 including duties related to the state's administration of any federal funding available
7 under 47 USC 254.

8 6. 'Technical college system board.' An amount equal to \$2,000,000 is
9 transferred from the appropriation account under section 20.505 (1) (j) of the statutes
10 to the appropriation account under section 20.292 (1) (km) of the statutes, as created
11 by this act.

12 7. 'Wisconsin advanced telecommunications foundation grants.' An amount
13 equal to \$566,200 is transferred from the appropriation account under section 20.505
14 (1) (j) of the statutes to the appropriation account under section 20.275 (1) (k) of the
15 statutes, as created by this act, for the purpose of closing out any existing grants
16 made by the Wisconsin advanced telecommunications foundation.

17 8. 'Wisconsin advanced distributed co-laboratory.' An amount equal to
18 \$1,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
19 of the statutes to the appropriation account under section 20.285 (1) (k) of the
20 statutes for the purpose of funding the Wisconsin advanced distributed
21 co-laboratory. If the transfer described in this subdivision is made, the board of
22 regents of the University of Wisconsin System shall, by September 1, 2003, submit
23 a report to the department of administration that shows how the board of regents
24 used the amount transferred to benefit the Wisconsin advanced distributed
25 co-laboratory and describes any federal funding received for the co-laboratory.

1 9. 'Worldwide distance education.' An amount equal to \$250,000 is transferred
2 from the appropriation account under section 20.505 (1) (j) of the statutes to the
3 appropriation account under section 20.285 (1) (k) of the statutes for the purpose of
4 the University of Wisconsin Learning Innovations at the University of
5 Wisconsin--Extension to establish a nonstock, nonprofit corporation that is described
6 in section 501 (c) (3) of the Internal Revenue Code, whose purpose is to establish
7 distance education classrooms in Wisconsin trade offices abroad and to offer
8 University of Wisconsin System distance education courses from those classrooms.

9 10. 'University of Wisconsin Learning Innovations.' An amount equal to
10 \$3,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
11 of the statutes to the appropriation account under section 20.285 (1) (k) of the
12 statutes for the purpose of funding the activities of the University of Wisconsin
13 Learning Innovations at the University of Wisconsin--Extension.

14 11. 'Department of commerce grants for technology research.' An amount equal
15 to \$1,500,000 is transferred from the appropriation account under section 20.505 (1)
16 (j) of the statutes to the appropriation account under section 20.143 (1) (j) of the
17 statutes, as created by this act, for the purpose of the department of commerce to
18 make grants, no later than June 30, 2003, to the University of
19 Wisconsin Milwaukee, the University of Wisconsin--Parkside, Marquette
20 University, the Milwaukee School of Engineering, and the Medical College of
21 Wisconsin for research related to emerging technologies that will promote industrial
22 and economic development in southeastern Wisconsin. The department of commerce
23 may not make a grant under this subdivision unless the department and the
24 recipient enter into an agreement that specifies reporting and auditing
25 requirements for the grant.

1 12. ‘University of Wisconsin System wireless networking.’ An amount equal
2 to \$500,000 is transferred from the appropriation account under section 20.505 (1)
3 (j) of the statutes to the appropriation account under section 20.285 (1) (k) of the
4 statutes for the purpose of developing wireless networking systems that allow
5 students to use laptop computers and docking stations to connect to the Internet.

6 13. ‘University of Wisconsin System Internet 2 project.’ An amount equal to
7 \$2,000,000 is transferred from the appropriation account under section 20.505 (1) (j)
8 of the statutes to the appropriation account under section 20.285 (1) (k) of the
9 statutes for the purpose of funding the project of the University of Wisconsin System
10 designated as “Internet 2” that upgrades technology infrastructure on campuses for
