

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-2307/P3dn
MJL:wlj:rs

August 10, 2005

Please note that there were a number of instances where the word "supplier" was inadvertently omitted and some instances where it appeared to be omitted intentionally. If the intent is to subject suppliers, to the same requirements as contractors, then the bill should be redrafted to incorporate the definition of supplier in the definition of contractor.
