**Stewardship -- Forest Legacy Program**

**Motion:**

**Move to require DNR to expend at least \$12 million in Stewardship 2000 land or easement purchases for state forest acquisition or protection under the Forest Legacy Program**

---

**Note:**

**Under the Forest Legacy program, federal funding is available to acquire land or purchase easements to prevent forest land from being converted to non-forest use. State or local partners are required to provide at least 25% of the funds required for projects under this program. In order to participate, states are required to identify forest areas that may protect water quality, provide key wildlife habitat, offer outstanding recreational opportunities or scenic views, or contain historical sites. To date, DNR has identified four forest legacy areas that meet federal requirements. Forestry purchases within these boundaries would be eligible for federal matching grants. In 2000-01, the federal government made \$60 million available for grants under the Forest Legacy program.**
