Analysis by the Legislative Reference Bureau

Under current law, the campsite fees for camping in state parks, state forests, and other properties under the management of the department of natural resources range from \$6 to \$8 per night for camping parties if the person making the reservation or registering for the campsite is a state resident. This bill reduces these campsite fees by 50% per night for camping parties if the person making the reservation or registering for the campsite is a state resident who is 65 years old or older.
