CONTINUATION OF THE LARGE GEOGRAPHIC AREA, SMALL STUDENT POPULATION
SUPPLEMENTAL AID PROGRAM

1
CN7006
h5858

This amendment would make minor modifications to the Supplemental Aid program passed last budget cycle which provides additional state financial assistance to districts with a large area, low student enrollment, and high proportion of tax-exempt property. Under current law, a school district is eligible for a grant of up to \$350 per enrolled pupil if the school district satisfies certain criteria. The school district must enroll fewer than 500 pupils; it must be at least 200 square miles in area; and at least 65% of the real property in the district must be exempt from taxation, owned by an American Indian tribe or the federal government.

This amendment would raise the threshold percentage of tax exempt property from 65% to 80% and clarify that forest croplands are to be included in the calculation of tax exempt property.

STATUS: Drafted as LRB-1058 (attached)

DEPARTMENT: Department of Public Instruction

FISCAL IMPACT: Maintain annual funding. Fiscal Bureau indicates that existing law maintains annual appropriation. No additional dollars required.

INTRODUCTION: SDC

Note: Only two districts (Laona & Winter) qualified for this supplemental aid program last year. They are also, arguably, the most in-need districts in the state. Rep. Seratti has publicly committed to support this initiative.

2001 BILL

1 AN ACT to amend 115.435 (1) (c) of the statutes; relating to: eligibility of school
2 districts for supplemental aid.

Analysis by the Legislative Reference Bureau

Under current law, a school district is eligible for a grant of \$350 per enrolled pupil if the school district satisfies certain criteria. The school district must enroll fewer than 500 pupils; it must be at least 200 square miles in area; and at least 65% of the real property in the school district must be exempt from taxation, owned by or held in trust for an American Indian tribe, or owned by the federal government.

This bill provides that real property located in the school district that is taxed as forest croplands is included in the above calculation. The bill also raises the threshold percentage from 65% to 80%.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 115.435 (1) (c) of the statutes is amended to read:
4 115.435 (1) (c) At least ~~65%~~ 80% of the real property in the school district is
5 exempt from taxation under s. 70.11, taxed as forest croplands under subch. I of ch.
