Dear Senator Zien:

Pursuant to Senate rules, this paper ballot represents executive action by the Senate Committee on Homeland Security, Veterans and Military Affairs and Government Reform on **Senate Bill 170**.

Based on the testimony at the public hearing, I drafted an amendment to do the following:

- **Delete provisions related to the Tuition and Fees Reimbursement Grant and the Part-Time Study Grant.** Given the changes recently made by the Joint Committee on Finance, modifying these grants at this point would be onerous for participating Veterans.
- **Add the Veterans Museum to the provision authorizing DVA to purchase a headquarters.** The museum plays an integral role in the success of DVA. This change ensures the headquarters and museum will remain connected.
- **Delete the current service delivery provision and direct DVA to promulgate an administrative rule through a public hearing process concerning this matter.** Agreement exists that service delivery needs to be modified to accommodate Supermarkets. The administrative rule process, versus this piece of legislation, provides a better venue to address this issue.
- **Add an exemption for emergency care under the Health Care Aid Grant.** Those who need emergency care should not be excluded from consideration for the Health Care Aid Grant. This change allows for emergency care, while addressing concerns related to abuse.
- **Delete the provision related to County Veterans Service Office and add an eligibility exception.** I believe counties should be eligible for the full grant if they are providing full-time service to veterans. Wording the provision in this manner more accurately captures this intent.

I have made the following motions for your consideration:

- Introduction and adoption of **Senate Amendment LRBA0583 to Senate Bill 170.**

(Aye) (No)

- Recommendation of passage of **Senate Bill 170** as amended.
