RE: Support for Senate Bill 339

---

The Wisconsin Federation's Dairy Legislative and Regulatory Committee voted on January 16 to support Senate Bill 339 (and its companion, Assembly Bill 678). The committee was aware that changes to the bills were being discussed by the lead authors of the bills to respond to questions raised concerning the implications of the wording "whenever and wherever." Wording that has been crafted since then appears to address the concerns that were stated at the Senate hearing on SB 339.

We believe that if enacted, this legislation will offer an additional measure of promotion of and access to dairy products by Wisconsin school students. WFC encourages your vote in support of SB 339.
