Subject				
Conditional use zoning permits				

Assumptions Used in Arriving at Fiscal Estimate

No data exists on what the effect of limiting the basis of conditional uses would be. At present, and in some cases, applicants might offer ways to mitigate the effects of changed use to which they contribute but to which they may not be the sole cause. If local governments would be required to cover the costs of such items, it may increase local government costs.

Long-Range Fiscal Implications

Unknown.
