Technical correction to LFB Motion 1073

CP8015

RPN

60979

Modify #3 to correct language to make it consistent with agreed provisions.

Direct the Department to employ no more than five ~~eight~~ regional coordinators for whose duties included providing direct claims and benefit application assistance to veterans in coordination with the appropriate county veterans service officer in order to maximize assistance to veterans.

(Also in final paragraph of #3).

If the Department determines, with the concurrence of ~~veterans service organizations, county veterans service officer organizations and county veterans' service officers~~, that additional regional coordinators are needed, authorize the department to submit the proposal to the Joint Committee on Finance to increase the number of regional coordinators in the Department under a 14-day passive review procedure.

#8, LFB Paper #987

Delete provision (a). The provision should provide funding to DAV to continue serving the counties they currently serve, and provide funding to counties that are NOT served by DAV. Counties that are served by DAV should not be eligible for additional grants under this provision.

Number of Amendments: 2

Direct the Department to employ no more than five regional coordinators for providing claims and benefit application assistance to veterans in coordination with the appropriate county veterans service officer in order to maximize assistance to veterans.

Direct the Department to employ no more than seven claims officers to provide federal claims and benefit assistance to veterans and specify that these positions be based in the agency's regional office in Milwaukee County.

Direct the Department to employ no more than two mobile claims officers in the agency's southeast region and no more than one mobile claims officer in each of the agency's three remaining regions to provide claim and benefit assistance to veterans in coordination with the appropriate county veterans service officer in order to maximize assistance to veterans.

Require the Department in consultation with veterans service organizations, county veterans' service officer organizations and county veterans' service officers to study whether additional mobile claims officers and regional coordinators are needed to provide claim and benefit assistance to veterans located outside the Department's southeast region service area. If the Department determines that additional mobile claims officers are needed, authorize the Department to submit a proposal to the Joint Committee on Finance to increase the number of authorized mobile claims officer positions in the Department for mobile claims officers under a 14-day passive review procedure. If the Department determines, with the concurrence of veterans service organizations, county veterans' service officer organizations and county veterans' service officers, that additional regional coordinators are needed, authorize the Department to submit the proposal to the Joint Committee on Finance to increase the number of regional coordinators in the Department under a 14-day passive review procedure.

Require the Department to promulgate rules specifying the application procedures and eligibility criteria for these grants.
