**Assumptions Used in Arriving at Fiscal Estimate**

This bill eliminates the residency requirement for county deputy sheriff positions in all counties other than Milwaukee County.

Any county that currently has a residency requirement in effect may see a reduction in costs. The cost savings will be due to elimination of costs incurred for verifying and monitoring the residence of applicants and appointed deputy sheriffs. These savings are likely to be minimal and will vary extensively among counties based on the number of deputy sheriff positions in each county. In addition, with the elimination of the residency requirement, an increase in the number of applicants may occur. This may produce an increase in workload for staff processing applications, scoring examinations, and other responsibilities associated with the appointment process. These costs are estimated to be minimal and are likely to be absorbed within current resources.

It is not possible to estimate the value of the cost savings or the increased costs associated with this bill. Therefore, the fiscal effect of this bill is indeterminable.
