February 15, 2001 Meeting with Agency Representative Requested

March 6, 2001 Meeting with Agency held

March 15, 2001 **EXECUTIVE SESSION**

Present: (4) Senators Baumgart, Hansen, Cowles and
Schultz.

Absent: (1) Senator Wirch.

Moved by Senator Hansen, seconded by Senator Cowles, that the Senate Environmental Resources Committee:

1. Recommends that the Department of Natural Resources agree to consider modifying Clearinghouse Rule 00-112 (Natural Resources Order No. CF-33-00), under s. 227.19 (4) (b) 2., Stats., to: (a) establish a cap on the amount of state funds available for recreational boating aids that may be awarded using the increased cost-share rate specified in s. NR 7.088 or on the amount of state funds for recreational boating aids that may be awarded using the increased cost-share rate specified in s. NR 7.088 that a governmental unit or a qualified lake association may receive in one year; and (b) limit the projects eligible to receive the increased cost-share rate under s. NR 7.088 (1) or (2) to more significant projects; and

2. If the department does not agree to consider the modifications identified in item 1. in writing by March 16, 2001, the committee objects under s. 227.19 (4) (d) 6., Stats., to proposed s. NR 7.088 on the grounds that this subparagraph imposes an undue hardship on governmental units and qualified lake associations that may receive reduced or no recreational boating aids as a result of the increased cost-share rate for recreational boating aids specified in s. NR 7.088.

Ayes: (5) Senators Baumgart, Hansen, Wirch (Polling),
Cowles and Schultz.

Noes: (0) None.

Absent: (0) None.

NO PUBLIC HEARING HELD

August 30, 2001 **EXECUTIVE SESSION**

Present: (3) Senators Baumgart, Hansen, and Schultz.
Absent: (2) Senators Wirch and Cowles.

Moved by Senator Baumgart, seconded by Senator Schultz, that the following motion relating to **Clearinghouse Rule 00-164** be adopted:

***SENATE COMMITTEE ON ENVIRONMENTAL RESOURCES
MOTION ON CLEARINGHOUSE RULE 00-164,
RELATING TO WETLAND COMPENSATORY MITIGATION***

The Senate Environmental Resources Committee recommends that the Department of Natural Resources agree to consider modifying Clearinghouse Rule 00-164, relating to wetland compensatory mitigation under s. 227.19 (4) (b) 2., Stats., to do all of the following:

1. Require that off-site mitigation be located as near as practicable to the location of the adversely effected wetland and, rather than within the same department region, within the same department geographic management unit that the project is occurring in, the county that the project is occurring in or an area within a 20-mile radius from the project site (also known as the "compensation search area").
2. Alter the compensatory mitigation sequence in s. NR 350.04 so that if the department determines that a project proponent has demonstrated that it is not practicable or ecologically preferable to conduct an on-site mitigation project, the department shall allow the project proponent to use of any of the following off-site mitigation options:

- a. Purchase of mitigation credits from a bank established prior to the effective date of the rule if the operator of the bank commits to the department, by use of a written memorandum of understanding with the department, to facilitate additional wetland restoration projects at agreed-to locations, within an agreed-to time frame.
 - b. Development of a project-specific mitigation site if the site is located within the same compensation search area, as defined in point #1, as the adversely affected wetland.
 - c. Purchase mitigation credits from a bank established after the effective date of the rule if the site is located within the same compensation search area, as defined in point #1, as the adversely affected wetland.
3. Delete the compensation ratio variance in s. NR 350.06 (3).
4. Clarify, either through a note to the rule or an amendment to the text of the rule, that, based upon the recently issued report on wetlands mitigation by a committee of the National Research Council, monitoring to determine compliance with performance standards, and management to ensure this compliance, is likely to take more time than the five-year minimum specified in s. NR 350.09 (3) (f) (intro.).
5. Specify in the rule the minimum requirements for the long-term management plan referenced in ss. NR 350.08 (2) and (3) and 350.09 (1), including information on how the site will be used and maintained, who will be responsible for these activities and the schedule for these activities.
6. Clarify that the department may require the implementation of some or all of the corrective actions identified in a monitoring report under s. NR 350.09 (3) (f) 8. or other corrective actions identified by the department necessary to improve attainment of the site's performance standards.
7. Clarify and use consistently throughout the rule the acceptable methods for providing for the long-term protection of compensation and mitigation bank sites. (Section NR 350.11 (1) refers to conservation easements and s. NR 350.12 (3) (e) refers to conservation easements and deed restrictions.)
8. Clarify that a conservation easement used to provide long-term protection of compensation or mitigation bank sites under s. NR 350.11 (1) must include any zone of vegetated upland adjacent to the wetland identified under s. NR 350.05 (5) and credited under s. NR 350.07 (6).

9. Correct the outdated references in the rule to s. 23.321, Stats. (Section 23.321, Stats., was renumbered to s. 281.37, Stats., by 2001 Wisconsin Act 6.)

Ayes: (5) Senators Baumgart, Hansen, Wirch (Polling),
Cowles (Polling) and Schultz.
Noes: (0) None.
Absent: (0) None.

October 1, 2001 Modifications received from Department of Natural Resources

October 9, 2001 **EXECUTIVE SESSION (POLLING)**

Moved by Senator Baumgart that the following motion relating to **Clearinghouse Rule 00-164** be adopted:

The Senate Environmental Resources Committee objects under s.227.19 (4) (d) 6., Stats., to proposed s. NR 350.06 (3), as set forth in the modified version of Clearinghouse Rule 00-164 received by the committee on October 1, 2001, on the grounds that this subsection is arbitrary and capricious.

Ayes: (5) Senators Baumgart, Hansen, Wirch,
Cowles and Schultz.
Noes: (0) None.
Absent: (0) None.

OBJECTION TO NR 350.06 (3) AS SET FORTH IN THE
