REGULATION AND LICENSING

Inclusion of an Institutional Pharmacist on the Pharmacy Examining Board

Motion:

Move to require that at least one of the five licensed pharmacist members of the Pharmacy Examining Board be employed as an institutional pharmacist in this state.

Note:

The Pharmacy Examining Board is attached to the Department of Regulation and Licensing and consists of five members who are licensed to practice pharmacy in this state and two public members. Under the motion, one of the five pharmacist members serving on the Board would have to be an institutional pharmacist. The Wisconsin Administrative Code defines an institutional pharmacy as a practice in a licensed pharmacy that provides pharmaceutical services primarily on an inpatient basis (such as in a hospital, nursing home or correctional setting).

2 pharmacist  
members expire July 1, 2002  
- nonstat. ?

Darin Renner:

I delayed the effective date of the amendment to coincide with the date on which the terms of 2 pharmacist members of the board expire. On the delayed effective date, one of the pharmacist members must be an institutional pharmacist. Therefore, the governor ~~governor~~ must appoint one institutional pharmacist to replace one of the members whose term expires on the delayed effective date.
