NATURAL RESOURCES – FISH, WILDLIFE, & RECREATION

Bear Hunting

Motion:

*no drafting*  
Move to provide \$24,000 annually from the fish and wildlife account of the conservation fund for DNR to contract for a wildlife biologist position at the University of Wisconsin – Stevens Point College of Natural Resources. Further, provide \$24,000 annually and 1.0 PR position annually at the University of Wisconsin – Stevens Point College of Natural Resources for this purpose.

In addition, specify that a person or persons hunting or pursuing bear with a pack of dogs may not have more than six dogs in the pack regardless of dog ownership, but allow dogs to be replaced at any time.

Statutorily designate that there are no hunting hour restrictions for pursuing coyote, fox, raccoon and all wild animals for which no closed season is established (except for coyotes during an open season for hunting deer with firearms in an area that is closed by DNR by rule to coyote hunting) under statute, that it would be permitted to hunt coyote, fox, raccoon and all wild animals for which no closed season is established over naturally occurring carrion.

*may also be killed by hunting  
cannot be moved*

Designate that the DNR administrative rule establishing zones where dogs may be trained or used for hunting be specified under statute. From May 1 through June 30, individuals may not hunt or pursue any free-roaming wild animal with the aid of dog or dogs in the portion of the state north of the highways shown in Figure 1, except for dog trials and training under permit, or on the premises of licensed game farms, fur farms, and shooting preserves or on any private land when license holders used licensed animals for dog trials. Designate that the DNR administrative rules specifying types of legal bait used for the purpose of hunting or training dogs be specified under statute. Use of bait is permitted, [with the only exception of attracting wild animals using honey, bones, fish, meat, solid animal fat or parts of animal carcasses.] The training of dogs by pursuing wild bear is limited to July 1 through August 31.

*prohibiting*

Finally, eliminate the requirement for a licensed bear guide to acquire a class B bear pursuit license while assisting a licensed bear hunter.

 2 **relating to:** use of dogs in locating and hunting bear.

### *Analysis by the Legislative Reference Bureau*

Under current law, a person may train and use a pack of dogs for bear hunting. Under current rules promulgated by the department of natural resources, the size of the pack of dogs is limited to six dogs. The current rules prohibit a person from replacing one dog with another in the pack once the pack has started pursuing the bear. This bill incorporates into the statute the size limitation of six dogs and eliminates the prohibition against replacing a dog in the pack.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

3 ~~SECTION 1. 29.184 (4) of the statutes is renumbered 29.184 (4) (a).~~

4 ~~SECTION 2. 29.184 (4) (a) of the statutes is created to read:~~
