The department may authorize a person to include the application and other information required under this paragraph with any submission required under s. 101.12 (1) to avoid duplicative filing of information.

Upon request of the owner of a private residence containing a newly installed platform lift, stairway chair lift, or residential lift or of the new owner of a private residence containing a previously installed platform lift, stairway chair lift, or residential lift, the department shall inspect the lift or equipment for compliance with this subchapter and any applicable rules pro-

mulgated under this subchapter. This inspection by the department does not exempt the owner from the requirement to ensure that the department receives an inspection report from a licensed elevator inspector. Upon performing this inspection, the department shall give the owner notice of relevant conveyance safety requirements and shall instruct the owner as to the procedure for obtaining periodic inspections and renewing the permit under which the lift or equipment is operated.

(d) *Term and posting requirements.* A permit issued under this subsection has a term of one year, except that a permit applicable to a platform lift, stairway chair lift, or residential lift in a private residence is valid until ownership of the private residence is transferred, at which time the new owner shall apply for renewal of the permit under par.
