Re: Clearinghouse Rule No. 02-015
Permit and water quality certification time limits, exempt activities in nonfederal wetlands and the identification and delineation of nonfederal wetlands

Gentlemen:

On August 14, 2002, the Natural Resources Board approved Clearinghouse Rule No. 02-015 and it was referred to your committees for review. Unfortunately, a typographical error was contained in proposed ch. NR 351, Table 2. The RGL number for Water Dependency and Cranberry Production is incorrectly listed as 92-01. The correct RGL number is 92-02.

Under s. 227.19(4)(b)3., Stats., the Department of Natural Resources submits this as a germane modification to Clearinghouse Rule No. 02-015. Your review period is extended 10 working days from the receipt of this letter.

Sincerely,

Darrell Bazzell
