***Analysis by the Legislative Reference Bureau***

This bill provides for the appointment of trustees that are responsible for the operation of certain abandoned or neglected cemeteries and mausoleums. The bill also establishes a cemetery management reserve fund that may be used by trustees to carry out their responsibilities under the bill. In addition, the bill makes certain changes to the registration of cemetery authorities, cemetery salespersons, and preneed sellers under current law and makes other changes to requirements regarding cemeteries and the burial of human remains.

***Cemetery and mausoleum trustees***

Under current law, if the operator of a cemetery fails to care for the cemetery for one year or more, the city, village, or town in which the cemetery is located may, but is not required to, take control of the cemetery. However, if the operator has failed to care for the cemetery for five years or more, the city, village, or town is required to take control of the cemetery. In addition, under certain circumstances, the town board of a town in which an abandoned or neglected cemetery is located may be required to operate the cemetery.

This bill repeals the above provisions and allows the circuit court for the county in which a cemetery or mausoleum is located to appoint the department of regulation and licensing (DORL) or another person as a trustee to operate the cemetery or mausoleum. The attorney general, city, village, town, county, or six or more residents of the city, village, town, or county in which the cemetery or mausoleum is located may petition the court for such an appointment. The court is required to appoint a trustee if the court finds, after a hearing, that the cemetery or mausoleum is neglected, abandoned, in disuse, improperly maintained, or financially unsound. The bill also allows the owner of the cemetery or mausoleum to petition the court to transfer title of the cemetery or mausoleum to the trustee that is appointed.

The bill requires a trustee that is appointed to operate the cemetery or mausoleum and comply with the record-keeping, audit, and reporting requirements that apply to operators of cemeteries under current law. The bill allows a trustee to seek a new owner or operator of the cemetery or mausoleum, to use the procedure under current law for assessing cemetery lots for cleaning, care, or improvement purposes, and to take any other action necessary or useful to the management or trusteeship of the cemetery or mausoleum. In addition, the trustee may petition the court for the following: 1) transfer of ownership of the cemetery or mausoleum to the state under the trustee's management or to a new owner; 2) reversion of ownership and operation of the cemetery or mausoleum to the previous owner; or 3) closure of the cemetery or mausoleum after removal and reinternment of human remains.

The court that appointed a trustee under the bill is required to terminate the trusteeship if the owner or operator of the cemetery or mausoleum demonstrates that the conditions that necessitated the trusteeship have been remedied. The court may

**ASSEMBLY BILL 107**

also terminate the trusteeship if the court finds that a new owner or operator is competent and capable of managing the cemetery or mausoleum or if the court approves the closure of the cemetery or mausoleum.

The bill also creates a cemetery management reserve fund that may be used by a trustee to exercise its powers and carry out its duties under the bill. The fund consists of moneys collected from the following: 1) a \$10 filing fee for death certificates; 2) a \$1 surcharge on copies of death certificates; and 3) a \$10 surcharge on the sale of cemetery lots and mausoleums. DORL is required to promulgate rules that establish procedures and requirements for disbursements from the fund to trustees.

***Cemetery authorities, cemetery salespersons, and preneed sellers***

With certain exceptions, current law requires cemetery authorities, cemetery salespersons, and preneed sellers to register with DORL. A "cemetery authority" is any person that owns or operates a cemetery, a "cemetery salesperson" is person that sells ten or more cemetery lots or mausoleum spaces in a calendar year, and a "preneed seller" is a person that sells certain cemetery merchandise or undeveloped mausoleum spaces under preneed contracts. There is an exemption from the registration requirements for each of the following:

1. A cemetery authority that sells less than ten cemetery lots or mausoleum spaces per year.

2. A cemetery authority of a cemetery organized or operated by a town, village, city, church, synagogue, mosque, religious, fraternal or benevolent society, or incorporated college of a religious order.

3. A cemetery salesperson that sells cemetery lots or mausoleum spaces in a cemetery described in item 2.

4. A preneed seller for a cemetery that is affiliated with an organized religious society or a religious society that files an annual certification statement with DORL.

This bill eliminates each of the above exemptions. The bill also requires DORL to investigate to determine whether any person that applies for registration as a cemetery authority, cemetery salesperson, or preneed seller, or whether certain business representatives that are related to such a person, have been convicted of an offense the circumstances of which substantially relate to the sale of a cemetery lot, mausoleum space, or cemetery merchandise.

***Other requirements for cemeteries and the burial of human remains***

Under current law, with certain exceptions, cemetery authorities must submit reports to DORL that include certain financial and other information. The following cemetery authorities are exempt from the reporting requirement: 1) certain cemetery authorities that are exempt from other requirements regarding care and preneed trust funds; 2) cemetery authorities with annual operating budgets of \$2,500 or less; 3) cemetery authorities that sell less than ten cemetery lots or mausoleum spaces per year; and 4) cemetery authorities of cemeteries organized or operated by a town, village, city, church, synagogue, mosque, religious, fraternal or benevolent society, or incorporated college of a religious order. In addition, cemetery authorities of cemeteries that are affiliated with an organized religious society or a religious society are required to submit an annual certification to DORL, rather than

**ASSEMBLY BILL 107**

an annual report. This bill eliminates each of these exemptions from the reporting requirement. The bill also requires a cemetery authority affiliated with an organized religious society or a religious society to submit the annual report, rather than the annual certification.

The bill also requires a cemetery authority to include in the annual report information that identifies the location of all human remains that are buried at the cemetery. DORL is required to promulgate rules that establish requirements for providing such information in the report. In addition, the bill requires DORL to provide a copy of the annual report to each city, village, or town in which the cemetery is located. Also under the bill, DORL is required to conduct certain financial audits of cemetery authorities. Under current law, DORL is allowed, but not required, to conduct the audits.

In addition, the bill makes certain changes to current law regarding the burial of human remains. Under the bill, a cemetery may not accept human remains for burial unless a tag that identifies the decedent has been attached to the remains and to the exterior of the casket or burial vault or, in the case of remains that have been cremated, attached to the interior and exterior of the cemetery merchandise and mausoleum space that contain the remains. Under the bill, the tags must be attached by the funeral director who prepares the human body for burial or the person who cremates the human remains. Also, the bill prohibits a cemetery authority from prohibiting the burial in a cemetery lot of any of the following: 1) a relative of person with an interest in the lot; 2) the husband or wife of such a person; or 3) a relative of the husband or wife of such a person.

Finally, the bill increases the penalty under current law that is applicable to a cemetery authority that violates certain requirements regarding the reburial of human remains. Under current law, the penalty is a forfeiture of no more than \$200. Under the bill, the penalty is a forfeiture of no more than \$1,000 or imprisonment for no more than 90 days, or both.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
