Senator Burke

Kan. Fr. - 4

BOARD ON AGING AND LONG-TERM CARE

Volunteer Coordinator Position

Motion:

Move to provide \$35,300 PR in 2001-02 and \$40,200 PR in 2002-03 and provide 1.0 PR position, beginning in 2001-02, to fund a volunteer coordinator position at the Board on Aging and Long-Term Care. Direct DHFS to request approval by the U.S. Department of Health and Human Services Health Care Financing Administration to use civil money penalties related to federal nursing home deficiencies for funding of this volunteer coordinator.

49.498 (16)(g)

BOALTC approp. ~~20.432 (1)(k)~~

*create new PR approp; have money
revert to 20.435 (6)(g)*

Note:

The Board currently employs one volunteer coordinator to recruit, screen and supervise volunteer ombudsmen in 49 facilities in four counties. The additional of another volunteer coordinator would allow the program to be expanded to other counties.

Nursing homes may be assessed civil money penalties for violation of federal rules and regulations relating to nursing home care. These monies are provided to the state, but federal rules require that the monies be used for the "protection of the health and property of residents of facilities that the state or HCFA finds non compliant." The Department of Health and Family Services indicates that they would have to request HCFA approval to use the funds for a use other than: a) payment for the costs of relocating residents to other facilities; (b) state costs related to the operation of a facility pending correction of deficiencies or closure; or (c) reimbursement of residents for personal funds or property lost at a facility as a result of actions by the facility or by individuals used by the facility to provide services to residents.

Annual civil money penalty revenues have ranged from \$189,300 to \$461,700 over the last four year. The current balance is \$1,194,039. Although the balance is sizable, the Department indicates that the balance in the nursing home monitoring and receivership account is a negative \$1,111,500 due to a number of problem facilities recently. The Department has indicated that it

Passed

No Abs'ns

15-1

was planning to use the civil money penalties to cover these monitoring and receivership costs. The Department received approval through a s. 16.515 request for a "value added technical assistance" project that would use \$247,000 of civil money penalties in year one and \$200,000 in year two. The Department has deferred this project because of the large receivership and monitoring costs, but would like to start the project once an adequate balance of revenues has accumulated.

[Change to Bill: \$75,500 PR and 1.0 PR position]
