State of Wisconsin Legislative Audit Bureau

February 27, 2003

The Honorable, The Legislature:

We have completed an evaluation of the University of Wisconsin-Madison Center for Tobacco Research and Intervention and the Medical College of Wisconsin, as required by [1999 Wisconsin Act 9](#), and of the Wisconsin Tobacco Control Board. The Board was created in fiscal year (FY) 1999-2000 and is responsible for administering a statewide tobacco control program. It does so by providing grants to fund anti-tobacco projects, including its own and those operated by the Center and the Medical College.

There has been considerable debate about what the appropriate funding level for the Board should be. From FY 1999-2000 through FY 2002-2003, the Legislature appropriated \$45.0 million. When considering the 2003-05 biennial budget, we suggest the Legislature take into account all ongoing tobacco control activities in Wisconsin, including those not controlled by the Board, and decide how best to coordinate the State's tobacco control activities.

In recent years, Wisconsin has experienced decreases in smoking rates, which some believe have been influenced by the Board's tobacco control efforts. Nevertheless, Wisconsin's rates remain above national averages. Furthermore, when outcomes are measured against individual program goals, the results of the projects have been mixed. Two of the Center's five projects report that they achieved all of their stated objectives, but three others achieved only some. Similarly, 10 of the Medical College's 19 research projects funded in FY 2000-01 were at least partially successful, but 8 were not, and data were incomplete for the remaining project.

In August 2002, the Board approved \$15.9 million in anti-tobacco grants for calendar year 2003. We include a

recommendation that the Board restrict future funding to projects that have achieved their goals as determined by objective analyses.

We appreciate the courtesy and cooperation extended to us by the Board, the Center, and the Medial College. Their responses follow Appendix 1.

Sincerely,

JANICE MUELLER
State Auditor
